This managed care plan may not cover all of your child's health care expenses. Read the plan contract carefully to determine which health care services are covered. To contact the plan call 1-800-822-2447.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies. This plan is provided by Aetna Health Inc. (Aetna).

Not all health care services are covered. Please see your plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. Information is believed to be accurate as of the production date; however, it is subject to change.

Welcome!

Thank you for enrolling your child in the Children's Health Insurance Program (CHIP) brought to you by Aetna Better Health Kids. Your child has a wide range of benefits available to them through the CHIP program. These include, but are not limited to:

- Doctor's visits
- Prescriptions
- Checkups
- Dental care
- Vision care
- Emergency room visits
- Behavioral health care
- Hospital stays
- Tests and x-rays

CHIP is a state and federally funded program that provides health insurance for uninsured children up to age 19, who are not eligible for Medical Assistance. We provide CHIP coverage through a contract with the Pennsylvania Department of Human Services Office of Children's Health Insurance Program. Every CHIP member must renew benefits annually (subject to program funding availability and continued eligibility). The renewal process is simple and described in this handbook.

This handbook will help you understand your child's CHIP benefits, how to access care, and how to get in touch with us. It also provides information on members’ rights and responsibilities.

If you haven't received your child's Aetna Better Health Kids member identification card (ID) in the mail, it will arrive shortly. Each child enrolled receives his or her own ID card. You'll need to use this ID card when your child gets care. You'll also need to take the card to the pharmacy when picking up prescriptions for your child.

If you have any problems reading or understanding this information, have questions about your child's coverage or the care your child is receiving, or don't get your child's ID card, call us at 1-800-822-2447.

Welcome to CHIP, brought to you by Aetna Better Health Kids! We’re glad you’re a member and look forward to serving you.
I. Eligibility and enrollment

Who is eligible for CHIP?
To qualify and enroll in CHIP, your child must be:
• Under the age of 19
• A U.S. citizen, a U.S. National or a qualified alien
• A resident of Pennsylvania
• Without other insurance
• Not eligible for Medical Assistance

How can I check on the enrollment or eligibility status of my child?
You can check on your child’s enrollment or eligibility status, the benefits they have available to them and find participating providers in your area by calling Member Services at 1-800-822-2447.

What CHIP options are available?
Depending on your family size and income, your child may qualify for free, low-cost, or full-cost CHIP coverage. Free coverage doesn’t require monthly premium payments or copayments. Low-cost and full-cost coverage requires a monthly premium payment and copayments for certain services. If your child qualifies for low-cost or full-cost coverage, you’ll receive detailed instructions and a monthly bill that must be returned with your payment in order for your child to remain enrolled in CHIP. Your child may lose coverage if the monthly premium isn’t paid by the due date on the invoice.

What changes do I need to report during the benefit year?
Be sure to report all changes in your family’s circumstances after your child has been enrolled. If you don’t report changes promptly, you may lose coverage. These changes can include:
• Family size
• Address
• Phone number
• Household income or employment status
• Coverage under a private or employer sponsored plan or Medical Assistance

When will I get my child’s member ID card?
You’ll get your child’s Aetna Better Health Kids identification (ID) card(s) in the mail within 5 to 7 business days of enrolling. The card(s) entitles your child to all of the CHIP benefits explained in the benefit portion of this handbook (including medical, dental, vision, behavioral health, etc.). The card(s) will include:
• Your child’s name
• Member identification number
• PCP name and phone number
• Phone numbers for Member Services, dental services, behavioral health services and eye care services
• Your child’s ID card(s) is for his or her use only. Never let anyone else use your child’s ID card(s).

When does my child need to use an Identification card?
You’ll need to show your child’s ID card to providers whenever your child needs to get any covered services.

What do I do if my child’s ID card is lost?
Call Member Services at 1-800-822-2447 immediately if your child’s ID card is lost. We’ll send you a new ID card in the mail.
Can I transfer my child’s CHIP coverage to a different CHIP insurance company?
Yes. To transfer your child’s CHIP coverage to a different CHIP insurance company, contact Member Services at 1-800-822-2447 and request the transfer. Before you request the transfer, check that the insurance company you want to switch to participates in CHIP in your area and that your doctor participates with that insurance company. The change will take place shortly after you call us. There will be no lapse in CHIP coverage. You’ll be told the effective date of change. You’ll also get a letter confirming this information. Until that date, your child must continue to use their CHIP benefits through Aetna Better Health Kids.

Can I request a re-assessment of eligibility during a CHIP benefit year?
At your request, we’ll do a re-assessment of your child’s eligibility during the CHIP benefit year to see if they might qualify for a less expensive CHIP option. We’ll re-assess your child’s eligibility based on any changes in the size of your family or income. We’ll let you know if the changes would or wouldn’t result in a change of CHIP options. You don’t have to change options while in the middle of a benefit year.

How can I add another child to CHIP coverage?
If your family already has one child enrolled in CHIP, you can add another child in the family by calling us at 1-800-822-2447. You don’t need to give us extra financial information. We still need to verify that the new child meets other eligibility requirements. Once we determine eligibility, we’ll enroll your child.

Will a pregnant CHIP member stay on CHIP?
A CHIP member who becomes pregnant during her 12-month term of CHIP eligibility will remain in CHIP for the duration of the 12-month term. If she still has CHIP coverage when the baby is born, she must contact us at 1-800-822-2447 immediately so we can screen the newborn for CHIP or Medical Assistance eligibility. We’ll determine which program the newborn is eligible for using the right information on income and family size in the member’s original application.

How can a CHIP member’s newborn be added to CHIP coverage?
If a CHIP member has a newborn baby while enrolled in CHIP, the newborn is automatically covered by CHIP for the first 31 days of life. You’ll need to call Member Services at 1-800-822-2447 immediately after the child is born to start the enrollment process. This is necessary for the newborn to get their own healthcare coverage after the 31 day period ends. If the newborn isn’t eligible for CHIP, but appears to be eligible for Medical Assistance, the newborn’s application will be automatically forwarded to the County Assistance Office for processing.

Is there a waiting list for CHIP?
No.

How long does my child’s CHIP coverage last?
Your child’s CHIP coverage will run for a full benefit year (12 months) from the first day of your child’s enrollment unless eligibility changes due to non-financial reasons (e.g. move out of state, reach age 19, enroll in Medicaid, etc.). This time period is called the benefit year. At the end of the year, you must renew your child’s CHIP coverage or his or her coverage will end.

How do I renew my child’s CHIP coverage?
You’ll get a letter and renewal form from us 90 days before the end of the benefit year. The renewal letter and renewal form will tell you what information you need to provide for the annual review.
You can renew online at **www.compass.state.pa.us** or by paper. Go to our website for a full list of instructions on how to renew online at **aetnabetterhealth.com/pennsylvania**. If you want to renew by paper, make sure you complete the form and return it with all required information before the deadline. If you don’t, your child’s CHIP coverage will end on the date stated in the letter. It’s possible that your child’s health care coverage will change upon yearly renewal. We must review your family’s income every year. Within 15 days of getting your renewal form and any requested documents, you’ll get a letter telling you whether your child continues to be eligible for CHIP. It’ll also explain any changes in coverage for the new benefit year.

If your child isn’t eligible for CHIP, but appears to be eligible for Medical Assistance, your renewal application will be forwarded to the County Assistance Office for processing. If your child isn’t eligible for CHIP or Medical Assistance, you’ll get a letter explaining why your renewal application was denied, along with information on how to appeal the decision if you disagree with it.

**What can cause my child’s CHIP coverage to end?**

You’ll receive written notice from us in the mail before your child’s coverage ends. The letter will include the date that your child’s CHIP coverage will end and the reason it is ending.

