Identification Card

Identification Card

Your identification (ID) card has the date your health care benefits start. This is the date that you can start getting services as a member of Aetna Better Health of New Jersey.

The ID card lists:

- Your name
- Member ID number
- Co-payment amounts if you have them
- Your primary care provider's name and phone number
- On the back is important information like what you should do in an emergency
- How to reach Aetna's dental benefit manager, LIBERTY Dental plan

You need to show your plan ID card when you go to medical appointments, get prescriptions, or get any other health care services.

Your ID card tells providers that they should not ask you to pay for your covered services unless you are a NJ FamilyCare C or D member. Some NJ FamilyCare C and D members must pay co-payments for certain services.

All members still have a state-issued Health Benefit Identification Card (HBID) card for the services the Plan does not cover. Always carry your HBID card with you in case you need those services.

If you have Medicare coverage, you will also have separate Medicare ID cards. Everyone who has Medicare receives a card from the Centers for Medicare & Medicaid Services (CMS). This card from CMS is often referred to as the red, white and blue card. If you have Original Medicare, you'll use this card for your benefits. If you have Medicare coverage through a health plan, you'll use the ID card from your health plan. Keep your Medicare card in a safe place so you do not lose it. Please remember to take all of your health benefit cards with you to all provider visits and when visiting the pharmacy.

Your ID card is for your use only – do not let anyone else use it.

Look at your card to make sure the name and date of birth are correct.

Call Member Services at 1-855-232-3596 (TTY: 711) if:

- There is any information that is wrong.
- You did not receive the card.
- The card is lost or stolen.

Eligibility and Enrollment

You can be a plan member as long as you are eligible for NJ FamilyCare. Your eligibility is decided by the State of New Jersey. The Division of Medical Assistance and Health Services (DMAHS) must approve your enrollment in our health plan. It may take between 30-45 days after you apply for your membership to start. During the time before you join our health plan, you will get benefits through Medicaid Fee-For-Service or the health plan you are currently enrolled in. Coverage with us will start on the first day of the month after you are approved for NJ FamilyCare eligibility.

To become an Aetna Better Health of New Jersey member, call a New Jersey State Health Benefits coordinator toll-free at **1-800-701-0710**. People with hearing difficulties may call the State's TDD/TTY number toll-free at **TTY: 711**. Your membership must be verified and approved by the Division of Medical Assistance and Health Services (DMAHS).

If you are under a provider's care when you join the Plan, let us know. We will work with you and your provider to make sure you get the continued care you need. Call Member Services at **1-855-232-3596 (TTY: 711)** for help.

Medical records

When the State's Health Benefits Coordinator (HBC) helped you choose Aetna Better Health of New Jersey, you signed a plan Selection Form (PSF).

This allows the release of your medical records with your signature or an authorized person's signature. This form was sent to us. You also told the HBC if you were seeing any providers. Your plan PCP will have to ask your past provider(s) to send your medical records. Having your past medical records helps your PCP give you the care you need. If your PCP does not participate in Aetna Better Health of New Jersey, you may need to change to a different PCP who is in the Plan.

Information about NJ FamilyCare

NJ FamilyCare is a program for adults and children who meet certain State/Federal guidelines. There are multiple plans: A, B, C, D, ABP and MLTSS. The Plan you are eligible for is based on your total family income, household size and level of care you need. If you have questions about NJ FamilyCare or how to enroll, please call the health benefit coordinator at **1-800-701-0710 (TTY: 711)**. You must be enrolled with a Division of Medical Assistance and Health Services (DMAHS) contracted health plan to get services and benefits as a NJ FamilyCare member. DMAHS approves your enrollment in NJ FamilyCare.

Confirmation of enrollment

When you enrolled with the Plan, you received a welcome letter. It contained your ID card along with your effective date of enrollment. It will also show the name and phone number of the primary care provider (PCP) that you will go to for health care.

Changing health plans

Once you have enrolled in the Plan, you have 90 days to decide if you want to stay with us or change health plans. During these first 90 days, you can change health plans for any reason. You will need to call the State's Health Benefits Coordinator (HBC) at **1-800-701-0710 (TTY: 711)** to change health plans. After the 90 days and if you are still eligible for the NJ FamilyCare program,

you will stay enrolled with us until the annual open enrollment period which is October 1 through November 15 each year.

You can only change health plans outside of the open enrollment period if you show good cause. Your good cause will need to be approved by DMAHS.

Good cause reasons for disenrollment and transfer include, unless otherwise defined by DMAHS:

- Failure of Aetna Better Health of New Jersey to provide services including physical access to the enrollee in accordance with the terms of this contract
- Enrollee has filed a grievance/appeal with Aetna Better Health of New Jersey pursuant to the applicable grievance/appeal procedure and has not received a response within the specified time period stated therein, or in a shorter time period required by federal law
- Documented grievance/appeal, by the enrollee against the Contractor's plan without satisfaction
- Enrollee has substantially more convenient access to a primary care physician who participates in another MCO in the same enrollment area
- Poor quality of care
- Enrollee is eligible to participate through DCP&P/DCF
- Enrollee has met NF LOC and is MLTSS eligible
- Other for cause reasons pursuant to 42 CFR 438.56

Reinstatement

If you lose eligibility for 60 days or less and then become eligible again, you will be re-enrolled with Aetna Better Health of New Jersey. We will assign you to your past PCP if they are still accepting patients.

Member Confidentiality and Privacy

We include a Notice of Privacy Practices in your welcome packet. It tells you how we use your information for health plan benefits. Getting Care

Our members need to use one of our network providers to obtain all covered non-emergent health care services.

Provider directory

You can contact Member Services or visit [AetnaBetterHealth.com/newjersey/find-provider](https://www.AetnaBetterHealth.com/newjersey/find-provider) to obtain a provider directory. It lists health care providers and hospitals in our network. The directory has the names of PCPs, specialists, behavioral health, pharmacy, dental and vision providers in your area.

For a listing NJ FamilyCare Directory of Dentists treating children under the age of six, you can search the online provider search linked on our Dental Benefits PAGE 54. A list of dental providers who treat children and/or adults with intellectual or developmental disabilities (IDD) may be found at [AetnaBetterHealth.com/newjersey/dental-benefits.html](https://www.AetnaBetterHealth.com/newjersey/dental-benefits.html).

If you want help finding a provider for any of our services, call Member Services at **1-855-232-3596 (TTY: 711)**. We will be happy to help you. You can also call Member Services if you want a provider to be added to our network. We will try to make that happen.

You may see an out-of-network provider if you need special care and we do not have a network provider with the right specialty. The provider must first get approval from us to see you, or you may have to pay for these services. See PAGE 20 on getting pre-approval (service authorization) for services.

The online provider directory lists information of all network providers, including names, addresses, phone numbers, specialties and qualifications, board certification status and more. You can also search our providers on the [HealthGrades.com](https://www.HealthGrades.com) website to get more information, such as medical school attended and residency completion.

If you are unable to leave your home

If you can't leave your home to get care, we can help. Call Member Services at **1-855-232-3596 (TTY: 711)** if you are homebound. We will have a care manager work with you to make sure you get the care you need.

Your primary care provider (PCP)

You will often hear the term PCP. Your PCP is a medical provider who will manage your health care. They will help you get all the covered services you need.

You should make an appointment to see your PCP when you join Aetna Better Health of New Jersey. We may contact you to help you schedule this visit. Your PCP's office may also contact you to schedule this visit. If you need help scheduling appointments, call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596).

