List of Covered Drugs (Drug List or Formulary)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN.**

Formulary ID Number: 27013 Version 9

This *Drug List* was updated on 10/01/2026. For more recent information or other questions, please contact us at **1-844-362-0934** or for **TTY users: 711**, 8 a.m. to 8 p.m., E.S.T., 7 days a week, or visit **[AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary)**

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which drugs and over-the-counter (OTC) drugs and non-drug products and items are covered by Aetna Medicare FIDE (HMO D-SNP). The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Aetna Medicare FIDE (HMO D-SNP). Key terms and their definitions appear in the last chapter of the *Evidence of Coverage*.

Table of Contents

A. Disclaimers..... 3

B. Frequently Asked Questions (FAQ)..... 6

 B1. What prescription drugs are on the *List of Covered Drugs*?
 (We call the *List of Covered Drugs* the *Drug List* for short.) 6

 B2. Does the *Drug List* ever change? 6

 B3. What happens when there’s a change to the *Drug List*? 7

 B4. Are there any restrictions or limits on drug coverage or any required actions to take to get
 certain drugs? 8

 B5. How will I know if the drug I want has limits or if there are required actions to take to get the
 drug? 8

 B6. What happens if Aetna Medicare FIDE (HMO D-SNP) changes their rules about how they
 cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions) 8

 B7. How can I find a drug on the *Drug List*? 9

 B8. What if the drug I want to take isn’t on the *Drug List*? 9

 B9. What if I’m a new Aetna Medicare FIDE (HMO D-SNP) member and can’t find my drug on
 the *Drug List* or have a problem getting my drug? 9

 B10. Can I ask for an exception to cover my drug?..... 10

 B11. How can I ask for an exception? 10

 B12. How long does it take to get an exception?..... 10

 B13. What are generic drugs? 11

 B14. What are original biological products and how are they related to biosimilars? 11

 B15. What are OTC drugs?..... 11

 B16. Does Aetna Medicare FIDE (HMO D-SNP) cover non-drug OTC products? 11

B17. Can I get my drugs through Mail-Order/Long-Term Supply?.....	11

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934** (TTY: 711), 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit **[AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary)**

A. Disclaimers

This is a list of drugs that members can get in Aetna Medicare FIDE (HMO D-SNP).

- ❖ Aetna Medicare FIDE (HMO D-SNP) is a Fully Integrated Dual Eligible Special Needs Plan with a Medicare contract and a contract with the New Jersey Medicaid program. Enrollment in Aetna Medicare FIDE (HMO D-SNP) depends on contract renewal. See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations, and conditions of coverage.
- ❖ When joining this plan: You must use in-network providers, DME (Durable Medical Equipment) suppliers, and pharmacies. You will be enrolled automatically into Medicaid (NJ FamilyCare) coverage under our plan, and disenrolled from any Medicaid (NJ FamilyCare) plan you are currently enrolled in. All of your Medicaid-covered services, items, and medications will then be covered under our plan, and you must get them from in-network providers. You will be enrolled automatically into Part D coverage under our plan, and you will be automatically disenrolled from any other Medicare Part D or creditable coverage plan in which you are currently enrolled. You must understand and follow our plan's rules on referrals.
- ❖ You can always check Aetna Medicare FIDE (HMO D-SNP)'s up-to-date List of Covered Drugs online at [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary) or by calling Member Services at the number listed at the bottom of this page. This call is free.
- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call Member Services at 1-844-362-0934 (TTY: 711), 8:00 a.m. to 8:00 p.m., 7 days a week. The call is free.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C1** are the drugs covered by Aetna Medicare FIDE (HMO D-SNP). The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Aetna Medicare FIDE (HMO D-SNP) will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
and
 - you fill the prescription at an Aetna Medicare FIDE (HMO D-SNP) network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/membership/njdsnp-drug-formulary) or call Member Services at 1-844-362-0934 (TTY: 711).

B2. Does the *Drug List* ever change?

Yes, and Aetna Medicare FIDE (HMO D-SNP) must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Aetna Medicare FIDE (HMO D-SNP) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we’ll cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we’ll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn’t safe, **or**
- a drug is removed from the market.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at 1-844-362-0934 (TTY: 711), 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/membership/njdsnp-drug-formulary)

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Aetna Medicare FIDE (HMO D-SNP)'s up-to-date *Drug List* online at **AetnaMedicare.com/NJDSNP-drug-formulary**. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at **1-844-362-0934 (TTY: 711)** to check the current *Drug List*.

