Anti-Discrimination Policy and Americans with Disabilities Act (ADA)

It is our policy not to discriminate against members based on:

- Race
- National Origin
- Creed
- Color
- Age
- Gender/Gender Identity
- Sexual Preference
- Religion
- Health Status
 - Physical/Mental Disability
- Other Basis Prohibited by Law

Please see that your staff is aware of these requirements and the importance of treating members with respect and dignity. If we are made aware of an issue with a member not receiving the rights as identified above, we will initiate an investigation into the matter and report the findings to the Quality Management Committee and further action may be necessary.

The **ADA** gives civil rights protections to individuals with disabilities like those provided to individuals based on:

- Race
- National Origin
- Creed
- Sexual Preference
- Religion
- Age
- Physical/Mental Disability
- Color
- Gender/Gender Identity

The ADA guarantees equal opportunity for individuals with disabilities in public accommodations, employment, transportation, State and local government services, and telecommunications.

Cultural Competency and Health Equity

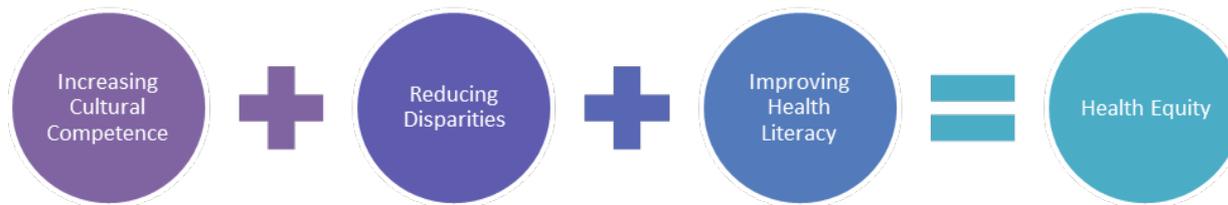

Cultural Competency:

The ability to understand, appreciate and interact with people from cultures or belief systems different from one's own

Health Equity:

All people have opportunity to be as healthy as possible and no one is limited in achieving good health because of their social position or any other social determinant of health.

Our goal of health equity is achieved through the delivery of culturally sensitive services, communications, and programs through a focus on three pillars, increasing cultural competence, reducing disparities and improving health literacy:

Members are to receive covered services without concern about race, ethnicity, national origin, religion, gender, age, mental or physical disability, sexual orientation, genetic information or medical history, ability to pay or ability to speak English.

Availity (Provider Secure Web Portal)

We are thrilled to announce that Aetna Better Health of California will be transitioning from our current provider portal to Availity. We are excited about the increase in online interactions available to support you as you provide services to our members. Our communications will be transitioning from fax blast to via email in the near future. Keeping our providers informed is our priority.

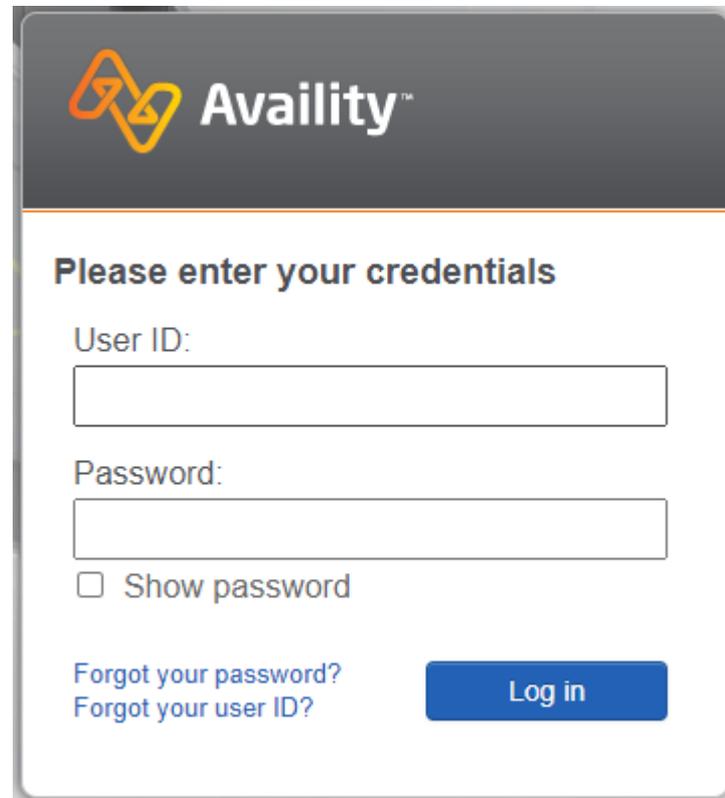

Some highlights of increased functionality include:

- EFT registration
- Claims look up
- Online claim submission
- Prior authorization submission and look up
- Grievance and Appeals submission

And best of all, we will continue to build upon this platform by rolling out enhanced functions in 2022 such as:

- Panel searches
- A new robust prior authorization tool
- Review of Grievance and Appeals cases
- Eligibility and member look up

Be on the lookout over the next few months for co-branded emails directly from Availity as new products roll out and training plans are developed.

Quality Management Program

Overview

- QM Program is a continuous quality improvement process that includes comprehensive quality assessment and performance improvement activities. The process enables us to:
- Assess current practices in both clinical and non-clinical areas
- Identify opportunities for improvement
- Select the most effective interventions
- Evaluate and measure on an ongoing basis the success of implemented interventions, refining the interventions as necessary

Medical Records Standards

- ABHCA's standards for medical records have been adopted from the National Committee for Quality Assurance (NCQA) and Medicaid Managed Care Quality Assurance Reform Initiative (QARI).
- All providers must adhere to national medical record documentation standards. For a complete list of minimum acceptable standards, please review the [ABHCA Provider Manual](#)

Quality Management - HEDIS

Healthcare Effectiveness Data and Information Set (HEDIS)

- Two ways data is collected for HEDIS measures.
 - Administrative- measures use claims/encounters for hospitalizations, medical office visits and procedures or pharmacy data only.
 - Hybrid- measures use data obtained directly from the member's medical record in addition to administrative data.

What is Our Ultimate Goal

- For providers to submit claims/encounters with coding that administratively captures all required HEDIS data via claims. This decreases or removes the need for medical record (hybrid) review.

Please see HEDIS Tips for PCPs located on our website at aetnabetterhealth.com/California/providers

Concurrent Review Process

Overview

Aetna Better Health of California conducts concurrent utilization review on each member admitted to an inpatient facility, including skilled nursing facilities (SNF) and freestanding specialty hospitals.

What does that mean?

- Admission certification
- Continued stay review
 - Conducted before the expiration of the assigned length of stay
 - Providers will be notified of approval or denial of stay
- Review of the member's medical record to assess medical necessity for the admission, and appropriateness of the level of care, using the MCG Guidelines
- The nurses work with the medical directors in reviewing medical record documentation for hospitalized members

Initial Health Assessments

Purpose

Aetna Better Health mandates Initial Health Assessment (IHA), including administration of the Staying Healthy Assessment (SHA)/ Individual Health Education Behavioral Assessment (IHEBA), and their use for identifying members whose health needs require care management interventions and coordination with appropriate community resources and other agencies.

Initial Health Assessment Requirements (IHA)

- Conducted on all newly enrolled Aetna Better Health members within one hundred twenty (120) calendar days
- Must include the Staying Healthy Assessment (SHA)/Individual Health Education Behavioral Assessment (IHEBA) administered at appropriate age levels
- At least three (3) documented attempts to contact a member and must include one telephone call and one mail notification
- Attempts to perform the IHA at subsequent office visit(s) until all components of the IHA are **completed & documented** in the member's medical record-Member refusals are documented in the member's medical record
- Member's completed IHA and SHA/IHEBA is contained in the member's medical record for subsequent visits

Initial Health Assessments - Continued

Who?

- All contracted PCPs, perinatal care providers, IPA Providers and non-physician mid-level practitioners

What?

- All Providers must evaluate the responses and coordinate referrals, schedule follow-ups to complete the assessment, follow up on member's missed appointments and identify opportunities for further evaluation and care planning

Then?

- The PCP must review previously completed SHA/IHEBA assessments with the member every year, except years when the assessment is re-administered.
 - Contracted PCP's are responsible for generating reports that include, but not limited to:
 - Number of IHAs that have been completed
 - Number of individual health education and behavioral assessments that have been completed
 - Number of attempts made to members for incomplete assessments

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT)

What is EPSDT?