The following reasons will result in the termination of your child’s CHIP coverage:

- Your child is no longer eligible for CHIP due to your family income being too low. If your child is no longer eligible for CHIP due to your family income being too low, your child’s CHIP coverage will end on the renewal date. Your child’s renewal application will be forwarded to the County Assistance Office for Medical Assistance eligibility determination. During the period of review with Medical Assistance, your child will not have a lapse in coverage.
- You don’t respond to renewal notices. If you don’t respond to any renewal notices, then your child’s coverage will end.
- You don’t provide all the requested information needed for us to complete the renewal process. You must provide the required information listed on your renewal form or the renewal cannot be completed and your child’s CHIP coverage may end.
- Your child is covered under a private health insurance policy or Medical Assistance. Your child’s CHIP coverage will end going back to the first day of the month the other coverage took effect. Your child will not suffer a lapse in coverage. You’ll also receive a refund for any premiums paid to Aetna Better Health Kids after the termination date.
- Non-payment of the premium in Low-cost or Full-cost CHIP. If your child is enrolled in either the Low-cost or Full-cost CHIP programs, and you don’t pay the premium by the due date, you’ll get a letter 30 days before the end date letting you know that you have 30 days to pay the premium or your child’s CHIP coverage may end.
- Voluntary termination. You can end your child’s CHIP coverage at any time by calling Member Services at **1-800-822-2447**.
- Your child turns 19 years of age. A child is eligible for CHIP up to age 19. Coverage ends on the last day of the calendar month the child turns 19.
- Your child moves out of state. CHIP only covers Pennsylvania residents. Your child’s coverage will end retroactive to the first of the month immediately following his or her relocation to a different state.
- Your child is a prison inmate or a patient in a public institution for mental diseases. Your child isn’t eligible for CHIP if he or she is a prison inmate or a patient in a public institution for mental diseases. Once your child is no longer in prison or a public mental institution, and meets the other eligibility requirements, he or she will become eligible for CHIP again.
• Misinformation was provided at the time of application or renewal that would have resulted in a determination of ineligibility. If we determine that you used incorrect or fraudulent information in applying for or renewing CHIP coverage for your child, your child’s coverage will be terminated.

**What can I do if I disagree with the results of the eligibility determination or if my child’s CHIP coverage ends?**

If you don’t agree with the decision, you may request an impartial review of the determination made by Aetna Better Health Kids that your child is:
• Losing CHIP coverage
• Ineligible for CHIP
• Eligible for a different CHIP option than you had before

The Pennsylvania Insurance Department does this review. If you request a review, it will be done with you and a representative from Aetna Better Health Kids. The Insurance Department will consider the information we used to make the decision that your child isn't eligible for CHIP or of the decision to terminate your child's current CHIP coverage. You may send information to the review officer that explains why you think the decision was incorrect. You can choose someone to act as your representative.

To request a review, send a letter and a copy of the notice sent to you by Aetna Better Health Kids explaining why you want a review. You must send your request within 30 days of the date on the letter from Aetna Better Health Kids. Send your request for a review to:

Aetna Better Health Kids
2000 Market Street, Suite 850
Philadelphia, PA 19103

If a formal interview is required, we'll coordinate with the Pennsylvania Insurance Department. The Pennsylvania Insurance Department will contact you with more information including the time and date of the review. When possible, the review will be done by phone. You may request a face-to-face review.

**II. Member rights and responsibilities**

**Member rights**
As the parent or guardian of a CHIP member, you have the right to:
• Get information about your child's rights and responsibilities
• Get information about all the benefits, services and programs offered by CHIP, brought to you by Aetna Better Health Kids
• Know about policies that can affect your child’s membership
• Basic information about doctors and other providers who participate with Aetna Better Health Kids
• Choose from Aetna Better Health Kids’ network of participating providers and refuse care from specific doctors
• Request that a specialist serve as your child’s primary care provider if your child has certain special medical needs or diagnoses
• Be treated with respect and due consideration for your child’s dignity and privacy
• Expect that information you give to Aetna Better Health Kids and anything you or your child discuss with your child’s doctor will be treated confidentially, and will not be released to others without your permission
• Have all records pertaining to your child’s medical care treated as confidential unless sharing
them is required to make coverage decisions or is otherwise required by law
• See your child’s medical records unless access is specifically restricted by reason of law or by the attending physician for medical reasons, to keep copies for yourself and to ask to have corrections made if needed
• Get clear and complete information from your child’s doctor about your child’s health condition and treatment including what choices you have and what risks are involved
• Get information about available treatment options and alternatives, regardless of cost or benefit coverage
• Be a part of any decisions made about your child’s health
• Refuse to have your child receive any drugs, treatment or other procedure by Aetna Better Health Kids or offered by its providers to the extent permitted by law
• Be informed by a physician about what may happen if you refuse drugs, treatments or procedures
• Refuse to allow your child to participate in medical research projects
• Give informed consent before the start of any procedure or treatment
• Ensure your child receives timely care in the case of an emergency
• Question decisions made by Aetna Better Health Kids or its participating providers, and to file a complaint or grievance regarding any medical necessity or administrative decisions you disagree with
• Make recommendations regarding Aetna Better Health Kids’ members’ “rights and responsibilities” policy
• Exercise your rights without adversely affecting the way Aetna Better Health Kids, its providers and state agencies may treat you

Member responsibilities
As the parent or guardian of a CHIP member, you have a duty to:
• Understand how CHIP, brought to you by Aetna Better Health Kids, works by reading this handbook and other information available to you
• Follow the guidelines in this handbook and in other information available to you and ask questions about how to access health care services appropriately
• Inform Aetna Better Health Kids and your child’s providers about any information that may affect your child’s membership or right to program benefits, including other health insurance policies your child becomes covered under
• Supply up-to-date medical information to Aetna Better Health Kids and its providers so they can give your child appropriate care
• Be sure that your primary care provider has all of your child’s medical records, including those from other doctors
• Contact your child’s primary care provider first for all medical care except in the case of a true emergency
• Consent to the proper use of your child’s health information
• Treat your child’s providers with dignity and respect, which includes being on time for appointments and calling ahead if you need to cancel an appointment
• Provide a safe environment for services administered in your home
• Learn about your child’s health problems and work with providers to develop a plan and mutually agreed-upon treatment goals to the degree possible, for your child’s care
• Follow the instructions or guidelines you receive from the provider, such as taking medicine as directed and attending follow up appointments
• Take full responsibility for any consequences of your decision to refuse treatment on your child’s behalf
III. Member Services

Member Services is ready to help you with any questions about your child's coverage or the care your child receives. Your member ID card has the Member Services toll-free number. You can reach Member Services by calling 1-800-822-2447. For your convenience, Member Services is available 8 a.m. to 5 p.m. Monday through Friday.

You may also visit our website at aetnabetterhealth.com/pennsylvania for more information about your child's CHIP benefits. You can also write us at:

Aetna Better Health Kids
2000 Market Street, Suite 850
Philadelphia, PA 19103

Can Member Services help me if I speak a foreign language?
Yes. No matter what language you speak, we can help. Call us at 1-800-822-2447 and let us know what language you speak and that you'll require special assistance.

You can also request a Member Handbook or other Aetna Better Health Kids information in print or another language or format, at no cost.

What number do I call if I am hearing impaired?
Call 1-800-628-3323 if you’re hearing impaired and are calling from a TTY phone.

How can Member Services help me if I am visually impaired?
Call Member Services at 1-800-822-2447 if you’re visually impaired and would like to request a Member Handbook or other Aetna Better Health Kids information in an alternative format such as audio tape, Braille or large print, at no cost.
IV. Primary Care Provider

What role does a primary care provider (PCP) play in my child's health care?

A PCP is your child's regular doctor. Pediatricians, internists and family medicine practitioners are examples of different types of PCPs. Your child may have a specialist serve as his or her PCP if he or she has special needs or certain diagnoses. This is possible only if the specialist agrees to act as your child's PCP and if Aetna Better Health Kids approves the arrangement.

An example of such an instance would be a pregnant member selecting an OB-GYN as her PCP.

PCPs provide well-child exams and preventive services. They also see your child when he or she is sick. PCPs help coordinate care if your child needs tests, needs to see a specialist or has to go to the hospital.

Your child's PCP will have someone available 24 hours a day, 7 days a week to help with your child's health care.

If your child requires care after your PCP's normal office hours, call your child's PCP. Either your PCP or another health care provider will instruct you where to take your child to get care if the problem cannot wait until the PCP's normal office hours.

What if my child's current PCP is not a participating provider?

You must tell us immediately if your child is a new Aetna Better Health Kids member and is currently being treated by a PCP who isn't in our network. In order to promote continuity of care, Aetna Better Health Kids will allow your child to keep seeing that provider for up to 90 days if the provider is willing to work with Aetna Better Health Kids on a non-participating basis. During this time, Aetna Better Health Kids will help you find a PCP who is in our network to take over the care of your child.

