

## **Aetna Better Health®**

### **Specialty Drug Program**

Aetna Better Health Specialty Drug Program is managed through CVS Health Specialty Pharmacy. The Specialty pharmacies fill prescriptions and ship drugs for complex medical conditions, including multiple sclerosis, rheumatoid arthritis and most cancer drugs. Medications provided through CVS specialty pharmacy include injectable, oral and inhaled drugs. Due to the complexity of these drugs, they require a high level of support and care guidelines for shipment and storage.

The Specialty Drug Program provides care management services to your members, including:

- 24 hours a day, seven days a week access to a pharmacist
- Disease-specific education and counseling by the CareTeam™. The CareTeam™ are clinical professionals who review dosing and medication schedules, identify injection issues, provide education of potential side effects and provide information to help your member to manage their medical condition.
- Care coordination with your member and you
- Delivery of Specialty drugs to your member's home and/or your office in temperature-controlled packaging with the required supplies, i.e. needles, syringes, and alcohol wipes

Contact CVS Specialty Pharmacy at 1-800-237-2767 from 7:30 a.m. (EST) to 9:00 p.m. (EST) time, Monday – Friday. CVS Specialty Pharmacy will assist you in filling your specialty drug. Prior Authorization (PA) still applies to specific specialty drugs that require a clinical review. You can check our health plan website at <https://www.aetnabetterhealth.com/texas/providers/pharmacy/prior-authorization> to confirm PA requirements on the below listed medications as well as review of the PA Guideline used in our clinical reviews.

**Aetna Better Health®**  
**Specialty Drug Program**

Drug Class	DRUG NAME
ALLERGEN IMMUNOTHERAPY	ORALAIR
Growth Hormone	SAIZEN
Alpha-1 Antitrypsin Deficiency	ARALAST NP
Alpha-1 Antitrypsin Deficiency	GLASSIA
Alpha-1 Antitrypsin Deficiency	ZEMAIRA
Coagulation Disorders	CEPROTIN
Cryopyrin Associated Periodic Syndromes	ILARIS
Gastrointestinal	GATTEX
Growth Hormone	GENOTROPIN
Growth Hormone	HUMATROPE
Growth Hormone	INCRELEX
Growth Hormone	NORDITROPIN
Growth Hormone	NUTROPIN
Growth Hormone	OMNITROPE
Growth Hormone	SEROSTIM
Growth Hormone	TEV-TROPIN
Growth Hormone	ZORBTIVE
Hematopoietics	MOZOBIL
Hemophilia	ADVATE
Hemophilia	ALPHANINE SD
Hemophilia	ALPHANATE
Hemophilia	ALPROLIX
Hemophilia	BEBULIN
Hemophilia	BENEFIX
Hemophilia	CORIFACT
Hemophilia	ELOCTATE
Hemophilia	FEIBA NF
Hemophilia	HELIXATE FS
Hemophilia	HEMOFIL M
Hemophilia	HUMATE-P
Hemophilia	KOATE-DVI
Hemophilia	MONOCLATE
Hemophilia	MONONINE
Hemophilia	NOVOSEVEN RT

## Aetna Better Health® Specialty Drug Program

Drug Class	DRUG NAME
Hemophilia	PROFILNINE SD
Hemophilia	RECOMBINATE
Hemophilia	RIXUBIS
Hemophilia	TRETTEN
Hemophilia	WILATE
Hemophilia	XYNTHA
Hemophilia	XYNTHA SOLOFUSE
Hepatitis B	BARACLUDGE
Hereditary Angioedema	BERINERT
Hereditary Angioedema	CINRYZE
Hereditary Angioedema	FIRAZYR
I.V.I.G.	BIVIGAM
I.V.I.G.	CARIMUNE NF NANOFILTERED
I.V.I.G.	CYTOGAM
I.V.I.G.	FLEBOGAMMA
I.V.I.G.	GAMMAGARD LIQUID
I.V.I.G.	GAMMAKED
I.V.I.G.	HIZENTRA
I.V.I.G.	OCTAGAM
I.V.I.G.	PRIVIGEN
I.V.I.G.	GAMUNEX-C
Idiopathic Thrombocytopenic Purpura	NPLATE
Idiopathic Thrombocytopenic Purpura	PROMACTA
Infectious Disease	ACTIMMUNE
Iron Overload	EXJADE
LIPID DISORDER	KYNAMRO
Lysosomal Storage Diseases	ALDURAZYME
Lysosomal Storage Diseases	CEREZYME
Lysosomal Storage Diseases	CYSTAGON
Lysosomal Storage Diseases	ELAPRASE
Lysosomal Storage Diseases	FABRAZYME
Lysosomal Storage Diseases	LUMIZYME
Lysosomal Storage Diseases	MYOZYME
Lysosomal Storage Diseases	NAGLAZYME

## Aetna Better Health® Specialty Drug Program

Drug Class	DRUG NAME
Lysosomal Storage Diseases	VIMIZIM
Lysosomal Storage Diseases	VPRIV
Movement disorders	Xenazine
Multiple Sclerosis	EXTAVIA
Multiple Sclerosis	MITOXANTRONE
Multiple Sclerosis	PLEGRIDY
Multiple Sclerosis	AUBAGIO
Neutropenia	GRANIX
Neutropenia	LEUKINE
Oncology - Injectable	GAZYVA