- It is a federally defined health program for children under age 21 who are enrolled in Medicaid.
- The EPSDT benefit is more robust than the Medi-Cal benefit for adults and is designed to assure that children receive early detection and care, so that health problems are averted or diagnosed and treated as early as possible.
- The goal of EPSDT is to assure that individual children get the health care they need when they need it – the right care to the right child at the right time in the right setting.

Provider Responsibilities:

- ✓ Complete the required screenings according to the current American Academy of Pediatrics “Bright Futures” periodicity schedule and guidelines
- ✓ Fully document all elements of EPSDT assessments, including anticipatory guidance and follow-up activities
- ✓ Report EPSDT visits by submitting the applicable CPT codes on claim submission

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) - continued

EPSDT Services

Screening services must include, at a minimum,

- comprehensive health and developmental history (including assessment of both physical and mental health development);
- comprehensive unclothed physical exam;
- appropriate immunizations;
- laboratory tests (including blood lead level assessment appropriate for age and risk factors);
- health education (including anticipatory guidance).

Vision services - diagnosis and treatment for defects in vision, including eyeglasses

Dental services - dental screening/oral health assessment must be performed as part of every periodic assessment; referred for treatment for relief of pain and infections, restoration of teeth, and maintenance of dental health.

Hearing services - diagnosis and treatment for defects in hearing, including hearing aids.

Other necessary health care, diagnostic services, treatment to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services