Under certain circumstances, we may not be able to honor your request for a certain provider. If a provider has been removed from the Aetna Better Health Kids network for quality issues, or if the federal or state government agency decides that a provider cannot participate in a government program, we cannot cover that provider’s services.

How do I select my child's PCP?

All enrolled children must have a PCP. You can use the provider search feature on our website to help you find a participating PCP. If you don't have a computer or access to the internet, call us at 1-800-822-2447. We'll help you find a doctor. You have ten days from the receipt of your notice of enrollment letter to select a PCP. We'll assign a PCP for your child if you don't select a PCP.

If you choose a PCP who isn't already treating your child, call the PCP and make sure they're taking new patients. You can reach the PCP at the telephone number listed in the provider directory. If the PCP agrees to take your child as a patient, notify us by calling 1-800-822-2447. Call us for help if you have difficulty finding a PCP who is accepting new patients.
How do I change my child’s PCP?
You can choose a new PCP for your child at any time as long as you follow these steps:
• Select your new PCP from the list of participating providers in the provider directory found on our website at aetnabetterhealth.com/pennsylvania. The online provider directory lists information of all network providers, including names, addresses, phone numbers, specialties and qualifications, board certification status and more. You can also search our providers on the HealthGrades.com website to get more information, such as medical school attended and residency completion.
• Make sure the PCP takes new patients. Call Member Services at 1-800-822-2447 and tell us that you want to change your child’s PCP.
• In most cases, the change becomes effective immediately at the time you request the change, and the provider’s availability to accept new patients is established. We'll tell you the date your child can start seeing his or her new PCP. Your child may not get services from his or her new PCP until the date the change officially becomes effective. You may be responsible for paying bills for those services if your child gets services from the new PCP before then. Your child will get a new ID card in the mail that lists the new PCP.

V. Specialist providers
Specialists have training, education and a board certification or license in a specialized area of healthcare. A specialist is usually not your PCP unless your child has special needs or certain diagnoses.

If your PCP thinks that your child has an illness or condition that requires the services of a specialist, they’ll send you to a specialist provider.

Make sure that your specialist is in our network. You can find out by asking your PCP or calling the specialist’s office and asking if they participate with Aetna Better Health Kids.

What do I do if I think my child needs to see a specialist?
If you think your child has an illness or condition that needs to be treated by a specialist, you should discuss this with your PCP. Your PCP will help you decide what type of specialist can best help your child.

How do I find an in-network specialist provider?
Your PCP can help you pick a specialist. You can also call Member Services at 1-800-822-2447, or look online at the provider directory at aetnabetterhealth.com/pennsylvania. Our provider directory has a list of all types of in network providers and their names, addresses, phone numbers and languages.

You can request to see a specialist that’s not in our network if we:
• Determine we don’t have a provider in our network that can cover your necessary treatments in a timely manner*
• Only have one of a certain type of specialist in our network

All you have to do is call us to ask to see a provider that’s not in our network. The provider that's not in our network must request prior authorization. If we deny the request for you to see a provider that’s not in our network, you can file a complaint or grievance. We'll cover these services out-of-network for as long as we're unable to cover the services in network.
What if my child's current specialist is a non-participating provider?
If your child is a new Aetna Better Health Kids member and gets treatment from a specialist who isn't in the Aetna Better Health Kids network, you must notify Aetna Better Health Kids immediately. In order to promote continuity of care, under most circumstances, we'll allow your child to keep seeing that provider for up to 90 days. In order for this to happen:
• Your child must be actively continuing a course of treatment
• The specialist must be willing to work with Aetna Better Health Kids on a non-participating basis
• During this time, we'll help you find a specialist who is in our network to take over the care of your child.

What if my child is pregnant and her current OB-GYN isn’t a participating provider?
Under most circumstances, your daughter can continue to get services from her current OB-GYN throughout her pregnancy, at the time of her delivery and for post-partum care if:
• She’s a new Aetna Better Health Kids member in the second or third trimester of her pregnancy AND
• She’s already under the care of an OB-GYN not in the Aetna Better Health Kids network
A member in her first trimester will have to select a new OB-GYN provider that participates with Aetna Better Health Kids. If you need help finding a participating OB-GYN provider accepting new patients, call Member Services at 1-800-822-2447.

How can my child get a second opinion?
Your child can get a second opinion regarding the medical necessity of surgery or any other recommended medical treatment. If there’s only one specialist in our network trained to provide a particular service, your PCP can send your child to an out-of-network specialist provider for the second opinion.

Your PCP will need to contact Aetna Better Health Kids to get special approval for your child to receive services from an out-of-network provider.

Can a specialist serve as my child’s PCP?
Members with special needs or certain diagnoses may request that an appropriate in network specialist serve as his or her PCP. This is possible only if the specialist agrees to act as your child’s PCP and if Aetna Better Health Kids approves the arrangement. An example would be a pregnant member selecting an OB-GYN as her PCP. Call Member Services at 1-800-822-2447 to determine if your child is eligible to have a specialist serve as his or her PCP. You have the right to get some services without asking your PCP or getting a prior authorization. This is called direct access.

Members have direct access and can self-refer to Aetna Better Health providers for the following covered services:
• Vision exams
• Dental services (if eligible)
• First visit with a chiropractor (other visits must be authorized). Up to twenty (20) visits per year.
• First visit with a physical therapist (other visits must be authorized)
• Emergency care*
• Routine and preventive care
• Women’s health care services including:
  – Gynecological and obstetrical providers
  – Preventive health care
  – Mammograms/breast exams
– Pap tests (cervical cancer screenings)
– Routine family planning services* (birth control)
• Inpatient/Outpatient Substance Use Disorder and Mental Health rehab services (this includes treatment in a residential setting). Members as young as 14 years old can self-refer.

*You don't need a referral for family planning and emergency services.

What is continuity of care?
Continuity of care refers to the ongoing committed relationship between a member and his or her provider. Promoting continuity of care allows providers to act as advisors and patient advocates as the member moves through various stages of the health care system.

How does Aetna Better Health Kids promote continuity of care for my child?
If your provider ever leaves the Aetna Better Health Kids network or if you get treatment from a non-participating provider when you join Aetna Better Health Kids, we’re responsible for working with you to make sure your child will be able to keep getting the health care that he or she needs. Under most circumstances, if a provider you see stops participating with Aetna Better Health Kids, you can continue an ongoing course of treatment with that provider for a transitional period. This includes pregnant members in their second or third trimester who, except under certain circumstances, may continue to seek treatment from their OB-GYN for both their current pregnancy and postpartum care.

A new member may also continue a course of treatment with a non-participating provider for a transitional period under most circumstances. This includes both a member’s primary care physician and specialists that are actively treating the member at the time CHIP coverage with Aetna Better Health Kids begins.

Under what circumstances would a provider not be allowed to provide care to my child under the continuity of care policy?
Under certain circumstances, Aetna Better Health Kids may not cover services provided by a certain provider. Some examples of these situations include, but are not limited to:
• Your current provider refuses to accept payment from Aetna Better Health Kids
• Your current provider has been excluded from the Aetna Better Health Kids network for cause
• Your current provider is prohibited from receiving monies from a government funded program

VI. Emergency care
What is an emergency?
The definition for emergency medical condition is a “medical condition manifesting itself by acute symptoms of sufficient severity, (including severe pain), such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in immediate danger or death. In an emergency:
• Call 911 for help or
• Go to the nearest emergency room or
• Call an ambulance to take you to the emergency room

If you feel like your life is in danger or your health is at serious risk, you should get medical help immediately. You don’t need pre-approval for emergency services.
Examples of emergency conditions include:
• Sharp chest pains
• Placing the health of the individual, (or with respect to a pregnant woman, the health of the woman or her unborn child), in serious jeopardy
• Serious impairment to bodily functions
• Serious dysfunction of any bodily organ or part
• Passing out
• Poisoning
• Medicine or drug overdose
• Bleeding that will not stop
• Severe burns
• Broken bones
• Choking
• Danger of losing limb
• Life threatening condition
• Hard to breathe
• Not able to move
• Seizures

**How to get emergency medical care**
Remember, only use an emergency room when you have an emergency. If you do have an emergency, go to the nearest emergency room. You don’t need pre‑approval for emergency ambulance transportation or emergency care in the hospital. The hospital must treat you if you have a medical emergency.

Emergency transportation is covered in emergencies. Don’t call the Medical Assistance Transportation Program (MATP) for emergency transportation. Instead, call an ambulance or call 911 for help.

