## B. Background Information about Aetna Assure Premier Plus (HMO D-SNP)'s Network Providers

### B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Managed Long Term Services and Supports (MLTSS), supplies, prescription drugs, equipment, and other services.
  - The term **providers** also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and MLTSS.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. The providers in our network generally bill us directly for care they give you. When you see a network provider, you pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a family practitioner; general practitioner; geriatrician; certified nurse practitioner; internist; obstetrician/gynecologist; pediatrician or physician assistant who gives you routine health care. Your Primary Care Provider/PCP will keep your medical records and get to know your health needs over time.

**If you have questions**, call Aetna Assure Premier Plus (HMO D-SNP) Member Services at **1-844-362-0934 (TTY: 711)**, 8 a.m. - 8 p.m. (EST), 7 days a week. The call is free. For more information, visit **[AetnaBetterHealth.com/new-jersey-hmosnp](https://www.aetna.com/betterhealth/new-jersey-hmosnp)**.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
  - More information on referrals is available in Chapter 3 of the *Evidence of Coverage*.
- You also have access to a **Care Manager** and a **Care Team** that you choose.
  - A **Care Manager** helps you manage your medical providers and services.
  - Your **Care Team** includes your Primary Care Provider/PCP who could be a family practitioner; general practitioner; geriatrician; certified nurse practitioner; internist; obstetrician/gynecologist; pediatrician or physician assistant. Everyone on your care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your Primary Care Provider/PCP should know all medicines you take so that he or she can reduce any negative effects. Your Primary Care Provider/PCP will always get your permission before sharing your medical information with other providers.

## B2. How to choose a Primary Care Provider/PCP

You can get services from any provider who is in our network and accepting new members.

When you become a member of our plan, you will choose a Primary Care Provider/PCP who is part of our plan network. This provider will be your Primary Care Provider/PCP. You may be able to have a specialist act as your Primary Care Provider/PCP. You may be able to have a specialist act as your Primary Care Provider/PCP. The specialist will have to first agree to do so. If you want a specialist to be your Primary Care Provider/PCP, talk to your Care Manager. Your Care Manager will work with the specialist to become your Primary Care Provider/PCP. You may also want to contact the specialist directly to discuss your needs.

If you did not choose a Primary Care Provider/PCP or would like to make a change to your Primary Care Provider/PCP, go to the list of providers in Section C on page 10 and choose a provider:

that you use now, **or**

who has been recommended by someone you trust, **or**

- If you want help in choosing a PCP, call Member Services at the numbers listed at the bottom of this page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

MLTSS is help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Often, these services are provided at your home or in your community, but they can also be provided in a nursing home or hospital when necessary. MLTSS is available to members who meet certain clinical and financial requirements.

You can talk to your Care Manager or call Member Services at the numbers listed at the bottom of this page *or* at the numbers in the footer of this document to find out if you are eligible for MLTSS.

MLTSS providers are listed in this *Provider and Pharmacy Directory*. To find out more about these services, see your *Evidence of Coverage*. Call Member Services at the numbers listed at the bottom of this page to get more information on how to access these services.

### B4. How to access Aetna Assure Premier Plus (HMO D-SNP)'s network providers

You must get all of your covered services from providers within our network. If you go to providers who are not in Aetna Assure Premier Plus (HMO D-SNP)'s network (**without prior authorization**), **you may have to pay for those services.**

A **prior authorization** is an approval from Aetna Assure Premier Plus (HMO D-SNP) before you can get a specific service, drug, or see an out-of-network provider. Aetna Assure Premier Plus (HMO D-SNP) may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. If you are receiving services at a nursing home, assisted living, home health nurses, aides or "waiver" services, you may continue with your current providers for a maximum of 90 days. You can also go outside the plan for other non-emergency services if Aetna Assure Premier Plus (HMO D-SNP) gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. If for any reason you want to change your PCP, you must first call Member Services at **1-844-362-0934 (TTY: 711)** 8 a.m. to 8 p.m. (EST), 7 days a week to ask for the change. The change will take effect immediately upon receipt of the request. You will receive a new member ID card within 14 days. If you need to see your PCP before you get your new member ID card, your PCP's office can call us to verify your eligibility. If you are thinking about changing your PCP, talk to your Care Manager.
- Aetna Assure Premier Plus (HMO D-SNP) works with all the providers in our network to accommodate the needs of people with disabilities. If you need to see a provider and are not sure if they offer the accommodations you need, Aetna Assure Premier Plus (HMO D-SNP) can help you. Talk to your Care Manager for assistance.

**If you have questions**, call Aetna Assure Premier Plus (HMO D-SNP) Member Services at **1-844-362-0934 (TTY: 711)**, 8 a.m. - 8 p.m. (EST), 7 days a week. The call is free. For more information, visit [AetnaBetterHealth.com/new-jersey-hmosnp](https://www.aetna.com/betterhealth/new-jersey-hmosnp).

## B5. How to find Aetna Assure Premier Plus (HMO D-SNP) providers in your area

This Directory includes providers of both Medicare and Medicaid services. Members can see any in-network provider for Medicare and/or Medicaid services. It is arranged by provider type, region, county and city. The regions listed are:

- Northern Region: Bergen, Hudson, Passaic counties
- East Central Region: Essex, Middlesex, Union counties
- Southern Region: Camden, Mercer, Monmouth, Ocean counties

### How to Access Out-of-Network Providers

As a member of Aetna Assure Premier Plus (HMO D-SNP), you must use network providers. If you receive unauthorized care from an out-of-network provider, we may deny coverage and you will be responsible for the entire cost. Here are four exceptions:

- The plan covers emergency care or urgently needed care that you get from an out-of-network provider.
- If you need medical care that Medicare or NJ FamilyCare (Medicaid) requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider. The out-of-network provider must get prior authorization from the plan before you get care. Then, we will cover these services at no cost to you.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area.
- You may receive Family Planning services through out-of-network providers. In these cases, the services will be covered directly through Medicaid fee-for-service.

If the out-of-network provider got prior authorization, you should ask the out-of-network provider to bill us first. If you get a bill for medical care you have received, do not pay it. If you have already paid for the covered services or if the out-of-network provider sends you a bill, please contact Member Services at **1-844-362-0934 (TTY: 711)**, 8 a.m. – 8 p.m. (EST), 7 days a week or send us the bill. When you send us the bill, we will review it and decide whether the services should be covered.
