Aetna Better Health® of Kansas

36.01.084-KS 12/24

This provider directory lists doctors, hospitals, clinics, pharmacies, and other providers that work with Aetna Better Health® of Kansas. This book will help you get health care services. You can also call us toll free at **1-855-221-5656, (TTY: 711)**, 24 hours a day, 7 days a week. We will help you find a provider. You can also view the most current list online at **AetnaBetterHealth.com/Kansas**.

We continue to add new providers to our list. Having the provider's name in this book does not mean that they will stay with us. It also does not mean that they are taking new patients. To get the most current list of providers, go to our website. Or you can call us.

If there is a provider you would like to join the plan, call us. We may be able to add them. You will not be able to use that provider until they are part of the plan.

Your Primary Care Provider (PCP)
This is your main doctor or caregiver that you picked when you enrolled with us.

- Your PCP will help you get all the covered services you need.
- Tell your PCP about any health problems you have.
- Your PCP will get to know your health history.
- Check with your PCP before you get services from other providers.

Choosing or changing your PCP
Now that you have joined us, you will need to pick a PCP for yourself and your family members who also get health care coverage from us.

- You must pick a PCP.
- Each eligible family member does not have to have the same PCP.
- If you do not pick a PCP, we will pick one for you.
- You can call us toll free at **1-855-221-5656**, **(TTY: 711)**, 24 hours a day, 7 days a week, if you have questions about choosing or changing your PCP.
- You can also request a new PCP through the secure member portal found on our website at **AetnaBetterHealth.com/Kansas** or through the Aetna Better Health free mobile app available for your smartphone.

Specialty care
Specialty care comes from providers who treat certain problems. These providers are called specialists. Some kinds of special health care needs mean that you must visit a specialist instead of your PCP. Your PCP will send you to a specialist if you need one. For most health care, the specialist will only see you if your PCP sends you. If you have questions, call us at **1-855-221-5656**, **(TTY: 711)**, 24 hours a day, 7 days a week.

Individuals with hearing issues or difficulty speaking
Individuals who are deaf, hard of hearing, or have difficulty speaking can use the Kansas Relay Service **(TTY: 711)**.

Languages services
All providers speak English and have interpreter services available. Other languages spoken are listed.

After Hours
If you need non-emergency care after normal business hours, call your provider's office or our 24 hour Nurse Line at **1-855-221-5656**. Your provider's number is listed on your member ID card. Your doctor or their answering service will be able to answer your questions, provide you instructions, and can arrange any necessary services. Our Nurse Line is always open to answer your questions. They will help guide you to the right place so you get the best care.

Emergency
When you need emergency care, **call 911** or go to the closest hospital. The hospital DOES NOT need to be in our network. You do not need preapproval for emergency transportation or emergency care in the hospital.

See the legend on the next page.

When looking for a provider, use this guide to find one who can take care of any special needs you have. **NA** means the information is Not Available at time of press.