Once you’re at the hospital, remember that you can say no to treatment. You can also ask for another hospital or refuse to go to another hospital.

Don’t use the emergency room for follow‑up care. Instead, call your PCP for follow‑up care. Only go back to the emergency room if your PCP tells you to. We may not cover follow‑up care in the emergency room. You may get a bill.

The definition for urgent medical condition is “any illness, injury or severe condition which under reasonable standards of medical practice, would be diagnosed and treated within a twenty-four (24) hour period and if left untreated, could rapidly become a crisis or emergency medical condition.” Call your PCP if you have any of these:
• Sore throats
• Colds
• Vomiting
• Rashes
• Bruises
• Sprains
• Diarrhea
• Earaches
• Stomach aches (not usually emergencies)
Your doctor must give you an appointment within 24 hours if you need urgent care. If your doctor cannot see you, go to an urgent care center. You can find a list of centers in your area on our website at aetnabetterhealth.com/pennsylvania.

**What is urgent care?**
Your doctor must give you an appointment within 24 hours if you need urgent care. If your doctor cannot see you, go to an urgent care center. You can find a list of centers in your area on our website at aetnabetterhealth.com/pennsylvania.

- Bruises
- Sprains
- Diarrhea
- Earaches
- Stomach aches, (not usually emergencies)

**What is an urgent care center?**
Urgent care centers are facilities that provide basic medical care for walk-in patients with illnesses or injuries that don't require emergency care, such as sprains or cuts requiring stitches. You can call Member Services at 1-800-822-2447 if you need to find a participating urgent care center in your service area.

If you're out of the service area and your child needs urgent care, in order to be covered, the care must be in response to a sudden and unexpected condition or injury that needs care, and cannot wait until you return to the service area.

**After-hours care (non-emergency)**
Call your PCP if you don't need emergency care. Your PCP or an on-call provider is available 24 hours a day, 7 days a week. On-call health care professionals such as medical residents, nurse practitioners and physician assistants may assist in providing you with the necessary care and treatment. Your doctor or on-call health professional will tell you what to do.

**What is an out-of-network provider?**
An out-of-network provider is a provider that doesn't have an agreement or contract with Aetna Better Health Kids. To see a current list of providers in the Aetna Better Health Kids network, go to our website at aetnabetterhealth.com/pennsylvania.

**What is an out-of-network facility?**
An out-of-network facility is a hospital or a diagnostic test facility that doesn't have an agreement or contract with Aetna Better Health Kids.

**How can my child access out-of-network services?**
If medically necessary, your child's PCP can request that your child get services from a provider or facility that's not part of the Aetna Better Health Kids network. If these services are available from providers within the network, your child will need to receive services from a contracted provider or facility. Unless you get prior authorization, you may be responsible for payment of any out-of-network services your child receives.
How are claims paid for out-of-network services?
If your child receives a service from a non-participating provider or facility that was either authorized by Aetna Better Health Kids or was an emergency or urgent care service, you must submit the claim from the provider to Aetna Better Health Kids. To file a claim, call Member Services at 1-800-822-2447 and ask us to send you a claim form. Fill out the claim form and submit it along with the bill from the provider that lists all the services received to:

Aetna Better Health Kids
P. O. Box 62198
Phoenix, AZ 85082-2198

VII. Your costs for covered services
Your family's size and income determine which CHIP coverage option is available for your child. You may be able to get free CHIP coverage, Low-cost coverage, or Full-cost coverage. Depending on your child's type of coverage, you may be required to pay certain out-of-pocket costs in order for your child to receive services.

What are premiums and when do I pay them?
Premiums are the regularly scheduled monthly payments that you pay to Aetna Better Health Kids for CHIP coverage. There are no premiums for members with free CHIP coverage. If your child has Low-cost or Full-cost CHIP, you'll receive a monthly bill for the upcoming month's coverage (example: you'd receive a bill in April for May coverage). If a premium amount changes during the benefit year, you'll receive notice from Aetna Better Health Kids of the change, 30 days before the change takes place.

What are copayments and when do I pay them?
Copayments are out-of-pocket costs that you must pay at the time of service if your child has Low-cost or Full-cost CHIP. There are no copayments for members with free CHIP coverage.

You pay copayments to the provider at the time of the appointment or when you get the services. You must pay the copayment each time your child gets a service from a provider if the service is one which requires a copayment. There are no copayments:

• For preventive or well-child visits. A preventive visit is one where your child gets a service to prevent a future disease or condition.
• For routine preventive or diagnostic dental and vision services.

When can I be billed by a provider?
Participating providers aren't allowed to bill members except under certain circumstances. But there are certain situations when you may get a bill from a provider and will be responsible to pay. These situations are:

• If your child goes over a benefit limit on a service
• If your child gets a medical service that isn't a covered benefit
• If your child gets a covered service from a health care provider who isn't an Aetna Better Health Kids participating provider, without first receiving prior authorization
• If your child gets services that aren't medically necessary
• If you didn't pay your copay
• Participating providers aren’t allowed to bill members for services above and beyond Aetna Better Health Kids’ agreed upon reimbursement rate. This means that other than the above circumstances, you shouldn’t get a bill from a participating provider. If you do receive a bill from a participating provider, call us at 1-800-822-2447 immediately so we can resolve the situation as soon as possible.

**VIII. Coordination of benefits**

Coordination of benefits is a provision that intends to help insurance companies avoid duplication of claims and delays in payments. It’s often used in cases where two or more separate insurance companies are involved in the payment of services. It avoids claims payment problems by establishing the order in which insurance companies pay their claims and by providing the authority for the orderly transfer of information needed to pay claims properly.

CHIP members aren’t allowed to have any other medical insurance coverage in addition to CHIP. Occasionally some of your child’s health care bills may be covered by a different policy other than CHIP. An example of this is if your child gets into a motor vehicle accident. The automobile insurance policy may cover some of the cost of his or her medical care.

If another insurance plan or program agreement provides any of the benefits to which your child is entitled, your child’s CHIP insurance should be billed secondary to any such additional coverage(s).

If you have questions about coordination of benefits, call us at 1-800-822-2447.

**IX. Subrogation**

Subrogation is the process of seeking recovery of health care expenses from other parties who may be responsible for an injury. The process saves health care dollars by making sure that the responsible party or his or her insurer pays the expenses.

For instance, when an injury occurs because of an accident in which someone other than your child is at fault, the insurance carrier of the other individual may be responsible for the payment of your child’s medical treatment. In those cases, we may be entitled to recover from the other carrier payments for services it provided for your child. If you receive money from a lawsuit, settlement, or other third party or his or her insurer, you may be responsible, to the extent permitted by law, to reimburse Aetna Better Health Kids for expenses paid out relating to the injury.

If you have questions about subrogation, call us at 1-800-822-2447.

XI. Medical benefits

This section lists the medical services covered by your child’s CHIP insurance. All services must be medically necessary. The services in this section are in alphabetical order. Under each covered service listing you will find a brief description of the benefit provided and any limits or restrictions that may apply. We reserve the right to restrict benefit coverage of medical equipment purchases to certain manufacturers and specific product types. Call Member Services at 1-800-822-2447 for more information about medical equipment purchasing restrictions.

Except under very specific circumstances, such as in the case of an emergency, all services described in this section are covered only if provided by a participating provider. Except in the case of an emergency, preauthorization by Aetna Better Health Kids, or other specialized documentation or certifications required for a particular benefit, must be obtained before your child receives the service in order for the claim to be covered.

We only cover services up to the specified benefit limits. Once your child has reached the available benefit limit, your child will need to stop receiving those particular services or you’ll be responsible for paying for the services directly.

Please call Member Services at 1-800-822-2447 if you have any questions about your child’s medical benefits. Your Member Services representative can tell you if a particular service is covered, if there are any benefit limits, what providers your child may see for a service, and what you may need to pay out of pocket for a service. Your Member Services representative can also tell you how much money or how many visits you have remaining for any service.

Autism Spectrum Disorder and related services

In accordance with the Pennsylvania Autism Insurance Act (Act 62), the following services, when medically necessary for the assessment, diagnosis, and treatment of Autism Spectrum Disorders are covered:

- Prescription drug coverage including over-the-counter (OTC) medications, vitamins and aspirin
- Services of a psychiatrist and/or psychologist
- Rehabilitative and therapeutic care

Benefit limits: None. Coverage does not include case management services. Coverage under this section is subject to copayments as identified elsewhere in this handbook.