Your PCP helps you get care from other health plan providers. They are responsible for coordinating your health care by:

- Learning your health history
- Keeping good health records
- Providing regular care
- Answering your questions
- Giving you advice about healthy eating
- Giving you needed shots and tests
- Getting you other types of care
- Sending you to a provider that has special training for your special health care needs
- Giving you support when you have problems with your health care

Types of primary care providers

The following are the types of primary care providers you can choose:

- **Family practice:** Providers who treat adults and children
- **General practice:** Providers who treat adults and children
- **Pediatrician:** Providers who treat children from birth to age 21
- **Specialists:** Providers who are trained, certified, or licensed in a special area of health care
- **Ob/Gyn:** Providers who treat women
- **Primary care dentists (PCD):** Providers who may be a general dentist or pedodontist (children's dentist)
- **NJ Smiles:** A program for children up to six years of age. Trained medical staff provide dental risk assessments, fluoride varnish application, anticipatory guidance and referral to a primary care dentist for a comprehensive examination and treatment during well-child visits with your child's PCP. Other trained medical staff may be employed by your provider to help meet your health care needs.

If you see a specialist for special health care needs and you want the specialist to be your PCP, we can help. The Plan and your PCP will work together to help you see the PCP of your choice. Call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596) for more information.

Sometimes PCPs have other health care providers in their office that you may see. Nurse practitioners, physician assistants and registered nurses may be employed by your provider to help meet your health care needs.

The provider's office

Ask your provider and office staff the questions below. These questions can help you to understand the care and services you may receive:

- What are your office hours?

- Do you see patients on weekends or at night?
- What kind of special help do you offer for people with disabilities?
- If you are hearing impaired, do you have sign language interpreters?
- Will you talk about my health concerns with me over the phone?
- Who should I contact after hours if I have an urgent situation?
- How long do I have to wait for an appointment?

Other questions to ask

Use the questions below when you talk to your provider or pharmacist. These questions may help you stay well or feel better. Write down the answers to the questions. Always follow your provider's directions.

- What is my main concern?
- What do I need to do?
- Why is it important for me to do this?

Quick tips about appointments

- Call your provider early in the day to make an appointment. Let them know if you need special help.
- Tell the staff person your symptoms.
- Take your plan ID card and other Medicaid and Medicare ID cards with you.
- If you are a new patient, go to your first appointment at least 30 minutes early so you can give them information about you and your health history.
- Let the office know when you arrive. Check in at the front desk.
- If you cannot go to your appointment, please call your provider's office 24 hours before the appointment time to cancel.

Your PCP

We believe that the PCP is one of the most important parts of your health care. We support you in choosing your PCP. You can select your PCP when you enroll with the Plan. You will be able to access care 24 hours a day, 7 days a week for urgent and emergency conditions. For life-threatening conditions, **CALL 911**.

How do I pick my PCP?

You need to pick a PCP that is in our provider network. Our [provider directory](#) has a list of PCPs to pick from in your area. You can also request a hard copy of our provider directory. Just call Member Services toll-free at **1-855-232-3596 (TTY: 711)**.

- Each eligible family member does not have to have the same PCP

- If you do not pick a PCP, we will pick one for you

How do I change my PCP?

Your PCP is an important part of your health care team. We want you and your provider to work together. You may want to change your PCP for the following reasons:

- You want a male or a female provider
- You want a provider that speaks your language

If you want to choose or change your PCP to another provider in our provider network, call Member Services toll-free at [1-855-232-3596](tel:1-855-232-3596) (TTY: 711).

- In most cases, the PCP change will happen on the same day as your request
- You will get a new plan ID card with the name of your new PCP

It is important for you to have a good relationship with your PCP. This will help you get the health care you need. Your PCP may ask us to change you to another provider if you do the following things:

- You miss appointments over-and-over again
- You often do not follow your provider's advice
- You or a family member hurts a provider or office staff member
- You or a family member uses very bad language to a provider or office staff
- You or a family member damages an office

If your PCP asks that you be assigned a new PCP, we will let you know. We will also call you to help you pick a new provider. If you do not pick a new provider, we will pick one for you. You will get a new ID card with the new provider's name and telephone number on it.

Notice of provider changes or service locations

Sometimes we will have to change your PCP without talking to you first. If this happens, we will send you a letter and then you can pick another PCP by calling Member Services. Your provider may decide they do not want to be a part of our provider network. They may move to another location. If you are not sure if a provider is in our network, check our website. You can also call Member Services toll-free at [1-855-232-3596](tel:1-855-232-3596) (TTY: 711).

Do you need help making an appointment with a PCP or specialist?

If you are having difficulty making an appointment with your PCP or with a specialist, we can help. You can find an up-to-date list of our in-network providers in the Provider Directory on our website at AetnaBetterHealth.com/newjersey. Prior Authorization

Getting pre-approval for services

The Plan must pre-approve some services before you can get them. We call this prior authorization. This means that your providers must get permission from us to provide certain services. They will know how to do this. We will work together to make sure the service is what you need. Except for family planning and emergency care, all out-of-network services require pre-approval. Mental health/SUD providers should also follow the steps below for mental health/SUD related conditions.

You may have to pay for your services if you do not get pre-approval for services:

- Provided by an out-of-network provider
- That require pre-approval
- That are not covered by the Plan

The following are the steps for pre-approval:

- Your provider gives the Plan information about the services they think you need
- We review the information
- You and your provider will get a letter telling you if the service is approved or denied
- If the request cannot be approved, the letter will explain why it is denied
- If a service is denied, you or your provider can file an appeal. See PAGE 76 for more information

Understanding your service approval or denial

We use certain guidelines to approve or deny services. We call these “clinical practice” guidelines. Some guidelines we use are also used by other health plans across the country. Other guidelines are developed by a special team at Aetna Better Health that reviews current knowledge about health services. They help us make the best decision we can about your care. You or your provider can get a copy of the guidelines we use to approve or deny services. If you want a copy of the guidelines or do not agree with the denial of your services, please call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596).

Definition of “medically necessary services”

We use guidelines to offer services that meet your health care needs. “Medically necessary” are services or benefits that are needed to take care of you. A service or benefit is medically necessary and is covered if:

- It is reasonably expected to prevent the beginning of an illness, condition or disability
- It is reasonably expected to reduce or maintain the physical, mental or developmental effects of an illness, condition, injury or disability
- It will assist you in being able to improve or maintain performing your daily activities based on your condition, abilities and age

Self-referral

You can get some services without needing the Plan's prior approval. We call this self-referral. It is best to make sure your PCP knows about any care you get. You can self-refer to the following services:

- Emergency care
- Behavioral health
- Vision exams
- Dental care from Primary Care Dentist or dental specialist
- Routine care from an Ob/Gyn
- Routine family planning services
- Mammograms and prostate/colon cancer screenings
- Specialists

Apart from family planning and emergency services, you must go to a plan provider for your service to be covered. To find a provider, view our provider directory online at AetnaBetterHealth.com/NJ. You can also call Member Services for help at **1-855-232-3596 (TTY: 711)**.

Getting Specialist Care

Sometimes you may need care from a specialist. Specialists are providers who treat special types of conditions. For example, a cardiologist treats heart conditions. Your PCP or PCD can recommend a specialist to you. You can also look in the online provider directory at AetnaBetterHealth.com/newjersey/find-provider or call Member Services at **1-855-232-3596 (TTY: 711)**. We will help you find a specialist near you.

