## **Aetna Better Health® of Oklahoma**

### **Important Update on OP-APC Pricing Configuration**

Dear Provider Partner,

We're writing to share an important update about how we price outpatient hospital claims.

#### **What's changing**

After reviewing our current setup, we've decided to **continue using Microdyn pricing** for all outpatient hospital claims that are **not** from Critical Access Hospitals (CAHs).

#### **Why this matters**

We know there have been concerns about payment differences caused by how Microdyn assigns Status Indicator (SI) values especially when compared to past assignments from OHCA. These differences have sometimes led to overpayments or underpayments.

#### **What you need to know**

- **No action is needed from you at this time.**
- We will be sending more information soon to support a smooth continuation of this process.

#### **Questions?**

Contact the Provider Engagement team toll free at: **1-844-365-4385** or by email **[ABHOKProviderEngagement@Aetna.com](mailto:ABHOKProviderEngagement@Aetna.com)**

The recipient of this fax may make a request to opt-out of receiving telemarketing fax transmissions from Aetna. There are numerous ways you may opt-out: The recipient may call toll-free **877-265-2711** and/or fax the opt-out request to **1-888-263-9488**, at any time, 24 hours a day/7 days a week. The recipient may also send an opt-out request via email to **do\_not\_call@aetna.com**. An opt out request is only valid if it (1) identifies the number to which the request relates, and (2) if the person/entity making the request does not, subsequent to the request, provide express invitation or permission to Aetna to send facsimile advertisements to such person/entity at that particular number. Aetna is required by law to honor an opt-out request within thirty days of receipt. An opt out request will not opt you out of purely informational, non-advertisements, such as prior authorization requests and notices.
