❖ The list is up-to-date as of **May 10, 2025**, but you need to know that:

- Some Aetna Better Health Premier Plan network providers may have been added or removed from our network after this Directory was published.
- Some Aetna Better Health Premier Plan providers in our network may no longer be accepting new members. If you are having trouble finding a provider who will accept new members, call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week, and we will help you.
- To get the most up-to-date information about Aetna Better Health Premier Plan's network providers in your area, visit **AetnaBetterHealth.com/Michigan-mmp** or call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week. The call is free.
- Doctors and other health care professionals in Aetna Better Health Premier Plan's network are listed in section C. Pharmacies in our network are listed in section D.

B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurse practitioners, psychologists, hearing, dental, or vision specialists, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long term supports and services (LTSS), supplies, prescription drugs, equipment and other services.
  - The term "providers" also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long term supports and services.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a primary care clinician such as a general practitioner, an internist, a family practitioner, an OB/GYN, a geriatrician or a nurse practitioner who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples :
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.

- Orthopedists care for patients with certain bone, joint, or muscle conditions.
- Referrals from your network PCP ***or*** our plan are not needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; **or**
  - services from a women's health specialist.
- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals is available in Chapter 3 of the *Member Handbook*.

- Your provider may need **prior authorization (PA)** or an approval from Aetna Better Health Premier Plan before you get certain services. Covered services that need PA are marked in the Benefits Chart in Chapter 4. Some drugs are covered only if you get PA from us. Covered drugs that need PA are marked in the *List of Covered Drugs*.

- You also have access to a **Care Coordinator** *and/or* a **Care Team** that you choose.
  - A **Care Coordinator** helps you manage your medical providers and services. They work with your care team to make sure you get the care you need.
  - Your **Care Team** includes you, your chosen legal representative, your care coordinator, your primary care provider, your LTSS Coordinator or PIHP Supports Coordinator (as applicable) and may include your family members/caregivers and others as you choose. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you should choose a Primary Care Provider. You may be able to have a specialist act as your PCP. If you would like a specialist to be your PCP, please talk to your Care Coordinator or call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week. The specialist must agree to be your PCP. Specialists who perform primary care functions including specialists who provide primary care in Federally Qualified Health Centers (FQHCs), rural health clinics, health departments and other similar community clinics may act as PCPs.

To choose a PCP, refer to the list of providers in section C and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week. The call is free. Or, visit **AetnaBetterHealth.com/Michigan-mmp.**
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B4. Long term supports and services (LTSS)

As an Aetna Better Health Premier Plan member, you may be able to get long term supports and services (LTSS), such as home health, personal care, nursing home and home and community-based services (adult day program, respite, expanded community living supports, preventive nursing services, private duty nursing, and other services). LTSS helps people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

You should discuss long term supports and services with your Care Coordinator to determine which services you qualify for and how to access them.

B5. How to identify providers in Aetna Better Health Premier Plan's network

You must get all of your covered services from providers within our network. If you use providers who are not in Aetna Better Health Premier Plan's network (without PA from us), you will have to pay the bill.

A **PA** is an approval from Aetna Better Health Premier Plan before you can get a specific service, drug, or use an out-of-network provider. Aetna Better Health Premier Plan may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if Aetna Better Health Premier Plan gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. If you would like to change your PCP, talk to your Care Coordinator or call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day,7 days a week. For some providers, you may need a referral from your PCP.
- Aetna Better Health Premier Plan works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, Aetna Better Health Premier Plan can help you. Talk to your Care Coordinator for assistance.

B6. How to find Aetna Better Health Premier Plan providers in your area

This directory is arranged by provider specialty, region, county, city and provider name. Look for the county and city where you live and find a provider near you.

B7. List of network providers

This Directory of Aetna Better Health Premier Plan's network providers contains:

- **Health care professionals** including primary care providers, who may be physicians, physician assistants, or nurse practitioners; hearing, dental, or vision specialists;
- **Facilities** including hospitals; urgent care centers; skilled nursing facilities/nursing facilities; Prepaid Inpatient Health Plan (PIHP) facilities for needs related to behavioral health, intellectual/developmental disability, and/or substance use; and Federally Qualified Health Centers (FQHCs); and Rural Health Centers (RHCs); **and**
- **Support providers** including adult day programs; assistive technology; chore services; community transitions; environmental modifications; home-delivered meals; LTSS and non-LTSS home health agencies; medical supplies; non-medical transportation; personal care; preventive nursing; private duty nursing; respite care.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

You may get services from any of the providers on this list. This directory includes providers of both Medicare and Medicaid services.