If a specialist is in our network, your PCP can refer you to go without asking us. If the specialist is not in our network, the specialist will have to contact us to get approval to see you. This is called prior authorization or service authorization. The specialists will know what to do. Some members may need to see an out-of-network specialist on a long-term basis. This is called getting a "standing referral." We can work with the specialist to make this happen. The specialist will have to contact us to get approval.

Getting a second opinion

You can get a second opinion from another provider when your PCP, PCD, or another specialist says you need surgery or other treatment. A second opinion is available at no charge to you. Your PCP or PCD can recommend a provider. You can also call Member Services at **1-855-232-3596 (TTY: 711)**. You do not need to ask us if you get a second opinion with a provider who is in our network. If the provider is not in our network, the specialist will have to contact us to get approval to see you. This is called prior authorization or service authorization. The specialists will know what to do.

If you don't have a PCP or PCD, we can help you find one near you. Call Member Services at **1-855-232-3596 (TTY: 711)**. You can also view our provider directory online at AetnaBetterHealth.com/newjersey/find-provider.

Transportation

Emergency

For an emergency medical condition, **CALL 911**. The Plan covers ambulance rides on the ground and air transportation in a medical emergency for all members.

Scheduled Visits

Members can receive other non-emergency medical transportation services through a Medicaid contracted vendor.

To find out more about getting a ride to your provider visits, call Modivcare at **1-866-527-9933 (TTY: 1-866-288-3133)**.

If you have any problems with the service you receive, you can call the Modivcare (formerly known as LogistiCare) Complaint Hotline at **1-866-333-1735**. Transportation appointments must be scheduled at least two business days in advance.

Please have the following information when calling to schedule your transportation:

- Name of the provider
- Address
- Telephone number
- Time of appointment
- Type of transportation needed (e.g., regular car, wheelchair accessible van)

After Hours Care

Except in an emergency, if you get sick after the PCP or PCD's office is closed, or on a weekend, call the office anyway. An answering service will make sure the PCP or PCD gets your message. The PCP or PCD will call you back to tell you what to do. Be sure your phone accepts blocked calls. Otherwise, the PCP or PCD may not be able to reach you.

You can even call the PCP or PCD in the middle of the night. You might have to leave a message with the answering service. The PCP or PCD will call you back to tell you what to do.

If you are having a medical emergency, you should ALWAYS **CALL 911 or go to the nearest emergency room.**

24/7 Nurse Line

We also have a Nurse Line available to help answer your medical or dental questions. This number is available 24 hours a day, 7 days a week. It is staffed by medical professionals. Call **1-855-232-3596 (TTY: 711)** and listen for the option for the Nurse Line.

If you are having a medical emergency, you should ALWAYS **CALL 911** or go to the nearest emergency room.

Out of Service Area Coverage

There are times when you may be away from home and you or your child needs care. Aetna Better Health of New Jersey has providers only in New Jersey. We will cover services out of the area for special reasons. This may include:

- Very specialized services not available in the network
- Emergency services
- Urgent services when you are too far away to get back to the area
- If you or your child needs care out of the area for urgent or emergency services, you do not need to contact us

When you are out of our service area, you are covered for emergency services or non-emergency situations when travel back to the service area is not possible, is impractical, or when medically necessary services could only be provided elsewhere. For services that are not urgent and not an emergency, the provider should contact us for our approval.

Full-time students are covered while they reside out of state to go to school. The provider should contact us for our approval.

Routine care out of the service area or out of the country is not covered by Aetna Better Health of New Jersey. If you are out of the service area and you need health care services, call your PCP's office. They will tell you what to do. The PCP's telephone number is on your ID card. If you need help with this, call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596).

Types of Care

There are three different kinds of health care you can get: emergency, urgent and preventive.

Emergency care

An emergency is something that comes up suddenly and needs action to get help or relief. A health emergency exists when there are sudden symptoms that suggest a serious risk to health if nothing is done. This can include severe pain, possible risks to an unborn baby, problems with breathing, severe injury and many other situations. Aetna Better Health of New Jersey uses the "prudent layperson" standard, which means that a reasonable person's judgement that there is a serious health risk is enough. If a pregnant woman has contractions and there is not enough time to get her to a network hospital to assure the health of mother and baby, that is also an emergency.

Emergency services are available 24 hours a day, 7 days a week. If you are having an emergency, [CALL 911](tel:911) or go to the closest hospital. Even if you are out of the service area, go to the closest hospital or [CALL 911](tel:911). The hospital does not have to be in our network for you to get care. You don't need pre-approval for emergency transportation or emergency care in the hospital.

If you feel like your life is in danger or your health is at serious risk, get medical help immediately. You do not need pre-approval for emergency services including screenings. To get treatment in an emergency, you can:

- **CALL 911** for help
- Go to the nearest emergency room

IMPORTANT: Only use the emergency room when you have a true emergency. If you have an emergency, **CALL 911** or go to the hospital. If you need urgent or routine care, please call the PCP's number that is on your ID card. We will pay for the emergency care including screenings when your condition seems to fit the meaning of an emergency to a prudent layperson. We'll pay even if it is later found not to be an emergency. A prudent layperson is a person who knows what an average person knows about health and medicine. The person could expect if he or she did not get medical care right away, the health of the person would be in serious trouble.

Follow-up after an emergency

After an emergency, you may need follow-up care. Call your PCP for follow-up care after you go to the emergency room. Do not go back to the emergency room for your follow-up care. Only go back to the emergency room if the PCP tells you to. Follow-up care in the emergency room may not be covered by the Plan.

Emergency conditions include, but are not limited to:

- | | |
|---------------------------------|---|
| • A woman in labor | • Not being able to move |
| • Bleeding that won't stop | • Passing out (blackouts) |
| • Broken bones | • Poisoning |
| • Chest pains | • Seizures |
| • Choking | • Severe burns |
| • Danger of losing limb or life | • Suicide attempts |
| • Problem breathing | • Throwing up blood |
| • Medicine or drug overdose | • For Dental Emergencies see PAGE 55 |

Urgent care

Urgent care is treatment for medical conditions that come on suddenly but are not emergencies. The conditions in the list below are not usually emergencies. They may need urgent care.

How to get urgent care

Your provider must give you an appointment within 24 hours if you need urgent care. Do not use an emergency room for urgent care. Call the PCP's telephone number that is on your ID card. Day or night, your PCP or on call provider will tell you what to do. If the PCP is not in the office, leave a message with the answering service or the answering machine and the PCP will return your call.

24-Hour Nurse Line

Aetna Better Health of New Jersey has a Nurse Line available to help answer your medical questions. This number is available 24 hours a day, 7 days a week. It is staffed by medical professionals. Please call us at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596) and listen for the option for the Nurse Line.

Urgent care centers

Sometimes you need to get care after hours and your PCP's office is not open. Aetna Better Health of New Jersey has urgent care centers you can go to. You can look in the online provider directory at or call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596). We will help you find an urgent care center near you.

Go to an urgent care center or call your PCP's office if you have any of these included but not limited to:

- | | |
|------------|---|
| • Bruise | • Sore throat |
| • Cold | • Sprain |
| • Diarrhea | • Stomachache (may need urgent care, not usually emergencies) |
| • Earache | • Vomiting |
| • Rash | |

Routine care

Routine care, also known as preventive care, is health care that you need to keep you healthy or prevent illness. This includes regular dental exams and cleanings, immunizations (shots) and well-care visits. It's very important to see your provider and dentist often for routine care. To schedule routine care, usually, every six months, unless your PCD recommends more frequent visits. Please call your PCP's telephone number that is on your ID card.

