A Message from Kathy Szafran Executive Director, Mountain Health Promise Aetna Better Health of West Virginia

It was great connecting with many of you during the Virtual Office Meeting a couple of weeks ago. I appreciated the emails and the notes of support I have subsequently received. As we get closer to March 1, "Go Live", I want to be sure we have fulfilled our promise to provide you with the information you need to serve our MHP members.

For the past 3+ months we have been working diligently in preparation for this truly unique initiative. During this time, we have sought the input of multiple stakeholders including foster children, their families, providers, government officials and multiple community organizations among others. We have benefited from the advice received from our partners. Many of the recommendations that were offered have been incorporated into our final program design. We appreciate this input and will continue to seek stakeholder advice as MHP evolves.

Throughout this process our goal has been to get to you real time information that YOU need to assist with the transition from straight Medicaid, to Aetna, Mountain Health Promise. Additionally, we wanted the benefit from your knowledge, experience and insight on how best to serve our MHP members.

You are an incredible community of caring and compassionate providers. Each of you are here for the right reasons and have dedicated your lives to the children and youth we serve. Your partnership is essential to the success of MHP.

Now that we are ready to "Go Live", the real work before us begins... to improve the lives and opportunities for our state's foster children, their families and our communities. I have no doubt that working together, we can and will exceed all our expectations.

Thank you for your support and partnership. I look forward to working with each of you!

My best,

Kathy

Virtual Office Chat Sessions

Aetna's Virtual Office Chat Sessions are held every Friday from 9 AM to 10 AM. Our next call is scheduled for Friday, March 6. This will be our first call following the March 1, implementation of the Mountain Health Promise program. We want to reserve this time to address any questions, comments you might have about the program including any issues you or our members may have encountered. Topics for future calls will be determined based on the feedback we receive from providers related to your initial experiences with the MHP program. Feel free to share any comments you have. Your input is greatly appreciated.

Providers may access the Session by calling **1-844-712-3250 and using Access Code 717 079 411.** Lisa Sentich, an Aetna Provider Relations representative will host the call. If you have problems accessing the session, please send a message to Lisa Sentich at SentichL@aetna.com.
