IMPORTANT REMINDER: 340B Drug Pricing Program Provider Requirements and Billing Instructions - Pharmacy Services

Dear Aetna Better Health Provider:

We would like to remind all 340B covered providers of your requirements under the 340B program for drugs you purchase and dispense to Aetna Better Health of Pennsylvania members or Aetna Better Health Kids members. We are also providing helpful usual and customary billing guidelines for 340B acquired drugs below.

340B provider requirements:
- You must report to the Health Resources and Services Administration (HRSA) on your claim submission if you are billing Aetna Better Health or Aetna Better Health Kids for drugs purchased under the 340B Program
- You must be listed on HRSA's Medicaid Exclusion File on the HRSA website if you are billing Aetna Better Health or Aetna Better Health Kids for drugs purchased under the 340B Program
- You must ensure that the information in the HRSA Medicaid Exclusion File is accurate, complete, and verifiable

Medical pharmacy billing tips:
For physician and hospital administered drugs, there are two Healthcare Common Procedure Coding System (HCPCS) Level II modifiers that can be used on your claim to identify 340B-acquired drugs:
- Modifier "JG" Drug or biological acquired with 340B drug pricing program discount.
- Modifier "TB" Drug or biological acquired with 340B drug pricing program discount, reported for informational purposes

Outpatient pharmacy billing tips:
For outpatient drugs filled under pharmacy, the following NCPDP fields identify if a claim is for a 340B-acquired drugs:
- Submission Clarification Code (SCC) = 20
  or
- Basis of Cost = 08