Call your PCD or LIBERTY Dental plan Member Services at [1-855-225-1727 \(TTY: 711\)](tel:1-855-225-1727) to schedule an appointment.

If you want to choose or change your PCD to another dentist in our provider network, call Member Services toll-free at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596). If you need help scheduling an appointment with the PCD, please call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596). For more information on routine dental care, go to the Dental Care Services section.

The following chart gives you examples of each type of care and tells you what to do. Always check with your PCP or PCD if you have questions about your care.

If you have a medical emergency, **CALL 911** or go to the nearest emergency room. For non-life-threatening dental emergencies, call or visit your PCD. For more information on dental emergencies, see PAGE 55.

Premiums

Premiums for NJ FamilyCare D members and Co-payments for NJ FamilyCare C and D members

Premiums for NJ FamilyCare D members

A premium is a monthly payment you pay to get health care coverage. NJ FamilyCare D members, except Alaskan Native and Native American Indians under the age of 19, make these monthly payments. This payment will go toward your family cost-share that is computed once every 12 months. Your family cost-share is based on your total family income. If you have a monthly payment and do not pay it, you will be disenrolled.

Medicaid benefits received after age 55 may be reimbursable to the State of New Jersey from the member's estate. The recovery may include premium payments made on behalf of the member to Aetna Better Health of New Jersey.

Co-payments for NJ FamilyCare C and D members

A co-payment (or co-pay) is the amount you need to pay for a covered service. NJ FamilyCare C and D members, except Alaskan Native and Native American Indians under the age of 19, have co-pays. The amount of the co-pay is on your ID card.

After you exceed your family cost-share, you will not have to pay a co-pay when you get more services. You will get a new member ID card from us after your family cost-share is met. Remember, your family cost-share with your co-pay should not be more than five percent of your total family income. You should always ask for a receipt when you pay a co-pay. Keep track of what you spend on co-pays as well as your premiums. Once you exceed your five percent cost-share amount, call the HBC at [1-800-701-0710 \(TTY: 711\)](tel:1-800-701-0710) for help.

Pharmacy Services

If you need medicine, your provider will choose one from the Plan's list of drugs. They will write you a prescription. Ask your provider to make sure that the drug they are prescribing is on our list of drugs or formulary.

If you are a new member to our plan, you may be taking medicine that is not on our formulary list. You may get a one-time refill for a 34-day supply. We will send you and your provider a letter. The letter will tell you that a pre-approval is needed for your medicine. Talk with your provider to ask if you should continue with the same medicine or change to one that is on the formulary list.

Sometimes your provider will want to give you a drug that is not on our list or that is a brand name drug. Your provider may feel you need a medicine that is not on our list because you can't take any other drugs except the one prescribed. Your provider can request approval from us. Your provider knows how to do this. Some drugs aren't approved unless another drug has been tried first. This is called Step Therapy and coverage requires a trial of another drug before the requested drug is covered.

All of your prescriptions will need to be taken to one of our network pharmacies. They are listed online at [AetnaBetterHealth.com/NJ](https://www.AetnaBetterHealth.com/NJ). You can also call Member Services to find a pharmacy in your area.

The Plan covers over-the-counter (OTC) drugs that are on our formulary. Some OTC drugs may have coverage rules. If the rules for that OTC drug are met, the Plan will cover the OTC drug. Like other drugs, OTC drugs need a prescription from a doctor if they are to be covered by the Plan.

Examples of OTC drugs we cover include but are not limited to: ibuprofen for child and adults, multivitamins and vitamins, antacids and cold/cough/allergy medicines.

Check our formulary for a full list of OTC drugs we cover. Our formulary is on our website at [AetnaBetterHealth.com/newjersey/pharmacy-prescription-drug-benefits.html](https://www.AetnaBetterHealth.com/newjersey/pharmacy-prescription-drug-benefits.html).

You can also call Member Services toll-free at **1-855-232-3596 (TTY: 711)**. Have a list of your over-the-counter medicines ready when you call. Ask the representative to look up your medicines to see if they are on the list.

Prescriptions

Your provider or dentist will give you a prescription for medicine. Be sure and let them know about all the medications you are taking or have gotten from any other providers. You also need to tell them about any non-prescription or herbal treatments that you take, including vitamins. Before you leave your provider's office, ask these questions about your prescription:

- Why am I taking this medicine?
- What is it supposed to do for me?
- How should the medicine be taken?
- When should I start my medication and for how long should I take it?
- What are the side effects or allergic reactions of the medicine?
- What should I do if a side effect happens?
- What will happen if I don't take this medicine?

Carefully read the drug information the pharmacy will give you. It will explain what you should and should not do and possible side effects.

When you pick up your prescription, make sure to show your Aetna Better Health of New Jersey ID card. For all members waiting for prior authorization approval, you will be allowed a 72-hour drug emergency prescription.

Prescription refills

The label on your medicine bottle tells you how many refills your provider has ordered for you. If your provider has ordered refills, you may only get one refill at a time. If your provider has not ordered refills, you must call them at least five (5) days before your medication runs out. Talk to them about getting a refill. Your provider may want to see you before prescribing a refill.

Mail order prescriptions

If you take medicine for an ongoing health condition, you can have them mailed to your home. CVS Caremark is your mail service pharmacy.

If you pick this option, your medicine will be sent to your home. You can schedule your refills. You will also be able to talk to a pharmacist if you have questions.

Some of the features of home delivery are:

- Pharmacists check each order for safety,
- You can order refills by mail, by phone, online, or you can sign up for automatic refills and
- You can talk with pharmacists by phone.

It's easy to start using mail service

Choose ONE of the following three ways to use mail service for a medicine that you take on an ongoing basis:

- Call CVS Caremark toll-free at **1-855-271-6603 (TTY: 1-800-231-4403)**, Monday through Friday, 8 AM to 8 PM (ET). They will let you know which of your medicines can be filled through CVS Caremark mail service pharmacy. CVS Caremark will then contact your provider for a prescription and mail the medicine to you.
- When you call, be sure to have:
 - Your plan member ID card
 - Your provider's first and last name and phone number
 - Your payment information and mailing address
- Go online to **Caremark.com**. Once you enter the needed information, CVS Caremark will contact your provider for a new prescription. If you haven't registered yet on **Caremark.com**, be sure to have your member ID card handy when you register for the first time.
- Fill out and send a mail service order form. If you already have a prescription, you can send it to CVS Caremark with a completed mail service order form. If you don't have an order form, you can download it from the website. You can also request one by calling Member Services at **1-855-232-3596 (TTY: 711)**.

- Have the following information with you when you complete the form:
 - Your plan member ID card
 - Your complete mailing address, including ZIP Code
 - Your prescribing physicians first and last name and phone number
 - A list of your allergies and other health conditions
 - Your original prescription from your provider

Quick tips about pharmacy services

- Ask if your prescription is covered by the Plan before leaving your provider's office.
- Take your prescription to a plan pharmacy.
- If your provider has not ordered refills, call them at least five (5) days before you need a refill.

You can get a list of [covered drugs](#) by calling Member Services at **1-855-232-3596 (TTY: 711)**.

