Aetna Better HealthSM Premier Plan MMAI

Our new look!

Aetna Better Health Premier Plan MMAI: Slightly different name with the same quality care.

As of 11/1/20, our health plan's name changed to Aetna Better Health Premier Plan MMAI. There is no change to your covered services, Care Managers or physicians. The telephone number to reach us remains the same at **1-866-600-2139 (TTY: 711)**. Our website address is also the same: **[AetnaBetterHealth.com/Illinois](https://www.aetna.com/betterhealth/illinois)**

Telemonitoring Program: Your care at home.

Our Telemonitoring Program is a program that gives members the tools they need to monitor and manage their chronic conditions in the comfort of their own home. This can increase your independence in managing your conditions and provides the opportunity

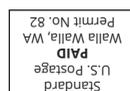

for early intervention, should problems arise.

Telemonitoring is also used to manage chronic health conditions. That means health issues that recur or last a long time, including heart failure, diabetes, chronic obstructive pulmonary disease (COPD), asthma, high blood pressure and kidney disease. Changes

Telemonitoring Program: Your care at home.

Continued from front page

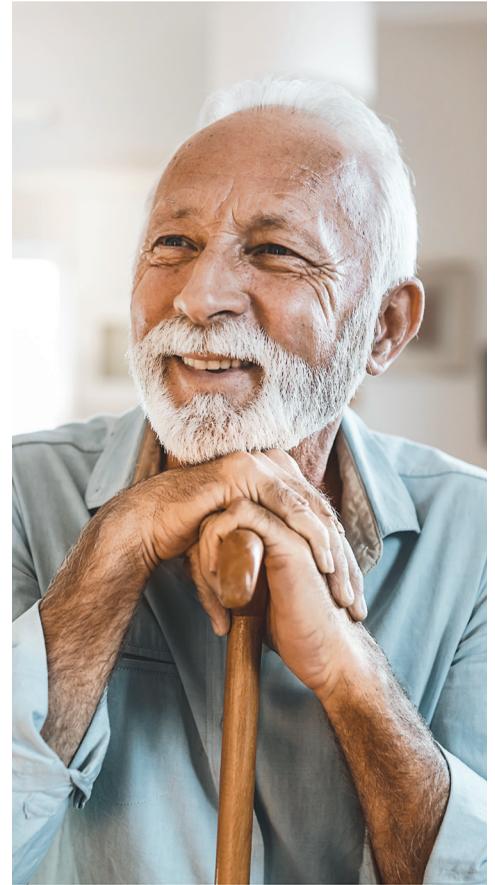

in weight, blood sugar levels, oxygen levels and lung function are monitored remotely (from your home) to alert our dedicated care management team and doctors if there are changes in your health. This type of early detection means that issues are identified early, and it can reduce the need to go to the emergency room. This can help members take control of their medical conditions at home.

If you are a member and are interested in joining the Telemonitoring Program, please let your assigned Care Manager know, or call Member Services at **1-866-600-2139 (TTY: 711)** to get connected to a Care Manager representative.

Important information about your diabetic blood glucose products.

Effective 1/1/2021, Aetna Better Health Premier Plan MMAI will only cover the OneTouch brand of diabetic blood glucose products. If you are not using a OneTouch product to test your blood sugar, please speak with your doctor or pharmacy to ask that they change your diabetic testing supplies to OneTouch products.

If you have questions, please contact your Care Manager or Member Services at **1-866-600-2139 (TTY: 711)**.

How national coverage decisions affect your plan.

The Centers for Medicare & Medicaid Services (CMS) sometimes change coverage rules for a benefit or service. When this happens, CMS issues a National Coverage Determination (NCD).

NCDs tell us:

- What's covered
- What's changing
- What Medicare pays

We post NCDs on our website at least 30 days

prior to the effective date. To view them, visit **AetnaBetterHealth.com/Illinois**. Then go to: For Members > Aetna Better Health Premier Plan (Medicare-Medicaid Plan) > Member Benefits. You can also visit **CMS.gov** for more information. Once on the website, click on "Medicare," then type "National Coverage Determination" in the search box. You can also contact your Care Manager or Member Services at **1-866-600-2139 (TTY/TDD: 711)**.

The Medicare Health Outcomes Survey.

The Centers for Medicaid & Medicare Services (CMS) requires all Medicare Managed Care Organizations to participate and conduct the Medicare Health Outcomes Survey (HOS).