Behavioral Health

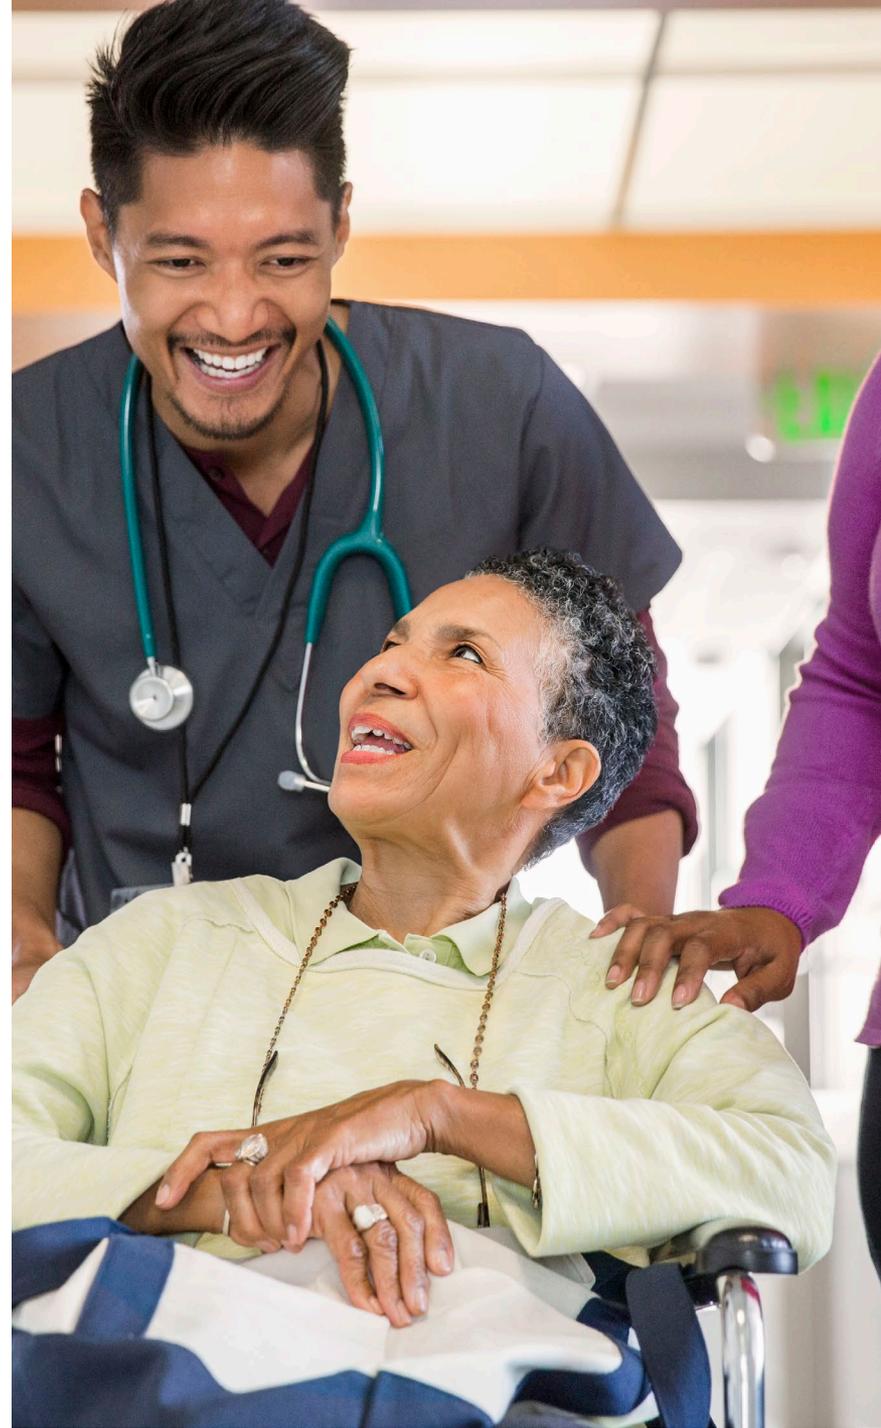

Basic Behavior Health Services

- Services provided for the assessment and treatment of problems related to mental health and substance use disorders.
 - Substance use disorders include abuse of alcohol and other drugs.
- Members can receive inpatient behavioral health services under the Medicaid Fee-for-Service (FFS) program

Primary Care Provider Referral

ABHCA promotes early intervention and health screening for identification of behavioral health problems and patient education. To that end, ABHCA providers are expected to:

- Screen, evaluate, treat and refer (as medically appropriate), any behavioral health problem/disorder.
- Treat mental health and substance use disorders within the scope of their practice.
- Inform members how and where to obtain behavioral health services.

Behavioral Health - continued

Multiple Access Points for Behavioral Health Services

- Mild to Moderate Impairment
- Moderate to Severe Impairment
- Substance Use Disorder

Responsibility of Aetna Better Health of California, includes Mild to Moderate Impairment:

- PCP
- OP
- Counseling
- Psychiatric Evaluation & Medication Management
- Psychiatric Testing
- ABA Services
- Intensive Outpatient Program (IOP) (provider offices only)

Discharge Notification

Must notify ABHCA of all discharge medications PRIOR to member's planned discharge from inpatient (IP) stay:

1) IP Mental Health

2) IP Detox

3) Residential

Behavioral Health Resources

Screening, Brief Interventions, & Referral to Treatment (SBIRT)

Screening: assess patient for risky substance use behaviors using standardized screening tools

Brief Intervention: healthcare professional engages patient in a short conversation, providing feed back and advice

Referral to Treatment: healthcare professional provides referral to brief therapy or additional treatment for patients who screening demonstrates the need for additional services

California Children Services (CCS)

California Children's Services (CCS) is a state program for children with certain diseases or health problems. Through this program, children up to 21 years old can get the health care and services they need. The CCS program provides diagnostic and treatment services, medical case management, and physical and occupational therapy services to children under age 21 with CCS-eligible medical conditions. Examples of CCS-eligible conditions include, but are not limited to, chronic medical conditions such as cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries, and infectious diseases producing major sequelae. CCS also provides medical therapy services that are delivered at public schools.

The CCS program is administered as a partnership between county health departments and the California Department of Health Care Services (DHCS). Currently, approximately 70 percent of CCS-eligible children are also Medi-Cal eligible. The Medi-Cal program reimburses their care. The cost of care for the other 30 percent of children is split equally between CCS Only and CCS Healthy Families. The cost of care for CCS Only is funded equally between the State and counties. The cost of care for CCS Healthy Families is funded 65 percent federal Title XXI, 17.5 percent State, and 17.5 percent county funds.