Pharmacy Lock-In Program

Members who have a pattern of misusing prescription or over-the-counter (OTC) drugs may be required to use only one pharmacy to fill their prescriptions. This is called a "lock-in." members who have severe illnesses, see different providers and take different kinds of medicine may also be put into the Pharmacy Lock-in Program.

In the Pharmacy Lock-in Program, you would be able to choose one in-network pharmacy to get your prescriptions. If you do not pick a pharmacy, one will be selected for you. By using one pharmacy, the staff will get to know your health status. The staff will also be better prepared to help you with your health care needs. The pharmacist can also look at past prescription history. They will work with your provider if problems with medications occur.

Members in the Pharmacy Lock-in Program will only be able to get a 72-hour supply of medicine on or off our formulary from a different pharmacy if their chosen pharmacy does not have that medicine on hand. They can also do this in an emergency.

Prior to being placed in the Lock-in program, you will get a letter letting you know you are put in the Pharmacy Lock-in Program. If you do not agree with our decision to assign you to just one pharmacy, you can appeal it over the phone or in writing. You must follow up with your phone call by putting your appeal in writing to us.

You also have the right to ask for a fast decision. A fast decision is called an expedited appeal. If your request meets expedited appeal requirements and you ask for it over the phone, you do not need to follow up in writing. Written appeals must be received by the Plan within 60 days of the date on the letter. See PAGE 76 for more on member appeals.

Aetna Better Health of New Jersey offers comprehensive dental benefits in order to help you and your family maintain good oral health. Your covered benefits include two preventive visits each year. Our comprehensive benefits include most other procedures. Some services may require prior authorization. You do not need a referral to see a network dental provider including dental specialists. If you change plans, approved dental services on an active prior authorization will be honored with a new prior authorization for the services given by the new plan even if the services have not been initiated unless there is a change in the treatment plan by the treating dentist. This prior authorization shall be honored for as long as it is active, or for a period of six months, whichever is longer. If the prior authorization has expired, a new request for prior authorization will be required.

For more information on dental and orthodontic covered benefits, refer to the covered services grid on PAGE 54.

A Utilization Management (UM) appeal is a way for you to ask us to reconsider our decisions with regard to medically necessary services and any dental services that have been denied.

These classes and breast pumps are available at no cost to you. Ask your provider about the classes and how you can sign up for them.
- High blood lead levels in a pregnant woman can harm you and your unborn child. Talk to your provider about risk factors for lead exposure and having your blood lead level checked during pregnancy.
- It is important that you do not smoke, drink alcohol, or take drugs not recommended or prescribed by your provider because they will harm you and your baby. Members can access MomQuit Connection and Individual counseling.

You should see your provider within 3-8 weeks after your baby is born. You will get a well-woman checkup to make sure you are healthy. Your PCP will also talk with you about family planning.

The World Health Organization recommends that:

- Newborn babies be put to the breast within an hour of birth
- If possible for the first six months of life, babies get all their nutrition from breastfeeding
- After six months, babies get added nutrition from other safe foods while they keep breastfeeding
- You can breastfeed two years or more

All birthing individuals can breastfeed with the right help. Many women can have problems in the beginning. It's just like learning any new skill. You can make life easier with a no-cost breast pump. Pump the breast milk when it works for you. Then Baby can get the best nutrition, no matter what your schedule. A breast pump also gives other family members the chance to feed and bond with Baby. Then ask to speak with your care coordinator. You can receive your free breast pump up to two weeks before the birth of your Baby. To obtain a breast pump, just call [1-855-232-3596](tel:1-855-232-3596) (TTY: 711) to get your free breast pump. Aetna Better Health of New Jersey's dental home program

Aetna Better Health now has a program to ensure you and your family has a Primary Care Dentist (PCD) and a dental home, available to all ages. The dental home is the office where you and your family members will get dental and oral health care. A dental home delivers care in a complete and family-centered way. The dental home program is voluntary. If you do not want to be involved, you can ask us to take you or any family members out of the program by calling Member Services at **1-855-232-3596 (TTY: 711)**. Removal from this program does not prevent you or any family members from seeing a dentist.

Lead screening in children

Lead screening using blood lead level determinations must be done for every Medicaid-eligible and NJ FamilyCare child:

- Between 9 and 18 months, preferably at 12 months of age
- Between 18 and 26 months, preferably at 24 months of age
- Test any child between 5 to 72 months of age not previously tested

Regular check-ups: Well-Child EPSDT

Care Management

Some members have special health care needs and medical conditions. Our care management unit will help you get the services and the care that you need. They can help you learn more about your condition. They will work with you and your provider to make a care plan that is right for you.

Our care management unit has nurses and social workers that can help you:

- Get services and care including information on how to get a referral to special care facilities for highly specialized care
- Work with health care providers, agencies and organizations
- Learn more about your condition
- Make a care plan that is right for you
- Access services after hours for crisis situations for enrollees with special needs. Call Member Services at **1-855-232-3596 (TTY: 711)** for help and ask to speak with an after-hours nurse.
- Arrange services for children with special health care needs such as well-child care, health promotion, disease prevention and specialty care services.

If you need this kind of help from the care management unit, please call Member Services at **1-855-232-3596 (TTY: 711)**.

Every plan member is contacted soon after they enroll. We will attempt to contact you within 45 days of enrollment to complete the Initial Health Screen (IHS). When we talk to you, we ask you questions to complete an IHS. The IHS lets us learn more about your health care needs. We also get information about your past health care. In case you want to complete the IHS on your own, we also send the IHS to you in the mail in your Welcome Kit or in a separate mailing with a postage paid envelope to return to us. Together the IHS and your health history let us know if you have special health care needs. If so, we will then contact you to do a Comprehensive Needs Assessment (CNA). It is important that we have your correct address and phone number so we can reach you. If you need help completing the IHS, please call Member Services at **1-855-232-3596 (TTY: 711)** for help and ask to speak with the care management department.

Once the CNA is completed, an Individual Health Care plan (IHCP) will be made to meet your specific health care needs. IHCPs help providers and our care managers make sure you get all the care you need. We will set up a mutually agreeable time to develop your plan. This will be done within 30 days after the CNA is completed.

Members with special needs

Members with special needs who are getting their care from an out-of-network provider may continue seeing the provider if it is determined to be in the best interest of the member child.

Members with special health care needs may need to see specialists on a long-term basis. Sometimes this is called a “standing referral.” The specialist must contact us for approval to make this happen. If it is in your best interest, you may have a specialist as your PCP. If you want a specialist to be your PCP, talk to the specialist about it. If one of our care managers has already talked with you about your special needs, he or she can help you make this change if the specialist

agrees. If you have special needs and you have not talked with one of our care managers yet, call Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596) and ask to be transferred to a care manager.

You may have special needs and have an existing relationship with an out-of-network provider. Sometimes you can continue to see that provider if it is in your best interest. The provider must first get approval from us. If you have questions about care management, call your care manager or Member Services at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596).

Dental care for members with special needs

Dental Care for members with Special Health Care Needs and children under the age of 5 may require treatment to be performed in a hospital setting/operating room or ambulatory surgical center facility setting as an outpatient member Service. If your dental provider cannot provide this service, please contact LIBERTY Dental plan at [1-855-225-1727](tel:1-855-225-1727) to help you locate a dental provider and coordinate this service. You can also [click here to find a list of dentists](#) who treat children or adults with intellectual and developmental disabilities. When member has a case manager through Aetna Better Health of New Jersey, they can also help you to make these arrangements.