What is the Medicare Health Outcomes Survey?

The Medicare Health Outcomes Survey is a short survey that measures Aetna Better Health Premier Plan MMAI's success in improving and maintaining the health of our members over a two-year period. The survey includes questions that address your physical health, mental

health, physical activity, bladder control and risk of falling.

How is the HOS survey given?

The initial HOS survey is distributed to a randomly selected group of Health Plan members by mail and by telephone, for members who have not responded by mail between April and July. Two years later, the same group of members who responded to the initial survey are surveyed again as a follow-up health measurement.

Why is the HOS survey important to complete?

The HOS survey results are used to help us make improvements to the health plan's services and programs, and to ensure the health plan meets your healthcare needs.

If you have questions about the survey, feel free to contact our Member Services Department or your Care Manager toll-free at **1-866-600-2139 (TTY/TDD: 711)**. Thank you in advance for taking time to complete the HOS survey. As always, we look forward to providing you quality care here at Aetna Better Health Premier Plan MMAI.

Get ready for the CAHPS survey.

At Aetna Better Health Premier Plan MMAI, member satisfaction is our top priority. Soon you may be receiving a CAHPS survey. CAHPS stands for Consumer Assessment of Healthcare Providers and Systems. The goal of the survey is for you to help us identify strengths and areas we can improve. It tells us how we are doing, as well as how your doctors are doing. The results of the survey help us make improvements to our health plan to better serve you.

The survey looks at the many ways you are involved with the healthcare system. Some of those are:

- Did your doctors and nurses organize your care activities and share that information with others involved in your care?
- Did you have good communication with healthcare providers?
- Were you able to schedule appointments in a timely fashion?
- Did your healthcare provider have easy access to your health information?

The survey lets you rate the care you have received in the six months prior to the survey. It also gives you the chance to tell us how we are doing. We want to hear about your

dealings with Aetna Better Health Premiere Plan MMAI by rating our customer service, healthcare services and prescription (drug) plan.

Your answers to the survey help Aetna Better Health MMAI make sure that:

- You get the care you need in a timely fashion. This includes your annual visits and sick visits. It also includes that you are seen within 15 minutes of your appointment time.
- Your healthcare provider explains your health problems,

tests and procedures so you understand your medical care.

- Your healthcare providers have all of your medical information. This information includes your current medications, test results and visits with specialists.
- You get reminders about your prescriptions from your doctor or your pharmacy and get your prescriptions when you need them.
- You get information about the benefits of the flu vaccine and who can receive the vaccine.

If you have questions or require additional assistance in completing the survey, please call Member Services or your Care Manager at **1-866-600-2139**.

The flu shot may be more important than ever this year.

This year many of us have been thinking a lot about protecting ourselves from COVID-19, but it's important for us to remember about the flu. According to the Centers for Disease Control and Prevention (CDC), both viruses could be spreading at the same time during flu season. Both are spread by respiratory droplets. This means they spread when you exhale. Both conditions can cause similar symptoms, and it's even more important to get a flu vaccine this year.

Like COVID-19, the flu is a contagious viral illness and is often spread by coughing; sneezing; or touching contaminated areas and then touching the eyes, nose or mouth. You can protect yourself and your family by making your flu shot a priority, especially this year.

Who needs the vaccine? The CDC recommends the flu vaccine for most people over 6 months of age. It is especially important for adults over 65 and those with other health conditions like diabetes or heart problems. The flu vaccine should be repeated each year.

When should we get it? It's best to get the flu vaccine by the end of October. If you can't get it by then, you can still benefit from getting the flu vaccine throughout the flu season.

