Pharmacy Information

Pharmacies

This part of the Directory provides a list of pharmacies in Aetna Better Health of Ohio's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside the Aetna Better Health of Ohio area in which you live. You may also fill your prescriptions at these pharmacies. Please contact Aetna Better Health of Ohio at **1-855-364-0974 (TTY: 711)**, 24 hours a day, 7 days a week for additional information.

➨ Aetna Better Health of Ohio members must use network pharmacies to get prescription drugs.

- You must use network pharmacies except in emergency or urgent care situations. If you go to an out-of-network pharmacy for prescriptions when it is not an emergency or urgent care situation, including when you are out of the service area, call Aetna Better Health of Ohio's toll-free Member Services or 24-hour nurse advice line for assistance in getting your prescription filled.
- If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the Aetna Better Health of Ohio Member Handbook for more information.

➨ Some network pharmacies may not be listed in this Directory.

- Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about Aetna Better Health of Ohio network pharmacies in your area, please visit our web site at **www.aetnabetterhealth.com/ohio** or call Member Services at **1-855-364-0974**, 24 hours a day, 7 days a week. **TTY** users should call **711**. The call is free.

You can find the List of Covered Drugs on the Aetna Better Health of Ohio website at **www.aetnabetterhealth.com/ohio** or by calling Member Services at **1-855-364-0974 (TTY: 711)**, 24 hours a day, 7 days a week. Identifying pharmacies in our network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail-Order Pharmacies
- Home infusion pharmacies
- Long-term care (LTC) pharmacies

➨ You are not required to continue going to the same pharmacy to fill your prescriptions.

Long-term supplies of prescriptions

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

Mail Order Pharmacy
Pharmacies Listed by Pharmacy Name

Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program which is called CVS Mail Order Pharmacy.

You also have the choice to sign up for automated mail order delivery through our CVS Mail Order Pharmacy. The pharmacy must obtain consent before shipping or delivering any prescriptions you do not personally initiate.

1. **New prescriptions the pharmacy gets from you**

   The pharmacy will automatically fill and deliver new prescriptions it gets from you.

2. **New prescriptions the pharmacy gets directly from your provider's office**

   The pharmacy will automatically fill and deliver new prescriptions it gets from health care providers, without checking with you first, if either:

   - You used mail order services with this plan in the past, or
   - You sign up for automatic delivery of all new prescriptions you get directly from health care providers. You may ask for automatic delivery of all new prescriptions now or at any time by contacting CVS Caremark Customer Care at **1-800-552-8159** (hearing impaired only, **TTY 1-800-231-4403**).

   Typically, you should expect to get your prescription drugs within 10 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at **1-855-364-0974, TTY/TDD:711**, 24 hours a day, 7 days a week. To learn more about mail order pharmacies, see Chapter 5 of the *Member Handbook*.

3. **Refills on mail-order prescriptions**

   For refills, please contact your pharmacy 15 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

   So the pharmacy can reach you to confirm your order before shipping, please make sure to let the pharmacy know the best ways to contact you. Contact CVS Caremark Customer Care at **1-800-552-8159 (TTY: 1-800-231-4403)** to tell them the best way to reach you. If we don't know the best way to reach you, you might miss the chance to tell us whether you want a refill and you could run out of your prescription drugs.

Long-Term Care Pharmacies

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under Aetna Better Health of Ohio through the facility's pharmacy or another network pharmacy. To learn more about drug coverage in special cases, see Chapter 5 of the *Member Handbook*.

LTC pharmacies are included in the network. These pharmacies offer pharmacy services to patients that are housed in a type of group home like a nursing home or rehabilitation center. Generally, all LTC pharmacies are in network. LTC pharmacies will fill prescription orders written by medical staff in the group home and deliver the medication directly to the medical staff who will distribute the medication to the members. Generally, each group home will have one or two LTC pharmacies that supply most of the pharmacy services to all of the members residing in the facility.

To get information about filling your prescriptions at an LTC pharmacy call your care manager or Member Services at **1-855-364-0974 (TTY: 711)**, 24 hours a day, 7 days a week.