Aetna Medicaid Compassionate Care Program

The Aetna Medicaid Compassionate Care program is designed to engage members 18 and older with advanced illness during the last 12-18 months of life in care management and palliative care services, thereby improving quality of life and member satisfaction and assisting with advance care planning and end-of-life decision support.

If you identify your family member or loved one as candidates for the Aetna Compassionate Care Program, please refer them to a case manager by calling [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596).

Case Management will:

- Provide community resource referrals to members and their caretakers
- Support the treating physician's care plan
- Assist with pain, symptoms, side effects or other unmanaged care needs
- Consult with caregivers and family support with tools to reduce caregiver burden
- Assist with clarifying and documenting end-of-life decision making by providing information and access to advance directives
- Enhance member quality of life

Disease Management

We have a disease management program to help if you have certain conditions. We have programs for many conditions, including, but not limited to:

- Asthma
- Chronic obstructive pulmonary disease (COPD)
- Heart failure (HF)
- Diabetes

Call us at **1-855-232-3596 (TTY: 711)** for help in managing your disease. We can help you and your child learn to manage these chronic conditions and lead a healthier life. You can learn about these programs in your member handbook and online at [AetnaBetterHealth.com/NJ](https://www.aetna.com/betterhealth/nj).

As a member you are eligible to participate if you are diagnosed with any of these chronic conditions, or at risk for them, you may be enrolled in our disease management program. You can also ask your provider to ask for a referral for these programs. If you want to know more about our disease management programs, call us **1-855-232-3596 (TTY: 711)**.

If you do not want to participate

You have the right to make decisions about your health care. If we contact you to join one of our programs, you may refuse. If you are already in one of our programs, you may choose to stop at any time by contacting us at **1-855-232-3596 (TTY: 711)**.

Treatment of Minors

Members under 18 years old usually must have parents' permission to get medical care. This does not apply to emancipated minors. An emancipated minor is a child who has been granted the status of adulthood by court order or other formal arrangement. There are some services you can get without your parents' permission. These services are:

- Treatment for sexually transmitted diseases
- Testing for HIV/AIDS
- Treatment for drug and alcohol abuse
- Medical treatment for sexual assault
- Prenatal care
- Birth control
- Abortion

Even though parental permission is not needed for some services, parents still may learn of the services. When we pay the provider for the service, parents can see the payment. They can also see what the service was and the name of the patient.

Also, the provider you see may want you to talk to your parents about the treatment.

- If the provider thinks it would be best for you, he or she may tell your parents about the treatment.
- If you have been sexually assaulted, the provider must tell your parents unless the provider feels it is in your best interest not to tell them.
- You can get treatment for alcohol abuse by a provider or an alcohol abuse counselor on your own.
- Some programs have their own rules and your parents may have to know and be part of your treatment. Treatment programs are not required to accept you for treatment.

New Medical Treatments

We are always considering new medical treatments. We want you to get safe, up-to-date and high-quality medical care. A team of providers reviews new health care methods. They decide if they should become covered services. Services and treatments that are being researched and studied are not covered services.

We take these steps to decide if new treatments will be a covered benefit or service:

- Study the purpose of each new treatment
- Review medical studies and reports
- Determine the impact of a new treatment
- Develop guidelines on how and when to use the new treatment

Medicare and Medicaid Coverage

Your enrollment in the NJ FamilyCare/Medicaid Plan will not affect your Medicare medical benefits. You can still have your provider visits, laboratory, pharmacy and hospitalizations covered by Medicare and NJ FamilyCare/Medicaid is secondary coverage.

If you have Medicare coverage, you should not cancel it. You should follow all Medicare guidelines regarding co-pays and deductibles even after you enroll with the Plan. Depending on your eligibility category your Aetna NJ FamilyCare/Medicaid may pay the co-pays and deductibles.

For MLTSS custodial care members may have a cost share and patient liability. This will be arranged directly between the Eligibility Determining Agency based on individual member income. The amounts of room and board charges and cost share are established by the state. Some members living in these settings may also have to pay a cost share. The amount of the cost share will be calculated by the County Welfare Agency and is in addition to the Room and Board charges. If you have any questions, please talk to your Care Manager. There is a cost share in nursing homes.

- If you have co-pays

If you get a bill that you think you should not have received, call Member Services at **1-855-232-3596 (TTY: 711)** for help.

We Want to Hear from You

Your opinion is important to us. We want to hear your ideas that could be helpful to all of our members. We take your feedback seriously.

We have a group that is made up of our members and their caregivers, just like you. This group is called the member Advisory Committee (MAC). They meet quarterly during the year to review member materials, member feedback, changes and new programs. They tell us how we can improve our services.

All plan members, including those eligible for MLTSS and FIDE-SNP benefits, or legal guardians of members, advocates and community stakeholders are welcome to join. Committee members can also be family members and providers. Participants are automatically entered into a raffle and have the chance to win a prize for attending.

If you want to know more about the MAC, call Member Services at **1-855-232-3596 (TTY: 711)**. You can also learn more and register for upcoming MAC meetings by visiting our website at **[AetnaBetterHealth.com/newjersey/member-advisory-committee.html](https://www.aetna.com/newjersey/member-advisory-committee.html)**.

Other information for you

We will provide you information about our company structure and our operations. If you have any questions about us, our network providers and how we work with DMAHS/NJ FamilyCare, call Member Services at **1-855-232-3596 (TTY: 711)**.

Physician Incentive Plan

We do not reward providers for denying, limiting, or delaying coverage of health care services. We also do not give monetary incentives to our staff that make medical necessity decisions to provide less health care coverage or services.

Different providers in our network have agreed to be paid in different ways by us. Your provider may be paid each time he or she treats you (“fee for service”) or may be paid a set fee each month for each member whether or not the member actually receives services (“capitation”) or may receive a salary.

These payment methods may include financial incentive agreements to pay some providers more (“bonuses”) or less (“withholds”) based on many factors: member satisfaction, quality of care and control of costs and use of services among them. If you desire additional information about how our primary care providers or any other provider in our network is compensated, please call us at **1-855-232-3596 (TTY: 711)** or write to:

NJ FamilyCare and Other Insurance

When you have NJ FamilyCare and other insurance

Let us know if you have other insurance. The other insurance may be through Medicare, employment or a family member's employment. We will work with the other medical insurance companies to cover your expenses. Since Aetna Better Health of New Jersey is always the "payer of last resort," all claims should be billed to the other (primary) insurance company first. We will process your claims after the primary insurance makes their payment.

Remember to show all of your insurance ID cards when you go to the provider, hospital or pharmacy.

Visit NJ Department of Human Services at nj.gov/humanservices/dmahs/home/Medicaid_TPL_Coverage_Guide.pdf to find out more about the rules on having other health insurance. This guide, provided by the state of New Jersey, can help you understand how service payments work. If you would like a hard copy of this guide, call Member Services at **1-855-232-3596 (TTY: 711)**.

Referrals with other insurance

Your PCP may refer you to another provider. You can learn more about referrals when you have other insurance at nj.gov/humanservices/dmahs/home/Medicaid_TPL_Coverage_Guide.pdf.

- If the service is covered by your other insurance, you do not need to contact us for a prior authorization.
- If the service is NOT covered by your other insurance, the provider has to contact us for prior authorization. See PAGE 20 for details.