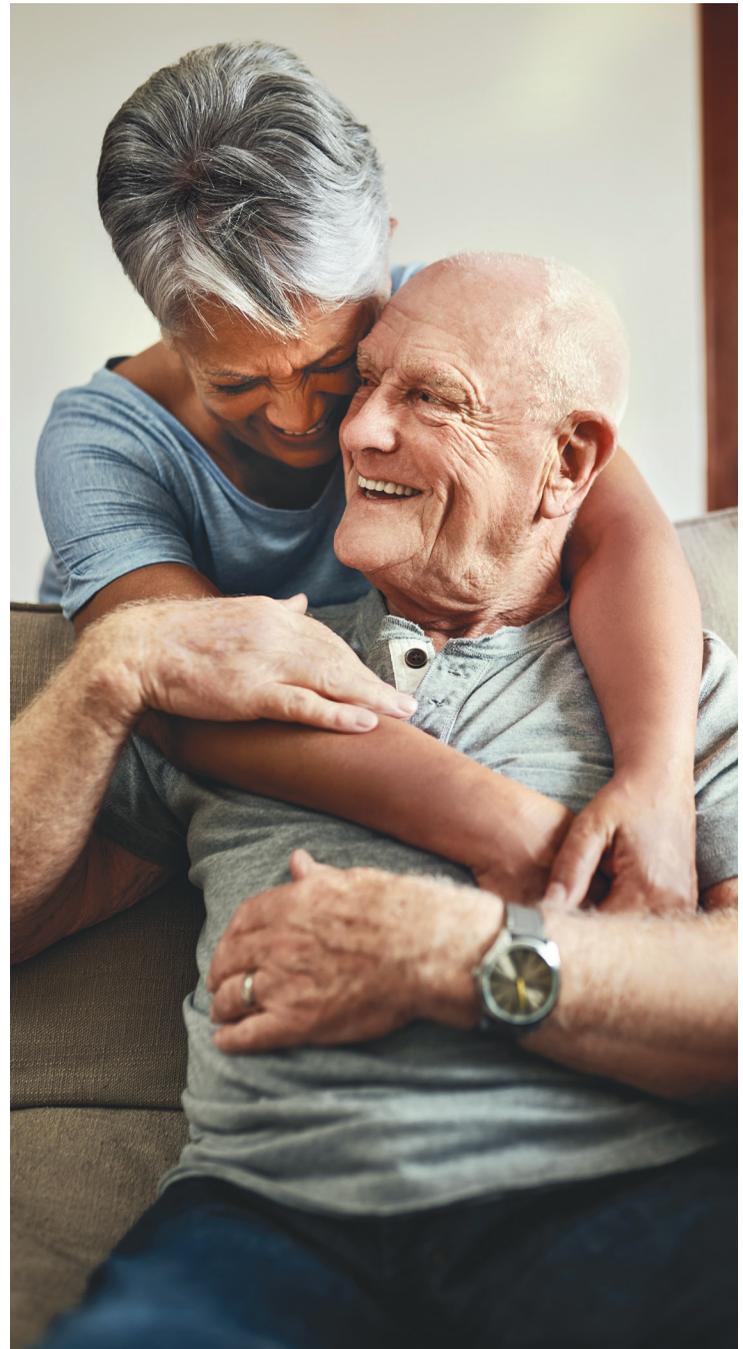

Why get the flu vaccine? The flu vaccine can reduce your chance of getting the flu and related complications, such as pneumonia or requiring care at a hospital.

Where can I get the flu shot? Aetna Better Health Premier Plan MMAI members can receive the flu shot at their doctor's office or at participating pharmacies in our network. Talk with your doctor or call Member Services to find out more about where to go.

What else can I do to protect myself from getting the flu?

- Avoid touching your face, especially your eyes, nose and mouth.
- Avoid contact with people who are sick.
- Cover your mouth when coughing or sneezing.
- Wash your hands often.

This newsletter contains general health information that should not replace the advice or care you get from your provider. Always ask your provider about your own healthcare needs. Articles in our newsletter are for many different people. We write articles about different kinds of medical problems that people are interested in learning about. These articles may not be about medical problems that you have. Aetna Better HealthSM Premier Plan MMAI is a health plan that contracts with both Medicare and Illinois Medicaid to provide benefits of both programs to enrollees. The benefit information provided is a brief summary, not a complete description of benefits. Limitations and restrictions may apply. For more information, call Aetna Better HealthSM Premier Plan MMAI Member Services at **1-866-600-2139** or read the Aetna Better HealthSM Premier Plan MMAI Member Handbook. Benefits, List of Covered Drugs, pharmacy and provider networks may change from time to time throughout the year and on Jan. 1 of each year.

ATTENTION: If you speak Spanish, language assistance services, free of charge, are available to you. Call **1-866-600-2139 (TTY: 711)**, 24 hours a day, 7 days a week. The call is free.

ATENCIÓN: Si habla español, tiene a su disposición servicios de idiomas gratuitos. Llame al **1-866-600-2139 (TTY: 711)**, las 24 horas del día, los 7 días de la semana. Esta llamada es gratuita.
