Provider Notice: Updated Billing for Primary Diagnosis and ILOS Providers

Important Update to Billing Procedures

Effective immediately, your Enrollee Information File (EIF) includes clinical diagnosis code(s) in addition to the food insecurity diagnosis, Z59.41. This update is designed to ensure all relevant diagnoses are properly documented and submitted. When multiple diagnoses codes are applicable, all diagnoses codes are located in a single diagnosis code(s) field separated by a semicolon.

Claim Submission Guidelines

Please make sure to list all diagnoses on your claim. When applicable, clinical codes should be entered as the primary and secondary diagnoses, while the food insecurity code should be listed last.

Contact for Questions

If you have any questions regarding this updated billing process, please contact your Provider Representative, Rachel Blumberg, at 469-329-2226 or BlumbergR@aetna.com.

Regards,
Provider Engagement