Treatment of autism spectrum disorders must be:

- Medically necessary and prescribed by a physician or other independently licensed healthcare professional with prescribing authority
- Identified in a treatment plan
- Provided by a licensed physician, licensed physician assistant, licensed psychologist, licensed clinical social worker, licensed behavior specialist (a person licensed in Pennsylvania to provide applied behavioral analysis), or certified registered nurse practitioner
- Provided by an autism service provider or a person, entity or group that works under the direction of an autism service provider

Act 62 of the Pennsylvania code requires private insurance companies to permit expedited internal and external review processes to review grievances for a child who has been denied or partially denied coverage for treatment of autism spectrum disorder. You may start this process by calling Member Services at 1-800-822-2447. Make sure that we have all of the information we need from your child’s treating professionals to support your Service coverage request.
If you have further questions about autism spectrum disorder benefits or need assistance finding participating providers who treat autism spectrum disorder in your area, call Member Services at 1-800-822-2447. You may also visit the Department of Human Services Bureau of Autism’s website at www.autisminpa.org for more information about autism spectrum disorder and Act 62.

**Diabetic services**
Medically necessary diabetic treatment, equipment, medications and supplies as follows:
- Diabetic medical equipment, monitoring supplies and prescription medications
- Outpatient diabetic training and education
- Diabetic eye examinations
- Laboratory screening tests
- Routine diabetic foot care and orthotics
- Aetna Better Health Kids diabetic disease management program
- Aetna Better Health Kids special needs unit care coordination and case management

Benefit limits: Payment is limited to one routine diabetic eye exam per benefit year. Batteries for diabetic medical equipment are not covered. Services identified above are subject to the same benefit limits noted elsewhere in this handbook.

You can learn more about Pennsylvania’s Diabetes Prevention and Control Program by visiting http://www.health.pa.gov/My%20Health/Diseases%20and%20Conditions/A‑D/Pages/Diabetes.aspx#.WplvASco5Bk.

**Diagnostic, laboratory, and radiology services**
Medically necessary diagnostic tests, services and materials related to the diagnosis and treatment of sickness and injury in both inpatient and outpatient settings. Benefit limits: Certain services may require prior authorization in order to be covered.

**Durable medical equipment**
Medically necessary durable medical equipment (DME) coverage applies to equipment designed to serve a medical purpose such as:
- They have an illness or an injury
- It is able to stand repeated use
- It’s not disposable or for a single patient use
- It’s required for use in the home or school environment. This benefit covers the cost of DME rental (or purchase if purchase is cheaper than renting the DME over an extended period of time), delivery and installation.

We only cover the repair or replacement of DME as required with normal wear and tear when medically necessary.

DME may require prior authorization. Any DME request over $500 may require review by our Medical Director.

**Emergency care services**
As described in the emergency care section of this handbook (see section VIII).

Benefit limits: None.

---

1 In order to provide your child with the best care possible, if your child has a diagnosis of diabetes, you should contact Member Services at 1-800-822-2447 and request that your child be enrolled in the Aetna Better Health Kids diabetes disease management program.
**Emergency transportation services**
Transportation services by land, air or water ambulance are covered only when medically necessary. Services must be rendered in the following situations:
- In response to an emergency
- For the purpose of transporting an inpatient member between facilities
- When a homebound member is discharged from the hospital and for medical reasons cannot be transported by other means

Benefit limits: We'll only cover transportation outside of the service area if the services required by the member cannot be provided within the service area.

**Family planning services**
Family planning services cover the professional services provided by your child’s PCP or OB-GYN provider related to the prescribing, fitting and/or insertion of a contraceptive. This includes Food and Drug Administration approved contraceptive methods, including contraceptive devices, injectable contraceptives, IUDs and implants, voluntary sterilization procedures, and patient education and counseling, not including abortifacient drugs, at no cost share to the member. Contraception drugs and devices are covered under the Prescription Drug benefit issued with the plan.

Benefit limits: None.

**Gender transition services**
The CHIP Program and Aetna Better Health Kids covers gender transition services such as physician’s services, inpatient and outpatient hospital services, surgical services, prescribed drugs, therapies, etc. when deemed medically necessary* and appropriate.

Benefit limits: None. *Medical necessity will be determined based upon the World Professional Association for Transgender Health (WPATH) Standard of Care.

**Habilitative services**
Health care services that help a person keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of outpatient settings. Covered services are limited to 30 visits per benefit year for Physical Therapy; 30 visits per benefit year for Occupational Therapy; and 30 visits per benefit year for Speech Therapy, for a combined visit limit of 90 days per benefit year. Visit limits under this benefit are combined with visit limits described under Outpatient Rehabilitation Therapy.

Covered services also include inpatient therapy up to 45 visits per calendar year for treatment of CVA (Cerebral Vascular Accidents), head injury, spinal cord injury or as required as a result of a post-operative brain surgery.

**Hearing care services**
Your child’s PCP should provide routine and preventive hearing examinations. If your PCP recommends that your child have a specialist perform an audiometric examination, your child does not need a referral to see an audiologist or otolaryngologist as long as you use a provider who participates in the Aetna Better Health Kids network. If medically necessary, hearing aids and devices, and the fitting and adjustment of such devices, are covered.
Benefit limits: One routine hearing exam and an audiometric exam per 12 months. One hearing aid or device per year every 12 months. Batteries are not covered. No dollar limits apply.

**Home health care services**
Home health care is only covered if your child is homebound. Your child is considered homebound when his or her medical condition prevents them from leaving home without a great deal of effort. Home health care services include medically necessary:

- Physician services
- Physical, speech, and occupational therapy services
- Medical and surgical supplies and equipment, including oxygen
- Home infusion therapy (not including blood or blood products)

Benefit limits: Home health services may require prior authorization by Aetna Better Health Kids. There are no copayments and no limitations.

**Hospice services**
Hospice is a special kind of care that is available to members who suffer from a terminal illness. This care will be concurrent with care related to the treatment of the condition for which the diagnosis of terminal illness was made. Members getting hospice and palliative care services may still receive Aetna Better Health Kids covered services for other illnesses or conditions as well.

Hospice services must be prior authorized by Aetna Better Health Kids and require a certification by a physician stating that the member has a terminal illness. Aetna Better Health Kids must be provided with a written request for hospice services by either the member, if they're of legal age, or by the member child's legal guardian.

**Hospital services: inpatient, outpatient and ambulatory surgical center services**
Hospital benefits may be provided by a participating facility on either an inpatient or outpatient basis and must be medically necessary. These services may be provided at participating facilities, such as an acute care hospital, skilled nursing facility or an ambulatory surgical center.

Inpatient benefits for medical and behavioral health hospitalizations, medically related inpatient rehabilitation, and skilled nursing services are not limited.

Inpatient medically related rehabilitation therapy is not limited.

Outpatient physical health services relating to ambulatory surgery, outpatient hospitalization, specialist office visits, and follow-up appointments or sick visits with a member’s PCP are not limited. Benefit limits: Hospitalization related services may require prior authorization except in the case of an emergency.

**Mastectomy and breast cancer reconstructive surgery services**
Benefits are provided for a mastectomy performed on an inpatient or outpatient basis, and for the following:

- Surgery to re-establish symmetry or alleviate functional impairment, including, but not limited to augmentation, mammoplasty, reduction mammoplasty and mastopexy, surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Coverage for initial and subsequent prosthetic devices to replace the removed breast or portions thereof; due to a mastectomy; and
- Physical complications of all stages of mastectomy, including lymphedemas.
- Coverage is also provided for one Home Health Care visit, as determined by the member’s physician, received within forty-eight (48) hours after discharge.
Benefit limits: Mastectomy services may require prior authorization.

**Maternity services**
A female member may select a participating provider for maternity and gynecological services without a referral or prior authorization. Except in the case of an emergency or in accordance with the continuity of care policy, participating providers must provide maternity services at participating facilities. Providers of maternity care services may include:
- Physicians
- Nurse practitioners
- Certified nurse midwives
- Facilities may include both acute care hospitals and free-standing birthing centers

Hospital and physician care services relating to antepartum, intrapartum and postpartum care, including complications resulting from the member’s pregnancy or delivery are covered. If the member’s eligibility changes when they are in the second or third trimester of the pregnancy, they may remain through the postpartum stage with the same physician or practitioner.

