Providers

Getting started in Aetna Better Health Premier Plan

This section explains key terms you’ll see in our Provider and Pharmacy Directory.

- **Providers** are doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports, services, supplies, prescription drugs, equipment and other services.
 - The term *providers* also includes hospitals, clinics, and other places that provide medical services, medical equipment, and long term services and supports.
 - Providers that are a part of our plan’s network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a physician or doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

If you have questions, please call Aetna Better Health Premier Plan’s Member Services Department at **1-866-600-2139**, TTY/TDD IL Relay 7-1-1, 24 hours a day, 7 days a week. The call is free. For more information, visit our website **www.aetnabetterhealth.com/illinois**.

Provider Directory 2014

- **Oncologists** care for patients with cancer
- **Cardiologists** care for patients with heart conditions
- **Orthopedists** care for patients with certain bone, joint, or muscle conditions

You can see a specialist in the Aetna Better Health Premier Plan network without a referral. Your PCP may also recommend a specialist for your particular condition.

- Referrals are not needed for:
 - Emergency care
 - Urgently needed care
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; or
 - To see a women’s health specialist
 - Immunizations (shots)
- More information on referrals is available in Chapter 3 of the Member Handbook.
- You also have access to a Care Team and a **Case Manager** that you help choose.
 - A **Case Manager**, working closely with you, will lead your Care Team and develop a Care Plan that helps you manage your medical, behavioral health, long term supports and services, and social and functional needs.
 - Your **Care Team**, led by your case manager, may include doctors, nurses, counselors, family, care givers or other professionals who are there to help you build a care plan and ensure you get the care you need. Everyone on the Care Team, led by the case manager, works together to make sure your care is coordinated. This means that they make sure your providers are aware of care you receive, medicines you take, and that tests and labs are done once and the results are shared with the appropriate providers. Your Care Team will also assess your needs to determine if you need help in other areas besides health, such as physical or social needs. Your Care Team will be in contact with you as often as needed depending on the Care Plan that you help develop.

- A **Care Plan** will be developed with your help by the case manager and Care Team. The Care Plan will list all of your needs, set goals to address those needs, and determine ways to monitor if those needs are being met or if they need to be changed. It will also include a service plan if you are receiving Home and Community Based Services.

Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. If you have a specialist that you want to be your PCP, the specialist must call Aetna Better Health Premier Plan. Call Member Services at **1-866-600-2139**, TTY/TDD IL Relay 7-1-1, 24 hours a day, 7 days.

To choose a PCP, go to the list of providers, on page 9 and:

- Choose a provider that you use now, or
- Choose a provider who has been recommended by someone you trust, or
- Choose a provider whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at **1-866-600-2139**, TTY/TDD IL Relay 7-1-1, 24 hours a day, 7 days a week. The call is free. Or, visit **www.aetnabetterhealth.com/illinois**.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services to ask *before* you get the service or care.

Getting long-term services and supports

You may be able to get long-term services and supports (LTSS). A Nursing Facility (NF) may sometimes go by a different name such as Nursing Home, Long Term Care Facility, or Skilled Nursing Facility. A Nursing Facility is a licensed facility that provides skilled nursing or intermediate long-term care services.

These facilities have a variety of services which help meet both the medical and non-medical needs of enrollees with a chronic illness or disability who cannot care for themselves for

long periods of time on their own. They provide custodial and non-skilled care, such as assisting with normal daily tasks like dressing, bathing, and using the bathroom, as well as meals, laundry, and other housekeeping needs.

A Skilled Nursing Facility provides skilled nursing services to an enrollee in their home for short-term acute healing needs, with the goal of restoring and maintaining an enrollee's maximal level of function and health. These services are provided instead of a hospitalization or a nursing facility stay. A doctor's order is required for this service.

Below are the different Home and Community Based Services Waiver programs that are available, your case manager will be able to tell you if you may qualify:

- The Elderly Waiver
- Persons with Disabilities Waiver
- Persons with Brain Injury Waiver
- Persons with HIV or AIDS Waiver
- Supportive Living Facilities Waiver

As an Aetna Better Health Premier Plan member, long-term services and supports are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

When you receive Long Term Services and Supports (LTSS) you are assigned a case manager. You will receive case management services for as long as you stay in the LTSS program. Your case manager will work with you, your guardian or representative and your doctor to help decide which services will best meet your needs.

The LTSS case manager will visit you in your home setting and help to assess your needs. Your family and anyone else that you want to be involved are always encouraged to help with the assessment.

At your first visit, your case manager gave you a welcome letter and business card with the case manager's name and phone number. If you cannot find these items, please call **1-866-600-2139**, TTY/TDD IL Relay 7-1-1, 24 hours a day, 7 days a week and ask to speak to your case manager or ask for

your case manager's work phone number so you can call them directly.

Identifying Providers in Aetna Better Health Premier Plan's Network

You must get all of your covered services from providers within our network. If you go to providers who are not in Aetna Better Health Premier Plan's network (without prior authorization or approval from us), you will have to pay the bill.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Aetna Better Health Premier Plan gives you permission first, such as for family planning services.

- You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider.
- Aetna Better Health Premier Plan works with all the providers in our network to accommodate the needs of people with disabilities. The list of network providers below includes information about the accommodations they provide. If you need to see a provider and are not sure if they offer the accommodations you need, Aetna Better Health Premier Plan can help you. Talk to your case manager for assistance.
