Pharmacy Information

D. List of network pharmacies

This part of the Directory provides a list of pharmacies in Aetna Better Health Premier Plan's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

Aetna Better Health Premier Plan members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service.
- Read the Aetna Better Health Premier Plan *Member Handbook* for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory.

For up-to-date information about Aetna Better Health Premier Plan network pharmacies in your area, please visit our website at **AetnaBetterHealth.com/Michigan-mmp** or call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week. The call is free.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and Aetna Better Health Premier Plan's *List of Covered Drugs*. These documents and an online formulary search tool can be found on the Aetna Better Health Premier Plan's website at **AetnaBetterHealth.com/Michigan-mmp.**

D1. How to identify pharmacies in Aetna Better Health Premier Plan's network

Along with retail and chain pharmacies, your plan's network of pharmacies includes:

- Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) Pharmacies.

You are not required to continue using the same pharmacy to fill your prescriptions.

D2. Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. **A 90-day supply has the same copay as a one-month supply**.

E. Aetna Better Health Premier Plan's Network Pharmacies

You can use any of the pharmacies in our network. Retail and Mail Order Pharmacies are accessible to all members. Home Infusion and Long-Term Care pharmacies are accessible to members as long as they are eligible for their services.

Mail Order Pharmacy

Pharmacies Listed by Specialty, Region, County, City, Provider Name

E2. Mail order pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program which is called CVS Mail Order Pharmacy. The pharmacy must get permission before shipping or delivering any prescriptions you do not personally initiate.

1. New prescriptions the pharmacy gets from you

The pharmacy will automatically fill and deliver new prescriptions it gets from you.

2. New prescriptions the pharmacy gets directly from your provider's office

The pharmacy will automatically fill and deliver new prescriptions it gets from health care providers, without checking with you first, if either:

3. Refills on mail-order prescriptions

For refills, please contact your pharmacy 15 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

So the pharmacy can reach you to confirm your order before shipping, please make sure to let the pharmacy know the best ways to contact you. Contact CVS Caremark Customer Care at **1-844-843-6264 (TTY: 1-800-231-4403)** to tell them the best way to reach you. You can also register online with CVS Caremark at **Caremark.com** to specify how you would like to be contacted. If we don't know the best way to reach you, you might miss the chance to tell us whether you want a refill and you could run out of your prescription drugs.

You also have the choice to sign up for automated mail order delivery through our CVS Mail Order Pharmacy. Typically, you should expect to get your prescription drugs within 10-15 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time or if you would like to cancel an automatic order, please contact us at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week. To learn more about mail order pharmacies, refer to Chapter 5 of the *Member Handbook*.

Long-Term Care Pharmacies

Pharmacies Listed by Specialty, Region, County, City, Provider Name

E4. Long-term care pharmacies

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under Aetna Better Health Premier Plan through the facility's pharmacy or another network pharmacy. To learn more about drug coverage in special cases, refer to Chapter 5 of the *Member Handbook*.

Long-Term Care (LTC) pharmacies are included in the network. These pharmacies offer pharmacy services to members that are housed in a type of group home like a nursing home or rehabilitation center. Generally, all LTC pharmacies are in network. LTC pharmacies will fill prescription orders written by medical staff in the group home and deliver the medication directly to the medical staff who will distribute the medication to the members. Generally, each group home will have one or two LTC pharmacies that supply most of the pharmacy services to all of the members residing in the facility.

To get information about filling your prescriptions at an LTC pharmacy call Member Services at **1-855-676-5772 (TTY: 711)**, 24 hours a day, 7 days a week