Under federal law, health plans and health insurance issuers generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Members can also receive one home health care visit following an inpatient release for maternity care if the member is released prior to 48 hours for a normal delivery or prior to 96 for a caesarean delivery in consultation with the mother and provider, or in the case of a newborn, in consultation with the mother or the newborn’s authorized representative. Home health visits include, but are not limited to: parent education, assistance and training in breast and bottle feeding, infant screening and clinical tests, and the performance of any necessary maternal and neonatal physical assessments. A licensed health care provider whose scope of practice includes postpartum care must make such home health care visits. At the mother’s sole discretion, the home health care visit may occur at the facility of the Provider. Home health care visits following an Inpatient stay for maternity services are not subject to copayments, deductibles, or coinsurance, if otherwise applicable to this coverage.

If a pregnant member joins Aetna Better Health in their second or third trimester, and their provider is out-of-network, they may continue to see that provider through the pregnancy and postpartum period.

In the same way, if we end our contract with a pregnant member’s doctor and the member is in their second or third trimester, they may continue to see that provider through the pregnancy and postpartum period.

Benefit limits: Delivery at a facility outside the service area will only be covered in the case of an emergency.
Medical foods
Medical foods such as specially formulated enteral feedings and supplements are covered only for the medically necessary therapeutic treatment of certain genetic disorders. This benefit isn't intended to be normal food products used in the dietary management of rare genetic metabolic disorders. Medical foods require prior authorization and must be prescribed by a physician or nurse practitioner. Special kinds of infant formulas are not medical foods and are not covered.

Benefit limits: None

Newborn coverage of infants born to CHIP members
This benefit pertains to newborn children of CHIP members who are covered from the time of birth for the first 31 days of life. You can access these services using the member's CHIP identification card. To assure no lapse in access to health care for the newborn after the first 31 days, the member must contact Member Services at 1-800-822-2447 immediately after child is born to begin the process of getting the newborn his or her own health care coverage.

Benefit limits: This service ends after the CHIP member's baby turns 31 days of age. Members with newborns should follow the guidelines set forth in this handbook to access their benefits. If you have questions about newborn care benefits or how to access them, or need help applying for coverage for your newborn, call Member Services.

Oral surgery services
Oral surgery services may be performed in either an inpatient or outpatient setting depending on the nature of the procedure and require prior authorization. Examples of covered services include:
• Extraction of partially or totally bony impacted third molars (wisdom teeth)
• Baby bottle syndrome (early childhood dental caries)
• Surgery to correct dislocation or complete degeneration of the temporomandibular joint
• Non-dental treatments of the mouth relating to medically conditions such as:
  – Congenital defects
  – Birth abnormalities
  – Surgical removal of tumors
  – Benefit limits: None

We reserve the right to determine, based on medical necessity, what facility setting is most appropriate for the oral surgery services being provided. Anesthesia coverage varies based on the procedure and the type of facility where the service is provided. All services related to oral surgery require prior authorization.

Orthotic devices
Orthotic devices are rigid appliances or apparatuses used to support, align or correct bone and muscle injuries or deformities. This benefit covers the purchase, fitting and necessary adjustments of covered orthotic devices. It also covers the required repair because of normal wear and tear on the device.

Replacement of an orthotic device is only covered when it is deemed medically necessary.

Benefit Limit: None

Ostomy supplies
Ostomy supplies are medical supplies necessary for the care and drainage of a stoma.

Benefit Limit: None
Outpatient medical therapy services
This benefit provides members with an unlimited number of medically necessary outpatient visits for the following services:

- Dialysis treatments
- Cancer chemotherapy and hormone treatments
- Respiratory therapy
- Radiation therapy

Benefit limits: May require prior authorization. Member must have a documented diagnosis that indicates that the prescribed therapy is a medical necessity.

Outpatient rehabilitative therapy services
This benefit provides members with the following medically necessary rehabilitative services:

- Physical therapy
- Occupational therapy
- Speech therapy

Benefit limits: Coverage is limited to 30 days each of Physical, Occupational, and Speech therapy, for a combined total limit of 90 days outpatient therapy.

Aetna Better Health periodically reviews the Primary and Preventive Care Covered Services based on recommendations from organizations such as The American Academy of Pediatrics, The American College of Physicians Also The American Cancer Society and the Health Resources and Services Administration (HRSA), the U.S. Preventive Services Task Force (USPSTF), (all items or services with a rate of A or B in the current recommendations). Examples of covered “USPSTF A” recommendations are folic acid supplementation, chlamydial infection screening for non-pregnant women, and tobacco use-counseling and interventions. Examples of covered “USPSTF B” recommendations are dental cavities prevention for preschool children, healthy diet counseling, oral fluoride supplementation/rinses and vitamins, BRCA risk assessment and genetic counseling and testing, prescribed Vitamin D, prescribed iron supplementation, mineral supplements, chlamydial infection screening for pregnant women, and sexually transmitted infections counseling. Examples of covered HRSA required benefits include all Food and Drug Administration approved contraceptive methods, sterilization procedures, breast feeding equipment, and patient education and counseling for all women with reproductive capacity. All services required by HRSA are covered. Accordingly, The Preventive Services are provided at no cost to the Member.

Primary care physician office services
Preventive and well-child services play a very important part in keeping your child healthy. Regular preventive and well-child visits can prevent your child from getting ill in the future. They will also help your child’s PCP find health conditions and/ or developmental delays, which may benefit from early treatment. It’s important to schedule and keep appointments for preventive and well-child services based on the schedule recommended by your child’s PCP.

Remember that you may contact your child’s PCP 24 hours a day, 7 days a week if your child becomes ill and you need a doctor’s advice. Your child’s PCP can provide many of the healthcare services your child needs including:

- Preventive and well-child visits and services include the following, with no cost-sharing or copays:
Coverage will be provided for pediatric Immunizations (except those required for employment or travel), including the immunizing agents, which conform to the standards of the Advisory Committee on Immunization Practices (ACIP) of the Center for Disease Control, U.S. Department of Health and Human Services. Pediatric Immunization ACIP schedules may be found by accessing the following link: https://www.cdc.gov/vaccines/schedules/index.html

- Influenza vaccines can be administered by a participating pharmacy for members starting at the age of nine years old, with parental consent, according to PA Act 8 of 2015,
- Sick and urgent care office visits including those that occur after normal office hours when medically necessary. These visits include well baby care, which generally includes a medical history, height and weight measurement, physical examination, routine diagnostic tests and counseling
- Blood Lead Screening and Lead Testing. This blood test detects elevated lead levels in the blood.
- Follow up care after emergency services
- Women's health services and family planning services (see benefit description for details)
- Genetic counseling and testing

Benefit limits: None

Other Preventive Services
Benefits are covered for:
- All items and services recommended by the United States Preventive Services Task Force with a rating of A or B in the current recommendations, including:
  - Dental cavities prevention for preschool children
  - Healthy diet counseling
  - Oral fluoride supplementation
  - BRCA risk assessment and genetic counseling and testing
  - Prescribed Vitamin D
  - Prescribed iron supplementation
  - Chlamydial infection screening of pregnant women
  - Chlamydial infection screening for non-pregnant women
  - Sexually transmitted infections counseling
  - Folic acid supplementation
  - Tobacco use counseling and interventions
- Benefits as recommended by the Advisory Committee Immunization Practices (ACIP) of the Center for Disease Control and Prevention
- Benefits as recommended by the Health Resources and Services Administration (HRSA), including:
  - All Food and Drug Administration approved contraceptive methods
  - Sterilization procedures
  - Breast feeding equipment
  - Patient education and counseling for all women with reproductive capacity
**Prosthetic devices**
Prosthetic devices replace all or part of a missing body part and are medically necessary. They’re also used to help a non-functioning organ to work again. This benefit covers the purchase, fitting and necessary adjustments of covered prosthetic devices. It also covers required repair that resulted from normal wear and tear on the device. Replacement of a prosthetic device is only covered when deemed medically necessary and appropriate due to the normal growth of the child.

Benefit limit: None.

