Florida Healthy Kids
Formulary Guide
May 2025**

What is a Formulary?

A formulary is a list of drugs that are covered by the health plan. A formulary also tells you if there are any rules or restrictions on drugs, such as a limit on the amount you can get. If the rules for that drug are met, the plan will cover the drug. Drugs must also be filled at a plan network pharmacy.

Can the Plan's Drug List change?

The plan may add or remove drugs on the list. Utilizing members and their providers will be notified at least 30 days before a drug is removed from the formulary. All changes to the formulary will be posted on the plan's website.

How do I use the Plan's Formulary?

- **Column #1:** lists the covered drug. Brand drugs are in upper case letters (e.g., DRUG). Generics are in lower case letters (e.g., drug).
- **Column #2:** shows coverage rules for the drug

Drugs are also grouped by the type of condition they treat. Drugs used to treat an earache are listed under the section, "Ear-Nose-Throat Medications." If you know what your drug is used for, please look for that section name on the drug list. Then look under that section for your drug.

What are generic drugs?

The plan covers both brand and generic drugs. Generic drugs cost less and are approved by the Food and Drug Administration (FDA).

Are Over-The-Counter (OTC) drugs covered?

The plan will cover OTC drugs on the formulary. Some OTC drugs may have coverage rules. If the rules for that OTC drug are met, the plan will cover the OTC drug. Like other drugs, OTC drugs need a prescription from a doctor if they are to be covered by the plan.

Are there Medication Copays?

Refer to member handbook for copay information.

What are some types of coverage rules?

- **Prior Approval (PA):** This means your doctor will need to get approval from the plan first before the drug can be filled at the pharmacy. If it is not approved, the plan will not cover the drug. Call Member Services team at 1-844-528-5815 for more information.
- **Quantity Level Limits (QLL):** This means there is a limit on the amount of drug the plan will cover. For example, the plan provides 60 pills in 30 days for some drugs.
- **Step Therapy (ST):** This means you may need to try certain drugs first to treat your condition.

After the first drug is tried, the plan will then cover the other drug for that same condition. For example, Drug A and Drug B may treat your condition. The plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, then Drug B will be covered.

What if my drug is not on the plan's Formulary?

First, please call your doctor and ask if your drug is covered. If the plan does not cover the drug, then:

- Ask your doctor for a similar drug that is covered.
- Your doctor can ask the plan to cover your drug through the prior approval process.
