RE: High-Investment Drug Therapy Carve-Out for Inpatient and Outpatient Hospital Payment

Effective July 1, 2020, pursuant to Oklahoma Administrative Code 317:30-3-31, 317:30-5-42.20, 317:30-5-47, and 317:30-5-47.6 the Oklahoma Health Care Authority changed the billing process for certain high-investment drug therapies. This change is to improve access to expensive but highly impactful drug therapies for the SoonerCare population. The changes to the process are as follows:

- Verify the drug therapy is on the carve-out list at www.oklahoma.gov/ohca/rx.
- Request a prior authorization for the therapy (prior authorizations are specific to billing provider).
 - Approval criteria can be found at www.oklahoma.gov/ohca/pa in the appropriate therapeutic category.
 - Prior authorization request forms can be found at www.oklahoma.gov/ohca/rxforms.
- If the prior authorization request is approved, and the member has been treated and discharged, the billing provider should:
 - Submit the inpatient or outpatient hospital claim (based on place of service) which **MUST NOT** include the carve-out drug; and
 - Submit a separate claim on an outpatient hospital claim for the carve-out drug.
 - Type of Bill to be used is 131;
 - Revenue Code 636 must be used;
 - Appropriate HCPCS code (or miscellaneous code if no specific code assigned) must be used;
 - NDC information must be billed on the HCPCS code line;
 - Purchase invoice showing the net cost for the drug therapy must be attached to the claim;
 - Claim will suspend for internal review and pricing.
 - These two claims are to be submitted at the same time. The claim for the carve-out drug will not be processed until both claims are received.

All therapies on the carve-out list will require a prior authorization.

If the billing entity is purchasing the carve-out drug through its 340B program, then all applicable federal, supplemental, and value-based rebates will be collected from the billing entity.

- Note: Please refer to www.oklahoma.gov/ohca/rx for a list of therapies excluded from 340B purchase on the 340B Carve Out List.

If you have any questions, please contact the pharmacy helpdesk at 800-522-0114, option 4 or 405-522-6205, option 4.

Thank you for your continued support and the services you provide to SoonerCare members.