Access to Care Guidelines

Appointment Availability Standards

Providers are required to schedule appointments for eligible members in accordance with the minimum appointment availability standards and based on the acuity and severity of the presenting condition, in conjunction with the member's past and current medical history. Provider Relations will routinely monitor compliance and seek Corrective Action Plans (CAP), such as panel or referral restrictions, from providers that do not meet accessibility standards. Providers are contractually required to meet the California Department of Health Care Services (DHCS) and the National Committee for Quality Assurance (NCQA) standards for timely access to care and services, considering the urgency of and the need for the services.

The tables below has appointment wait time standards for Primary Care Providers (PCPs), Obstetrics and Gynecologists (OB/GYNs), and high-volume Participating Specialist Providers (PSPs).

**Please note that follow-up to ED visits must be in accordance with ED attending provider discharge instructions.*

Please note: Pursuant to Health & Safety Code § 1367.27(j)(2), if a provider who is not accepting new patients is contacted by a member or potential member seeking to become a new patient, the provider shall direct the member or potential member to both Aetna Better Health of California for additional assistance in finding a provider and to the DMHC to report any inaccuracy with the plan's directory or directories.

Telephone Accessibility Standards

Providers must return calls within 30 minutes. We will routinely measure the PCP's compliance with these standards as follows:

- Our medical and provider management teams will continually evaluate emergency room data to determine if there is a pattern where a PCP fails to comply with after-hours access or if a member may need care management intervention.
- Our compliance and provider management teams will evaluate member, caregiver, and provider grievances regarding after hour access to care to determine if a PCP is failing to comply on a monthly basis.

Providers must comply with telephone protocols for all the following situations:

- Answering the member telephone inquiries on a timely basis
- Prioritizing appointments
- Scheduling a series of appointments and follow-up appointments as needed by a member
- Identifying and rescheduling broken and no-show appointments
- Identifying special member needs while scheduling an appointment
- Triage for medical and dental conditions and special behavioral needs for noncompliant individuals who are mentally deficient

Grievance & Appeals

Member Grievance System Overview

- Members or their designated representative can file a request for reconsideration or express dissatisfaction with Aetna Better Health of California orally or in writing.
 - A representative is someone who acts on the member's behalf, including but not limited to a family member, friend, guardian, provider, or an attorney.
 - Representatives must be designated in writing.
- Requests for *reconsideration* are classified as an *appeal*.
- All other *expressions of dissatisfaction* are classified as a *grievance*.
 - When the grievance is received by phone and can be resolved by the next business day and it is not related to reconsideration or an appeal it is classified as an exempt grievance.
- ABHCA informs members and providers of the grievance system processes for exempt grievances, grievances, appeals, IMRs and Medi-Cal State Fair Hearings.

Provider Dispute

[Provider Dispute Resolution Form](#)

- Network providers may file a payment dispute verbally or in writing direct to ABHCA to resolve billing, payment and other administrative disputes for any reason including but not limited to: lost or incomplete claim forms or electronic submissions; requests for additional explanation as to services or treatment rendered by a health care provider; inappropriate or unapproved referrals initiated by the provider; or any other reason for billing disputes. Provider Payment Disputes do not include disputes related to medical necessity.

Provider Grievance

- Both network and out-of-network providers may file a formal grievance in writing directly with ABHCA in regard to our policies, procedures or any aspect of our administrative functions including dissatisfaction with the resolution of a payment dispute or provider complaint that is not requesting review of an action within one hundred eighty (180) calendar days from when they became aware of the issue.

Provider Appeal

- A provider may file a formal appeal in writing, a formal request to reconsider a decision (e.g., utilization review recommendation, administrative action), with ABHCA within one hundred eighty (180) calendar days from the Aetna Better Health of California Notice of Action. The expiration date to file an appeal is included in the Notice of Action.

Fraud, Waste, and Abuse

Fraud

An intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to him/herself or some other person. It includes any act that constitutes fraud under applicable federal or State law.

Waste

Over-utilization of services (not caused by criminally negligent actions) and the misuse of resources.

Abuse

Means provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in an unnecessary cost to the Medicaid program, or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes beneficiary practices that result in unnecessary cost to the Medicaid program.

Providers can report suspected fraud, waste, or abuse in the following ways:

- By phone to the confidential Aetna Better Health of California Compliance Hotline at 1-855-321-3727
- By phone to our confidential Special Investigation Unit (SIU) at 1-800-338-6361
