

Aetna Better Health® of Texas Provider Relations....Invites you to Attend!

We are pleased to introduce an upcoming webinar that will be facilitated by Rubicon MD. The webinar will take place November 8th 6p-7p. est. CME Credits (1.0) and our speaker is Jasmine Riviere Marcelin, MD. (Please see BIO below)

- The topic for this session is: Being an Effective #Stewie when Prescribing Antimicrobials in the Ambulatory Setting.
- Description: Antibiotic resistance is a major public health issue that leads to -2 million infections and -23 thousand deaths per year in the U.S. Antibiotic use is the primary cause of antibiotic resistance. In this webinar, Dr. Jasmine Riviere Marcelin, MD. will summarize the risks and benefits of antimicrobial use in the primary care setting; educate on the primary care clinician's role as a judicious #Stewie (Antimicrobial Steward); and share ways to apply select clinical pathway guidance to syndrome-specific and patient-dependent antibiotic prescribing in the primary care setting.

Learning Objectives:

By the end of the session, participants will:

1. Summarize the risks and benefits of antimicrobial use in the primary care setting
2. Understand the primary care clinician's role as a judicious #Stewie (Antimicrobial Steward)
3. Apply select clinical pathway guidance to syndrome-specific and patient-dependent antibiotic prescribing in the primary care setting

BIO: Jasmine Riviere Marcelin, MD

Assistant Professor, Infectious Diseases
Associate Medical Director, Antimicrobial Stewardship Program
Associate Medical Director, Infection Control
Division of Infectious Diseases
University of Nebraska Medical Center

Dr. Jasmine R. Marcelin is an Assistant Professor in the Department of Medicine, Division of Infectious Diseases, Infectious Diseases (ID) faculty member at University of Nebraska Medical Center (UNMC), and Associate Medical Director of Antimicrobial Stewardship at Nebraska Medicine. Born on the island of Dominica and raised on the island of Antigua (both in the Caribbean), she obtained a Bachelor of Science in Biology/Chemistry and Diploma in Forensic Sciences from Saint Mary's University in Halifax, Nova Scotia. Dr. Marcelin obtained her medical degree from American University of Antigua College of Medicine, graduating summa cum laude and valedictorian of her class. She went on to complete internal Medicine Residency and Infectious Diseases Fellowship at Mayo Clinic in Rochester Minnesota, and is Board Certified in Internal Medicine and Infectious Diseases. She began her appointment on the ID faculty at UNMC/Nebraska Medicine in September 2017. She is a member of the Society for Healthcare Epidemiology of America (SHEA) and Infectious Diseases Society of America (IDSA), and has recently been nominated to the SHEA Journal Club Committee. Dr. Marcelin has published several peer-reviewed manuscripts indexed in PubMed and has a clinical interest in Antimicrobial Stewardship, Medical Education and HIV medicine. Dr. Marcelin is an avid writer and is one of the co-administrators of the UNMC ID Blog and social media accounts. She has been invited to speak at several high schools on medical career days and is passionate about promoting gender and racial/ethnic diversity in Medicine. Dr. Jasmine Marcelin is the proud wife of Dr. Alberto Marcelin, a Family Physician at Nebraska Medicine (Chalco Clinic, At 168th and Giles), and proud mother of two boys, Nathaniel (age 6) and Giovanni (age 2)

Lecture Format

This lecture will be conducted as a one-hour live webinar. Registration is free. Participants will submit a survey at the end of the session to claim CME credit.

AAFP CREDIT STATEMENT

This Live series activity, Optimizing Management of Common Specialty Conditions in the Primary Care Setting, from 07/01/2018-07/01/2019, has been reviewed and is acceptable for credit by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Each webinar in the series is approved for 1.0 AAFP Prescribed credits.

AMA/AAFP Equivalency: AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s) toward the AMA Physician's Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

This Live series activity is eligible for Continuing Education credit from the American Association of Physician Assistants (AAPA) and the American Association of Nurse Practitioners (AANP). Physician Assistants (PAs) and Nurse Practitioners (NPs) may claim AMA PRA Category 1 Equivalent credits per webinar based on their participation.