Picking providers

If you have other insurance, you still may want to make sure the providers you see are also in our network. This is to help ensure that you will not be billed for Medicaid covered services. Call our Member Services at **1-855-232-3596 (TTY: 711)** if you have questions.

Initial adverse determination

If Aetna Better Health of New Jersey decides to deny your initial request for a service, or to reduce or stop an ongoing service that you have been receiving for a while, this decision is also known as an adverse determination. We will tell you and your provider about this decision as soon as we can, often by phone. You will receive a written letter explaining our decision within two business days.

If you disagree with the Plan's decision, you, your provider (with your written permission) can challenge the decision by requesting an appeal. You or your provider can request an appeal either orally (by phone) or in writing. To request an appeal orally, you can Call us: **1-855-232-3596 (TTY: 711)** 24 hours a day, 7 days a week.

Written appeal requests should be mailed to the following address:

Aetna Better Health of New Jersey
Attn: Grievance and Appeals Dept.
PO Box 81139
5801 Postal Road
Cleveland, OH 44181

You have 60 calendar days from the date on the initial adverse determination letter to request an appeal.

Internal Appeal

The first stage of the appeal process is a formal internal appeal to the Plan (called an Internal Appeal). Your case will be reviewed by a doctor or another health care professional, selected by Aetna Better Health of New Jersey who has expertise in the area of medical knowledge appropriate for your case. We will be careful to choose someone who was not involved in making the original decision about your care. We must make a decision about your appeal within 30 calendar days (or sooner, if your medical condition makes it necessary).

If your appeal is denied (not decided in your favor), you will receive a written letter from us explaining our decision. The letter will also include information about your right to an External Independent Utilization Review Organization (IURO) Appeal and/or your right to a Medicaid Fair Hearing and how to request these types of further appeal. You will also find more details on those options later in this section of the handbook.

Expedited (fast) appeals

You have the option of requesting an expedited (fast) appeal if you feel that your health will suffer if we take the standard amount of time (up to 30 calendar days) to make a decision about your appeal. Also, If your provider informs us that taking up to 30 calendar days to reach a decision could seriously jeopardize your life or health, or your ability to fully recover from your current condition attain, we must make a decision about your appeal within 72 hours.

External (IURO) Appeal

If your Internal Appeal is not decided in your favor, you (or your provider acting on your behalf with your written consent) can request an External (IURO) Appeal by completing the External Appeal

Application form. A copy of the External Appeal Application form will be sent to you with the letter that tells you about the outcome of your Internal Appeal.

You or your provider must mail the completed form to the following address within 60 calendar days of the date on your Internal Appeal outcome letter:

Maximus Federal – NJ IHCAP

3750 Monroe Avenue, Suite 705

Pittsford, New York 14534

Office: **1-888-866-6205**

You may also fax the completed form to

585-425-5296 or send it by email to

StateAppealsEast@maximus.com.

If a copy of the External Appeal Application is not included with your Internal Appeal outcome letter, please call **1-855-232-3596 (TTY: 711)** to request a copy.

External (IURO) Appeals are not conducted by the Plan. These appeals are reviewed by an Independent Utilization Review Organization (IURO), which is an impartial third-party review organization that is not directly affiliated with either the Plan or the State of New Jersey. The IURO will assign your case to an independent physician, who will review your case and make a decision. If the IURO decides to accept your case for review, they will make their decision within 45 calendar days (or sooner, if your medical condition makes it necessary).

You can also request an expedited, or fast, External (IURO) Appeal, just as you can with Internal Appeals. To request an expedited appeal, you or your provider should fax a completed copy of the External Appeal Application form to Maximus Federal at **585-425-5296** and ask for an expedited appeal on the form in Section V, Summary of Appeal. In the case of an expedited External (IURO) Appeal, the IURO must make a decision about your appeal within 48 hours.

The External (IURO) Appeal is optional. You don't need to request an External (IURO) appeal before you request a Medicaid Fair Hearing. Once your Internal Appeal is finished, you have the following options for requesting an External (IURO) Appeal and/or a Medicaid Fair Hearing:

- You can request an External (IURO) Appeal, wait for the IURO's decision and then request a Medicaid Fair Hearing, if the IURO did not decide in your favor.
- You can request an External (IURO) Appeal and a Medicaid Fair Hearing at the same time (just keep in mind that you make these two requests to different government agencies).
- You can request a Medicaid Fair Hearing without requesting an External (IURO) Appeal.

Please note Medicaid Fair Hearings are only available to NJ FamilyCare plan A and ABP members.

Medicaid Fair Hearing

You have the option to request a Medicaid Fair Hearing after your Internal Appeal is finished (and Aetna Better Health of New Jersey has made a decision). Medicaid Fair Hearings are administered by staff from the New Jersey Office of Administrative Law. You have up to 120 calendar days from the date on your Internal Appeal outcome letter to request a Medicaid Fair Hearing.

You can request a Medicaid Fair Hearing by writing to the following address:

Fair Hearing Section

Division of Medical Assistance and Health Services

P.O. Box 712

Trenton, New Jersey 08625-0712

If you make an expedited (fast) Medicaid Fair Hearing request and you meet all of the requirements for an expedited appeal, a decision will be made within 72 hours of the day the state agency received your Medicaid Fair Hearing request.

Please note the deadline for requesting a Medicaid Fair Hearing is always 120 days from the date on the letter explaining the outcome of your Internal Appeal. This is true even if you request an External (IURO) Appeal in the meantime. The 120-day deadline to ask for a Medicaid Fair Hearing always starts from the outcome of your Internal Appeal, not your External (IURO) Appeal.

Continuation of benefits

If you are asking for an appeal because the Plan is stopping or reducing a service or a course of treatment that you have already been receiving, you can have your services/benefits continue during the appeal process. Aetna Better Health of New Jersey will automatically continue to provide the service(s) while your appeal is pending, as long as all of the following requirements are met:

- The appeal involves the termination, suspension, or reduction of a previously authorized course of treatment
- The services were ordered by an authorized provider
- You (or your provider, acting on your behalf with your written consent) file(s) the appeal within 10 calendar days of the date on the initial adverse determination letter, or on or before the final day of the original authorization, whichever is later

Your services will not continue automatically during a Medicaid Fair Hearing. If you want your services to continue during a Medicaid Fair Hearing, you must request that in writing when you request a Fair Hearing and you must make that request within:

- 10 calendar days of the date on the Internal Appeal outcome letter, or within
- 10 calendar days of the date on the letter informing you of the outcome of your External (IURO) Appeal, if you requested one, or
- on or before the final day of the original authorization, whichever is later.

Please note If you ask to have your services continue during a Medicaid Fair Hearing and the final decision is not in your favor, you may be required to pay for the cost of your continued services.

If you have any questions about the appeal process, you can contact our Member Services Department by calling [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596).

Dental grievance and appeal rights

If you disagree with this decision, you (or your provider, with your written consent) have a right to appeal this action. You have a right to appeal through Aetna Better Health of New Jersey internal appeal process. If the outcome of the Internal Appeal is not in your favor, you will then have the option to appeal to the Independent Utilization Review Organization (IURO) and a right to request a Medicaid Fair Hearing.

Health plan internal appeal process

You now have the right to request an internal review. This is called an Internal Appeal. You can file an Internal Appeal by:

Aetna Better Health of New Jersey

Attention: Member Services
PO Box 818003
Cleveland, OH 44181-8003

1-855-232-3596 (TTY: 711)

Fax: **1-844-321-9566**

In your letter, you should include an explanation for the reason you are appealing our decision and then sign your request for an appeal.

