Using This Directory

What Is A Primary Care Physician?

Your Primary Care Physician (PCP) is your personal health care doctor. Medical services are managed by your doctor, who is best qualified to direct your care. For specialized care, your PCP may refer you to a specialty doctor. Over 2,300 specialists are available to you.

Choosing A Primary Care Physician

When you enroll, you and your covered family members choose a (PCP) from the doctors listed in this directory. You may choose the same doctor for the whole family; however, there are set age limits for some doctors, so you may need to pick a different doctor for each family member. PCPs may be General Practice, Family Practice, Internal Medicine, or Pediatric doctors. The age limits for each specialty are as follows:

Specialty	Age Standard
Pediatrics	0 through 20th year
Family and General Practice	All ages
Internal Medicine	19 years of age and older
Obstetrics/Gynecology	Females 18 years and older

If you have special health issues and may need to choose a specialist as your PCP, please call Member Services for help.

Hospital Affiliations

Hospital affiliations are verified, via mail or phone, by contacting the hospital listed by the provider and requesting confirmation that the provider has privileges at the hospital.

Medical Group Affiliations

The medical group affiliation is verified at the time of contracting with a sign off by the group president listing all participants, but this is not verified by the Plan.

Acceptance of New Patients

Acceptance of new patients is indicated on the provider's initial and/or re-credentialing application. If a change is to be made, the provider makes the request in writing and the credentialing committee determines if the change is approved or denied based on the reason for the request.

Languages Spoken

Languages spoken by the practitioner/clinical staff is indicated on the provider's initial and/or re-credentialing application and is not verified by the Plan.

May I Change Doctors?

Yes, but you may want to wait if you are still seeing the doctor for a current problem. To change your doctor, call Customer Service at 1-866-316-3784. If we receive your call on or before the 15th of the month, the change will be effective immediately. If you call after the 15th of the month, your doctor will change on the first of the following month, but you may begin to see him/her right away.
