Enhancement to the EviCore Prior Authorization Process

Effective March 1, 2026, EviCore, our vendor servicing prior authorizations for Radiology, Cardiology and Pain Management, is moving from their current Isaac platform to their new Image ONE platform. Aetna Better Health of Kentucky members that require prior authorizations will be required to submit requests via the CareCore National portal.

Services performed without authorization may be denied for payment, and you may not seek reimbursement from members.

Under the enhanced process, you will be directed to submit requests electronically via the CareCore National portal at www.EviCore.com (preferred method), telephonically by contacting the EviCore prior authorization unit (866-668-8295), or via fax (800-540-2406). Please note: This is only a change in the portal used to process the prior authorization request. The clinical review process will not change.

Orientation Sessions Available

To help familiarize you with these changes, EviCore invites you to attend their online orientation. All online orientation sessions require advanced registration. Each online orientation session is free of charge and will last approximately one hour. Additional training dates are to be determined. All sessions are scheduled in Eastern Standard Time (EST).