You have 60 calendar days from the date of this notice to request an Internal Appeal. However, if you are now receiving these services and you want these services to continue automatically during the appeal, you must either request an Internal Appeal on or before the final day of the previously approved authorization, or request an Internal Appeal within 10 calendar days of the date of this notice, whichever is later.

If you do not request your appeal within these timeframes, the services will not continue during the appeal. Aetna Better Health of New Jersey will decide your Internal Appeal within 30 calendar days of receipt of your appeal.

If you or your treating provider believe this 30 calendar-day timeframe for deciding your appeal is too long and could harm your health, please call Aetna Better Health of New Jersey at [1-855-232-3596 \(TTY: 711\)](tel:1-855-232-3596), Monday – Friday, 8 AM to 5 PM and ask for an expedited, or fast, appeal. An expedited or fast appeal means that we will decide your Internal Appeal within 72 hours of receipt.

You may ask for an expedited, or fast, appeal if you are an inpatient in a facility, if the care you received was for an urgent or emergency health concern, or if it is medically necessary and taking 30 calendar days to decide the appeal could seriously harm you in some way.

[If you call to request an expedited, or fast appeal, you do not have to follow-up your phone call with a written request.](#)

Fraud, Waste and Abuse

Sometimes members, providers and plan employees may choose to do dishonest acts. These dishonest acts are called fraud, waste and abuse.

The following acts are the most common types of fraud, waste and abuse:

- Members selling or lending their ID card to someone else
- Members trying to get drugs or services they do not need
- Members forging or altering prescriptions they receive from their providers
- Providers billing for services they didn't give
- Providers giving services members do not need
- Verbal, physical, mental, or sexual abuse by providers

Call our fraud, waste and abuse hotline to report these types of acts right away. You can do this confidentially. We do not need to know who you are. You can call us to report fraud, waste and abuse at **1-855-282-8272 (TTY: 711)**. You can also report suspected fraud, waste or abuse to the State of New Jersey by calling **1-888-937-2835**.

Disenrollment

We hope that you are happy with Aetna Better Health of New Jersey. If you are thinking about leaving, call us at **1-855-232-3596 (TTY: 711)** to see if we can help resolve any issues you are having. DMAHS will decide if you can disenroll. To disenroll from the Plan call the Health Benefits Coordinator (HBC) at **1-800-701-0710 (TTY: 711)**.

You can also send a written request to disenroll to Member Services at:

Aetna Better Health of New Jersey

Attention: Member Services

PO Box 818003

Cleveland, OH 44181-8003

Disenroll from Aetna Better Health of New Jersey

As a new member, you may disenroll from the Plan at any time during the first 90 days of your enrollment. After the first 90 days you are “locked in” as a plan member unless there is good cause to disenroll. DMAHS will decide if you have good cause. It can take 30-45 days to process your disenrollment request. If you’d like to disenroll from the Plan, call the health benefit coordinator (HBC) at **1-800-701-0710 (TTY: 711)**. The HBC will tell you when you will be effective with your new health plan. You must keep using our providers until you are no longer a member with us.

Requests to disenroll

If you are a NJ FamilyCare member, you may disenroll:

- Any time during the first 90 days of enrollment
- During the state’s Open Enrollment period every October 1 through November 15
- For good cause at any time

The state will hold an Open Enrollment period every October 1 through November 15. If you choose a new health plan during the Open Enrollment period, the effective date will be January 1 and continue through the calendar year.

Disenrollment caused by a change in status

If your status changes, you may no longer be eligible for the Plan. DMAHS will decide if you are still eligible.

Some changes that can affect your benefits include:

- Change in address
- Employment change
- Moving out of the service area
- Death of a family member
- New family member

Some things that may cause you to be disenrolled from the Plan include:

- Failure to renew
- Committing fraud
- Regularly refusing to follow your provider’s instructions about treatment
- Not physically residing in the state of New Jersey for more than 30 days (except if you are a student)

If this happens, you will get a letter explaining the disenrollment process.

Enrollment and disenrollment are always subject to verification and approval by the New Jersey DMAHS. If you have any questions, you can call your state Health Benefits coordinator at **1-800-701-0710 (TTY: 711)**.

Renewing Your Coverage

NJ FamilyCare B, C, D members

The HBC will send your preprinted renewal application to your house. Fill it out and send it back to NJ FamilyCare. Call the HBC at **1-800-701-0710 (TTY: 711)** if you have any questions or need help. If you do not renew with the NJ FamilyCare program every year, your eligibility will be terminated. This means you will be dropped from the program and may not be allowed to re-enroll.

NJ FamilyCare A/ABP/Medicaid Fee-For-Service members

To avoid a gap in your coverage, you must renew with NJ FamilyCare (Medicaid) every year before your termination date.

If you do not, you could lose both your NJ FamilyCare (Medicaid) and your Aetna Better Health of New Jersey coverage. To remain enrolled, call your County Welfare Agency (CWA) to make sure there is no break in your Medicaid coverage one month before your termination date. Continuous enrollment will continue automatically. If you move, call your caseworker and inform them of your new address so that you receive your renewal application.

If you have questions, call the HBC at **1-800-701-0710 (TTY: 711)** of your local County Welfare Agency.

You must renew each year to keep your insurance. You may lose coverage if you do not renew with NJ FamilyCare.

If you are a new parent, remember to sign up your newborn baby with your local CWA or NJ FamilyCare. To keep your benefits without any breaks, renew as soon as you get the notice from the CWA office or the NJ FamilyCare Program.

Advance Directives

If you are an adult, your provider should ask you if you have an advance directive. These are instructions about your medical care. They are used when you can't say what you want or speak for yourself due to an accident or illness.

You will get medical care even if you don't have an advance directive. You have the right to make your medical decisions. You can refuse care. Advance directives help providers know what you want when you can't tell them. Written advance directives in New Jersey fall into two main groups. It is up to you whether you want to have both or just one.

Proxy directive (durable power of attorney for health care)

This is a document you use to appoint a person to make health care decisions for you in the event you become unable to make them yourself. This document goes into effect whether your inability to make health care decisions is temporary because of an accident or permanent because of a disease.

The person that you appoint is known as your "health care representative." They are responsible for making the same decisions you would have made under the circumstances. If they are unable to determine what you would want in a specific situation, they are to base their decision on what they think is in your best interest.

Instruction directive (living will)

This is a document you use to tell your provider and family about the kinds of situations you would want or not want to have life-sustaining treatment in the event you are unable to make your own health care decisions. You can also include a description of your beliefs, values and general care and treatment preferences. This will guide your provider and family when they have to make health care decisions for you in situations not specifically covered by your advance directive.

Advance directives are important for everyone to have, no matter what your age or health condition is. They let you say what type of end of life care you do and do not want for yourself.

If you have an advance directive:

- Keep a copy for yourself
- Also give a copy to the person you choose to be your medical power of attorney
- Give a copy to each one of your providers
- Take a copy with you if you have to go to the hospital or the emergency room
- Keep a copy in your car if you have one

You can also talk to your provider if you need help or have questions. We will help you find a provider that will carry out your advance directive instructions. You can file a grievance if your advance directive is not followed.

Call Member Services at **1-855-232-3596 (TTY: 711)** for help. Or visit nj.gov/health/advancedirective to learn more. If the state law changes, we will tell you about it within 90 days after the effective date of the change.