B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain \$0 with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to **Section B14**.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change.
- Please contact your doctor if a drug you are taking is removed from the drug list.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug isn't new to the market **or**
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934 (TTY: 711)**, 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit **AetnaMedicare.com/NJDSNP-drug-formulary**

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Aetna Medicare FIDE (HMO D-SNP) before you fill your prescription. Prior authorization is different from a referral. Aetna Medicare FIDE (HMO D-SNP) may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes Aetna Medicare FIDE (HMO D-SNP) limits the amount of a drug you can get.
- **Step therapy:** Sometimes Aetna Medicare FIDE (HMO D-SNP) requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C**. You can also get more information by visiting our website at [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary). We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception to these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled List of Drugs by Drug Type has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if Aetna Medicare FIDE (HMO D-SNP) changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934** (TTY: 711), 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary)

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it on page 152. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search **by drug type**, find the **Section C1** labeled “List of Drugs by Drug Type”. The drugs in this section are grouped into categories by type. For example, if you’re taking a medicine for an infection, you should look in the “Anti-infectives” category. That is where you’ll find drugs that treat infections.

B8. What if the drug I want to take isn’t on the *Drug List*?

If you don’t find your drug on the *Drug List*, call Member Services at **1-844-362-0934 (TTY: 711)** and ask about it. If you learn that Aetna Medicare FIDE (HMO D-SNP) won’t cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that’s like the one you want to take. **Or**
- Ask Aetna Medicare FIDE (HMO D-SNP) to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I’m a new Aetna Medicare FIDE (HMO D-SNP) member and can’t find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you’re a member of Aetna Medicare FIDE (HMO D-SNP). This will give you time to talk to your doctor or other prescriber. They can help you decide if there’s a similar drug on the *Drug List* you can take instead, or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you’re taking a drug that isn’t on our *Drug List*, **or**
- our plan rules don’t let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Aetna Medicare FIDE (HMO D-SNP), **or**
- you’re taking a drug that’s part of a step therapy restriction.

If you’re taking a drug that Aetna Medicare FIDE (HMO D-SNP) doesn’t consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934 (TTY: 711)**, 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetnamedicare.com/NJDSNP-drug-formulary)

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new Aetna Medicare FIDE (HMO D-SNP) member.
- This is in addition to the temporary supply during the first 90 days you're a member of Aetna Medicare FIDE (HMO D-SNP).

Current members with a change in level of care

If you experience a change in your setting of care (such as being discharged or admitted to a nursing home or other long-term care facility), your provider or pharmacy can request a one-time prescription override. This one-time override will provide you with temporary coverage (up to a 31-day supply) for the applicable drug(s).

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Aetna Medicare FIDE (HMO D-SNP) to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Aetna Medicare FIDE (HMO D-SNP) may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9 Section 7.2** of the *Evidence of Coverage* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours.

To send your statement, you or your prescriber may call Aetna Medicare FIDE (HMO D-SNP) Member Services at **1-844-362-0934 (TTY: 711)**, 8 a.m. to 8 p.m., E.S.T., 7 days a week for assistance. You may fax us the statement to 1-844-814-2260.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934 (TTY: 711)**, 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary)

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Aetna Medicare FIDE (HMO D-SNP) covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Evidence of Coverage*.

B15. What are OTC drugs?

OTC stands for “over-the-counter.” Aetna Medicare FIDE (HMO D-SNP) offers some OTC drugs through the NJ FamilyCare (Medicaid) portion of the plan's coverage at no cost to you. You need a prescription for OTC drugs to be covered. These OTC drugs are listed in this *Drug List* in **Section C1**.

B16. Does Aetna Medicare FIDE (HMO D-SNP) cover non-drug OTC products?

Aetna Medicare FIDE (HMO D-SNP) covers **some** non-drug OTC products when they're written as prescriptions by your provider. These non-drug OTC products are listed in this *Drug List* in **Section C1**.

Examples of non-drug OTC products include condoms.

B17. Can I get my drugs through Mail-Order/Long-Term Supply?

