PRIOR AUTHORIZATION METRICS FOR MEDICAL ITEMS AND SERVICES (EXCLUDING DRUGS)

To comply with the CMS Interoperability and Prior Authorization [final rule](#), **Aetna Better Health® Kids** is required to annually report aggregated prior authorization metrics on our website. Specifically, this includes a list of all medical items and services (excluding drugs) that require prior authorization, as well as data on prior authorization requests for those items and services (e.g., approvals, denials, etc.) over the previous calendar year. Publicly reporting these metrics promotes transparency and accountability, helps patients understand prior authorization processes, and enables providers to evaluate payer performance. In addition, metrics can be used to compare plans, programs, and payers. For questions on the data below, please contact: 1-866-638-1232 (TTY: 711)

At Aetna Better Health® Kids, our mission is to reduce administrative burdens for providers while delivering exceptional care to our members.

One way we achieve this is by continually reviewing prior authorization requirements. This effort helps ensure that care is delivered more efficiently and without unnecessary delays.
