This is a formal notification that applies to all Medicaid product effective contracted providers.

In an effort to provide consistency among processes within the industry, Aetna Better Health of KY, is amending all agreements affective **August 1, 2024**.

We're amending all existing Agreements to include the provision below, so that our Agreement will now state:

Company shall perform fee schedule and/or rate updates without requiring notification from Provider. Company shall make Commonwealth of Kentucky directed rate changes effective within ninety (90) days from Company's earliest receipt of notification from either the Commonwealth of Kentucky or Provider. Claims will not be retrospectively adjusted.

Of note, if you are a Critical Access Hospital, inpatient final reimbursement settlements will still be performed in accordance with your Agreement. This amendment does not impact any required inpatient final reimbursement settlements to Critical Access Hospitals.

All providers were previously sent a Notice of Material Change letter, the mailing address on file. This notification serves as a reminder.

No further action needed.

Since our Agreement and Applicable law allows Company to amend with ninety (90) days written notice, you do not have to take any action. The provisions in the attached amendment will automatically become part of your participating provider Agreement with us.

Thank you for your participation with Aetna Better Health of Kentucky. We look forward to continuing our successful working relationship.