Yes. For certain kinds of drugs, you can use CVS Caremark® Mail Service Pharmacy. Generally, the drugs available through mail order are drugs that you take on a regular basis, for a chronic or long-term medical condition.

- Mail-Order Program. We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home.
- Long-Term Supply. We offer a way to get a long-term supply of “maintenance” drugs on our plan's *Drug List*. (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.)

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934** (TTY: 711), 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.AetnaMedicare.com/NJDSNP-drug-formulary)

For more information about getting drugs through mail-order or long-term supply, please call Member Services at **1-844-362-0934 (TTY: 711)**.

B18. What is my copay?

Aetna Medicare FIDE (HMO D-SNP) members have no copay for prescription and over-the-counter (OTC) drugs and non-drug products as long as the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

- Tier 1 - Preferred Generic - \$0.
- Tier 2 - Generic - \$0.
- Tier 3 - Preferred Brand - \$0.
- Tier 4 - Non-Preferred Drug - \$0.
- Tier 5 - Specialty - \$0.

OTCs have a \$0 copay.

If you have questions, call Member Services at **1-844-362-0934 (TTY: 711)**.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934 (TTY: 711)**, 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. **For more information**, visit **[AetnaMedicare.com/NJDSNP-drug-formulary](https://www.aetna.com/NJDSNP-drug-formulary)**

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Aetna Medicare FIDE (HMO D-SNP). If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by Aetna Medicare FIDE (HMO D-SNP).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug. The following abbreviations are used:

QL: Quantity Limits: For certain drugs, our plan limits the amount of the drug that we'll cover.
PA: Prior Authorization: Our plan requires you or your provider to get prior authorization for certain drugs. This means that you'll need to get approval from us based on specific criteria before you fill your prescriptions. If you don't get approval, we may not cover the drug.
ST: Step Therapy: In some cases, our plan requires you to first try certain drugs to treat your medical condition, before we'll cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we'll then cover Drug B.
LD: Limited Distribution: The drug manufacturer may limit the number of pharmacies that can stock and dispense this medication.
MO: Mail-Order Delivery: Generally, the drugs available through mail order are drugs that you take on a regular basis, for a chronic or long-term medical condition.
B/D: Drugs that may be covered under Medicare Part B or Part D depending on the circumstance. These drugs require prior authorization to determine coverage under Part B or Part D. Information may need to be provided that describes the use or the place where the drug is received to determine coverage.
EA: Each
ML: Milliliter
ACS: Available at CVS Specialty Pharmacy. These drugs are for complex medical conditions and may require special handling and/or close monitoring. They're available through CVS Specialty Pharmacy Services or other specialty pharmacies in the network. You may not be able to get them at your local pharmacy.
HRM: High Risk Medication. According to medical experts, these drugs may cause adverse side effects if you're 65 years of age or older. If you are taking one of these drugs, ask your doctor if there are safer options available.
NDS: Non-Extended Day Supply. Not available for an extended (long-term) supply.
*: Non-Part D drugs or Over-the-Counter (OTC) drugs or non-drug products. Aetna Medicare FIDE (HMO D-SNP) offers these non-Part D drugs, OTC drugs, or non-drug products when they are written as prescriptions by your provider.

If you have questions, call Aetna Medicare FIDE (HMO D-SNP) at **1-844-362-0934** (TTY: 711), 8 a.m. to 8 p.m., E.S.T., 7 days a week. The call is free. For more information, visit [AetnaMedicare.com/NJDSNP-drug-formulary](https://www.AetnaMedicare.com/NJDSNP-drug-formulary)

C1. List of Drugs by Drug Type

The drugs in this section are grouped into categories by type. For example, if you're taking a medicine for an infection, you should look in the "Anti-infectives" category. That's where you'll find drugs that treat infection.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (e.g., *amoxicillin*), brand name drugs are capitalized (e.g., SYNTHROID), and OTC drugs and non-drug products are listed in lower-case italics with an asterisk in the far-right column (e.g., *acetaminophen tablet*). The information in the "Necessary actions, restrictions or limits on use" column tells you if Aetna Medicare FIDE (HMO D-SNP) has any rules for covering your drug.

Name of drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
ANALGESICS		
GOUT		
<i>allopurinol tablet 100mg, 300mg</i>	\$0 (Tier 1)	MO
