Homemaker Hourly Rate System Upgrade

IlliniCare Health has confirmed that homemaker hourly rate for procedure code S5130 is paying \$18.28 and not \$18.29 due to rounding limitations. IlliniCare Health is in the process of upgrading the system logic to handle the additional decimal and penny due per hour, since \$18.29 is not divisible by 4.

We expect the system upgrades to be deployed within 60 days. A claims project will follow, with additional payment going back to August 1, 2017. *Please do not resubmit historical claims.*

If you have additional questions, please call Provider Services at 866-329-4701.