**Restorative or reconstructive surgery services (other than mastectomy-related services)**
Covered services for medically necessary restorative and reconstructive surgery include services relating to:

- Surgery to correct a deformity resulting from:
  - Disease
  - Trauma
- Congenital or developmental anomalies (birth defects) through the age of 18
- Infection
- Surgery to correct a bodily functional defect resulting from:
  - Accidental injury
  - Incidental to surgery
- Surgery in connection with the treatment of malignant tumors or other destructive pathology which causes functional impairment, in order to achieve reasonable physical or bodily function

Benefit limits: None.

**Skilled nursing inpatient facility services**
Skilled nursing services are available if deemed medically necessary to children requiring around-the-clock skilled nursing services but not needing to be in a hospital.

Benefit limits: None

Inpatient Private Duty Nursing - Covered in full.

**Specialist physician services**
Office visits, diagnostic testing and treatment by specialists are covered when provided by a network provider

Benefit limits: None

**Transplant services**
Transplant services that are medically necessary and not considered experimental or investigative by Aetna Better Health Kids are covered for your child. Prior authorization is required.

Benefit limits: Covered services for patient selection criteria (testing required by the transplant facility to make sure your child is eligible for a transplant) are covered at only one designated transplant facility except when the services are rendered as part of a second opinion that has been prior authorized by Aetna Better Health Kids. This benefit does not provide coverage for services related to the donation of organs to non-members.

In order to provide your child with the best care possible, if your child is in need of an organ transplant, you should contact Member Services at 1-800-822-2447 and request a consultation with a case manager.
Urgent care services
As described in the urgent care section of this handbook (see section IX).
Benefit limits: None.

Urological supplies
Urological supplies required for medically necessary urinary catheterization are covered only if your child has permanent urinary incontinence or permanent urinary retention. Permanent urinary retention is defined as retention that is not expected to be medically or surgically corrected for your child within three months.

Benefit limits: None. Any DME request over $500 may require review by our Medical Director.

Women’s health services
There is no cost sharing for preventive services under the services of Family Planning, Women’s health, and Contraceptives.

Well Woman Preventive Care includes services and supplies as described under the Women’s Preventive Services provision of the Patient Protection and Affordable Care Act.

Your child’s PCP or a participating OB-GYN provider can provide gynecological and women’s health services. Your child doesn’t need a referral or prior authorization to receive an annual gynecological examination, family planning services or maternity services from an OB-GYN. Hospital and physician care services relating to antepartum, intrapartum, and postpartum care, including complications resulting from the member’s pregnancy or delivery, are covered.

Covered Services and Supplies include, but are not limited to, the following:
• Pelvic exam, clinical breast exam and routine pap smears in accordance with the recommendations of the American College of Obstetricians and Gynecologists.
• Family Planning Services (refer to benefit described previously for further details and limitations)
• Maternity Services (refer to benefit described previously for further details and limitations)
• Treatment of gynecological illness, including injury or complications that result from an elective abortion

Benefit limits: The annual gynecological examination and associated services are limited to one per benefit year. Except in cases of an emergency, abortion services may require prior authorization.

Abortions will only be covered if a physician has certified the abortion is medically necessary to save the life of the mother or if the abortion is performed to terminate a pregnancy resulting from an act of rape or incest. The incident of rape or incest must have been reported to law enforcement authorities or child protective services, unless the treating physician certifies that in his or her professional judgment, the member is physically or psychologically unable to comply with the reporting requirement.

Contraception
Food and Drug Administration-approved contraceptive methods, including contraceptive devices, injectable contraceptives, IUDs and implants; voluntary sterilization procedures, and patient education and counseling, not including abortifacient drugs, at no cost share to the Member. Contraception drugs and devices are covered under the Prescription Drug benefit issued with the plan.
**Mammograms**
Coverage will be provided for screening and diagnostic mammograms. Benefits for mammography are payable only if performed by a qualified mammography service Provider who is properly certified by the appropriate state or federal agency in accordance with the Mammography Quality Assurance Act of 1992. Copayments, if any, do not apply to this benefit.

**Breastfeeding**
Comprehensive support and counseling from trained Providers; access to breastfeeding supplies, coverage for an electric breast pump; and coverage for lactation support and counseling provided during postpartum hospitalization, Mother’s Option visits, and obstetrician or pediatrician visits for pregnant and nursing women at no cost share to the member. Coverage for rental of a hospital grade breast pump requires prior authorization.

**Osteoporosis Screening (Bone Mineral Density Testing or BMDT)**
Coverage is provided for Bone Mineral Density Testing using a U.S. Food and Drug Administration approved method. This test determines the amount of mineral in a specific area of the bone. It is used to measure bone strength which is the aggregate of bone density and bone quality. Bone quality refers to architecture, turnover and mineralization of bone. The BMDT must be prescribed by a Professional Provider legally authorized to prescribe such items under law.

**Approved clinical trials**
Appendix I on Page 61 lists more information on coverage for clinical trials or a generic drug is not available.

**XII. Pharmacy benefits**
We provide coverage for a broad range of prescription drugs. Our formulary explains which medications are covered. Typically, we won't pay for drugs not included in the formulary. Some important information to know about your pharmacy benefit includes:

- Some medications in the formulary may require prior authorization
- Some medications may only be covered if a member has met certain criteria. Examples include having the member or his or her healthcare provider submit documentation that the member has:
  - Certain medical conditions or diagnoses that indicate the medication is medically necessary
  - Drug allergies that limit the use of other medications a member might be treated with
  - Unsuccessful treatment of a condition or illness with a different medication without success.

The member must present their ID card at the time of service in order to access their pharmacy benefits.

Visit our website at [aetnabetterhealth.com/pennsylvania](http://aetnabetterhealth.com/pennsylvania) for more information on your pharmacy benefits or to find a pharmacy near you. You can also call Member Services at **1-800-822-2447** if you have questions about your pharmacy benefits or need help finding a participating pharmacy.

Select medications such as contraceptives, iron supplements, sodium fluoride, folic acid supplements, vitamins, aspirin, smoking deterrents, vitamin D supplements, tamoxifen, and raloxifene are considered preventive medications and are covered at no cost to you when filled at a participating pharmacy with a valid prescription. If you have questions about whether a preventive medication is covered, call Member Services at **1-800-822-2447**.
Are brand-name medications covered?
A generic drug will be substituted for a brand-name drug whenever a generic is available or a
generic drug is not available. The exception to this rule is when the physician indicates that the
brand-name version of the drug is medically necessary or the drug is available in a generic. If the
physician believes the brand-name version of the drug is medically necessary, he or she must
submit a special request to Aetna Better Health Kids, which we will review. This request must be
approved before we cover the brand-name version of the medication.

Are over-the-counter medications covered?
Select Over-the-Counter (OTC) products may be covered if mandated by the Patient Protection
and Affordable Care Act (PPACA). If the member has a prescription for the over-the-counter
medication, the medication is listed in the formulary, and the member has been diagnosed with
certain medical conditions, the medication may be covered. If you have questions about whether
an over-the-counter medication is covered, call Member Services at 1-800-822-2447.

If you believe you have a need for a drug that is not listed as covered by the health plan, you may
call Member Services at the telephone number on the back of your ID card to get information on
the process required to receive coverage of those drugs.

XIII. Mental health benefits
Some members diagnosed with severe mental health disorders or conditions that significantly
impact a child's behavioral health (i.e. schizophrenia, autism, etc.) may be eligible for a broader
range of services or different benefit limitations. Contact us at 1-800-822-2447 if you have
questions regarding your child's eligibility for certain mental health services or benefit limits.

Who can my child receive mental health services from?
Except in the case of an emergency, mental health services must be provided by participating
providers and facilities. The exception to this is if you get prior authorization for using a
non-participating provider or facility.

Does my child need a referral to visit a mental health specialist?
Your child doesn't need a referral to see a participating mental health provider. A member (14
years of age or older) or a parent or guardian may self-refer.

Call us at 1-800-822-2447 if you:
• Need self-referral help
• Require help finding a participating provider in your area
• Have trouble getting an appointment scheduled with a participating provider
• Have questions about behavioral health benefits

What if my child has a mental health emergency?
A mental health emergency is the sudden onset of a potentially life-threatening condition where
you believe that your child is at risk of injury to himself/ herself or others if immediate medical
attention is not given. If you think your child has a mental health emergency, go to the nearest
emergency room.

If you think your child is in a mental health situation that needs urgent help, call Member Services
at 1-800-822-2447. You'll be connected with an internal clinician or care manager who will help
assess the seriousness of the situation. If it's an emergency, the mental health professional will
assist you in getting the treatment your child needs as quickly as possible.
If the condition is not a life-threatening or one that requires immediate inpatient admission, we'll schedule your child for an urgent care appointment.

