- This Directory lists health care professionals (such as doctors, nurse practitioners, and psychologists), facilities (such as hospitals or clinics), and support providers (such as Adult Day Health and Home Health providers) that you may see as an Aetna Better health of Ohio member. We also list the pharmacies that you may use to get your prescription drugs.
- We will refer to this group as “network providers” in this Directory. These providers signed a contract with us to provide you services. This is a list of Aetna Better Health of Ohio's network providers for the Central, Northwest and Southwest Regions and includes following counties:

| Central Region (Columbus area) | Northwest Region (Toledo area) | Southwest Region (Cincinnati area) |
|-----------------------------------|-----------------------------------|---------------------------------------|
| Delaware County | Fulton County | Butler County |
| Franklin County | Lucas County | Clermont County |
| Madison County | Ottawa County | Clinton County |
| Pickaway County | Wood County | Hamilton County |
| Union County | | Warren County |

The list is up-to-date as of September 19, 2014, but you need to know that:

- Some Aetna Better Health of Ohio network providers may have been added or removed from our network after this Directory was published.
- Some Aetna Better Health of Ohio providers in our network may not be accepting new members. If you are having trouble finding a provider who will accept new members, call Member Services at **1-855-364-0974** (TTY: 7 1 1) and we will help you.

Providers

Getting started in Aetna Better Health of Ohio

This section explains key terms you'll see in our Provider and Pharmacy Directory.

- **Providers** are doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports, supplies, prescription drugs, equipment and other services.
 - The term providers also includes hospitals, clinics, and other places that provide medical services, medical equipment, and long term services and supports.
 - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- **A Primary Care Provider (PCP)** is a physician or doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - **Oncologists** care for patients with cancer.
 - **Cardiologists** care for patients with heart conditions.
 - **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **care manager** and a **care team** that you choose. Your PCP will work closely with your care manager and care team.
 - Your care manager helps you manage all your providers and services. He or she works with your care team to make sure you get the care you need.
 - Your care team includes you, your family, caregivers, care manager, PCP, specialists, and any other health or service providers who you actively work with and anyone

else you want included. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider, or PCP. If you do not choose a PCP, we will assign one to you. You may be able to have a specialist act as your PCP. The specialist will have to first agree to be your PCP. If you want a specialist to be your PCP talk to your care manager or call Member Services at **1-855-364-0974** (TTY: 7 1 1).

To choose a PCP, go to the list of providers on pags 9-199.

- Choose a provider that you use now, or
- Choose a provider who has been recommended by someone you trust, or
- Choose a provider whose offices are easy for you to get to.
 - ➔ If you want help in choosing a PCP, please call Member Services at **1-855-364-0974**, 24 hours a day, 7 days a week. The call is free. TTY: 7 1 1. Or, visit **www.aetnabetterhealth.com/ohio**.
 - ➔ If you have questions about whether any service or care that you want or need is covered, talk to your care manager or call Member Services to ask before you get the service or care.

Getting long-term services and supports

You may be able to get long-term services and supports (LTSS) which are also called Medicaid “waiver services”, such as home health care, adult day care services and specialized medical equipment as a Aetna Better Health of Ohio member. Long-term services and supports give assistance to help you stay at home instead of going to a nursing home or hospital. If you have questions about LTSS or to see if you qualify, call your care manager.

Identifying Providers in Aetna Better Health of Ohio's Network

You must get all of your covered services from providers within our network. These providers have an agreement to work with us and provide you services. We call these providers “network providers.”

The exceptions to this rule are when you need long-term nursing home care, urgent or emergency care, or dialysis and cannot get to a provider in the plan, such as when you are away from home. Also, for a specific period of time after your enrollment with Aetna Better Health of Ohio, you can see your out-of-network physicians and other service providers, including nursing homes and assisted living providers, home health nurses, aides and LTSS or “waiver services” providers. You can also go outside the plan if Aetna Better Health of Ohio gives you permission first. Call Member Services to request the use of providers outside of our network, so we can make arrangements for you.

- ➔ You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider.
- ➔ Aetna Better Health of Ohio works with all the providers in our network to accommodate the needs of people with disabilities. The list of network providers below includes information about the accommodations they provide. If you need to see a provider and are not sure if they offer the accommodations you need, Aetna Better Health of Ohio can help you. Talk to your care manager for assistance.

Finding Aetna Better Health of Ohio providers in your area

This directory is arranged by provider type, region, county and city. The regions listed are:

- Central (Columbus area)
- Northwest (Toledo area)
- Southwest (Cincinnati area)
- Out of Region (Neighboring counties and states)

The counties in each region are listed in the table on page 5. The Out of Region section list providers that are not located in one of our regions but are in our network and may be close to you. They are located in counties or states that are near our regions. For example, members in the Northwest region may choose to see a provider in our network who is located in Michigan. You may go to these provider listed in the Out of Region section since they are part of our network.

To find a provider, first look for the provider type. Then look for your region, county and the city you live in (or one near you) and find a provider near you. You can also check the Out of Region section to see if there is a provider in another county that is close to you.

Aetna Better Health of Ohio may add or remove plan providers from our provider/pharmacy directory. You can also get current information about Aetna Better Health of Ohio providers in your area on our website www.aetnabetterhealth.com/ohio or by calling Member Services at **1-855-364-0974** (TTY: 7 1 1), 24 hours a day, 7 days a week.

You may receive services from any of the providers on this list.

If you have questions, please call Aetna Better Health of Ohio at **1-855-364-0974**, TTY: 711, 24 hours a day, 7 days a week. The call is free. For more information, visit www.aetnabetterhealth.com/ohio.