If your situation occurs after normal business hours or you think that your situation is a serious emergency, or life-threatening, call 911.

The initial treatment for a mental health emergency is covered even when provided by non-participating mental health providers or rendered at a non-participating facility if the symptoms are severe enough to need immediate attention.

Inpatient mental health services can only be provided by participating providers at participating facilities unless the admission occurred as a result of a psychiatric emergency. If your child is admitted to a non-participating facility, you must contact Aetna Better Health Kids within 24 hours to notify them of the admission. Once your child's condition is determined to be non-emergent, your child may be transferred to a participating facility. If you refuse to transfer your child to a participating facility after the psychiatric emergency has ended, the services your child receives at the non-participating facility may not be covered.

Inpatient benefits for medical and behavioral health hospitalizations, medically related inpatient rehabilitation and skilled nursing services are not limited.

**Do outpatient mental health services need to be prior authorized?**
Some mental health services may require prior authorization. Your child's mental health provider is responsible for getting necessary authorizations by calling Member Services at 1-800-822-2447.

**What outpatient mental health benefits are covered?**
There are no limits for mental health outpatient visits per benefit year. Covered services include:
- Psychological testing
- Visits with mental health providers
- Partial hospitalization
- Intensive outpatient therapy
- Medication management

**IX. Substance use disorder benefits**
CHIP covers inpatient detoxification, non-hospital residential treatment and outpatient treatment relating to drug and alcohol abuse for your child.

If you think your child has a drug or alcohol problem, don't delay getting them the help they need. The sooner a child begins treatment with a professional provider, the more likely they are to have a successful recovery.

Substance use disorder benefits do not cover tobacco abuse related services. However, Aetna Better Health Kids provides smoking cessation assistance to help your child stop using tobacco related products. Call Member Services at 1-800-822-2447 to obtain smoking cessation assistance for your child.

**Who can my child receive substance use disorder services from?**
Substance use disorder services must be provided by participating providers and facilities, unless we prior authorize the use of a non-participating provider or facility.
Does my child need a referral to visit a substance use disorder specialist?
Your child doesn't need a referral from a PCP to see a participating substance use disorder provider. A member (14 years of age or older) or a parent or guardian may self-refer.

Call us at 1-800-822-2447 if you:
• Need self-referral assistance
• Require help finding a participating provider in your area
• Have trouble getting an appointment scheduled with a participating provider
• Have questions about substance abuse benefits

For your convenience, you can find the Member Services number on your child's Aetna Better Health Kids ID card.

What if my child has a substance abuse emergency or crisis?
A substance use emergency is where your child is considered in imminent, potentially life-threatening physical danger with a need for immediate detoxification for drug withdrawal. Please go to the nearest emergency room.

What do I need to know about inpatient detoxification?
Detoxification is the process by which a drug- or alcohol-intoxicated or dependent member is assisted through the period of time needed to eliminate the presence of the intoxicating substance(s) or the dependency factor(s), while keeping the physiological or psychological risk to the member at a minimum. Inpatient detoxification is used when a member’s withdrawal signs and symptoms are sufficiently severe to require 24-hour inpatient care with medical monitoring by medical and nursing professionals.

Inpatient detoxification services may only be provided by participating providers at participating facilities unless the admission occurred as a result of an emergency. If your child is admitted to a non-participating facility, you must contact Member Services at 1-800-822-2447 within 24 hours to notify them of the admission. Once your child's condition is determined to be non-emergent, your child may be transferred to participating facility. If you refuse to transfer your child to a participating facility after the psychiatric emergency has ended, the services your child receives at the non-participating facility may not be covered.

What do I need to know about non-hospital residential treatment?
Non-hospital residential treatment refers to services administered at facilities where the member lives while participating in a comprehensive chemical dependency treatment program in a therapeutic environment that has met the minimum standards established by the Pennsylvania Department of Health. Members who don't require medical monitoring for withdrawal may receive detoxification related services at these facilities as well.

Admission to a non-hospital residential treatment facility for drug and alcohol rehabilitation treatment is never considered emergency treatment.

Non-hospital residential treatment services may only be rendered by participating providers at participating facilities unless Member Services at 1-800-822-2447 preauthorizes the use of a non-participating provider or facility before your child is admitted and begins receiving services. Non-hospital residential substance use services your child receives at a non-participating facility will not be covered by your child's insurance.
What outpatient substance use disorder benefits are covered?
Covered services include:
• Psychological and laboratory testing
• Visits with substance use disorder rehabilitation providers
• Partial hospitalization
• Intensive outpatient therapy
• Medication management

XV. Dental benefits
CHIP covers dental services necessary to prevent disease and promote oral health, restore oral structures to health and function and treat emergency conditions. There are no copayments for dental services. You don’t need to get a referral from your PCP to make an appointment. Making sure your child gets high-quality dental care couldn't be easier.

Tooth decay is the most common chronic childhood disease. Help prevent your child from suffering the effects of tooth decay by encouraging them to practice good oral hygiene daily. Also, take them to see the dentist for regularly scheduled checkups even if their teeth appear to be healthy.

Who can my child see for dental care?
You can make an appointment with any participating SKYGEN dentist. You can find a list of SKYGEN providers at aetnabetterhealth.com/pa or by calling SKYGEN's Member Services at 1-800-508-2072, TTY 1-800-466-7566. If you need help finding a dental provider or getting an appointment, call SKYGEN's Member Services at 1-800-508-2072 and someone will help you.

Can my child receive services from a non-participating dental provider?
Yes, but if you take your child to a non-participating dentist, you'll be responsible for paying the difference between the non-participating dentist's charge and the allowance for covered services.

How much does dental care cost?
Except in the case of an emergency, in order for CHIP to completely cover a dental benefit, dental care must be provided by a dentist who is a participating SKYGEN provider. Covered dental benefits provided by a participating provider and approved by SKYGEN will have no out of pocket costs. Some non-participating dental providers will expect payment in full for services at the time of the visit.

In this case, it'll be your responsibility to pay the bill. Just submit the bill to SKYGEN and request reimbursement. They'll send you a check for the allowed amount of the covered services your child received. This check may be less than the amount you paid the non-participating dentist.

In a case involving a covered service in which the dentist, the member, or the member's parent selects a more expensive course of treatment than is usually provided for the dental condition, payment under this benefit will be based on the charge allowance for the lesser procedure. In this case, the dentist may choose to balance bill you for the difference between the charge of the actual service rendered and the amount received from SKYGEN.

What dental services are not covered by CHIP?
CHIP doesn't cover dental services performed for cosmetic purposes rather than medical necessity. CHIP also doesn't cover more treatment due to noncompliance with prescribed dental care.
**What dental services are covered by CHIP?**

Routine prophylaxis (including cleaning, scaling and polishing of teeth) - once every 6 months, with the exception of a Member under the care of a medical professional for pregnancy, who shall be eligible for one additional prophylaxis during pregnancy. It’s completely free of cost when provided by a participating dentist.

Your child is eligible for a number of other dental benefits. All dental services related to the care, filling, removal or replacement of teeth, including but not limited to apicoectomy (dental root resection), orthodontics, soft tissue impactions, are covered services, (when medically necessary).

Some of the dental-related services your child may be eligible to receive are listed below. Some services require prior authorization and may only be available if they’re deemed medically necessary and age appropriate for your child.

- Sealants - until age 19
- Intraoral - periapical x-rays
- Full mouth x-rays
- Fixed Space maintainers
- Re-cementation of space maintainers
- Denture adjustments
- Fixed partial denture repairs
- Amalgam restorations
- Resin-based composite restorations
- Apicoectomy
- Periodontal surgery and tissue grafts
- Palliative Emergency treatment of dental pain
- Root canals (permanent teeth only)
- Soft Tissue Grafts
- Crown lengthening
- Crown Repairs
- Oral Surgery
- Prosthetics
- Dental surgery
- Occlusal Guards

If you have questions about your benefits, call SKYGEN’s Member Services at **1-800-508-2072**, TTY **1-800-466-7566**. They have detailed information about specific benefit limitations that may apply to non-routine services. You can also visit our website at [aetnabetterhealth.com/pennsylvania](http://aetnabetterhealth.com/pennsylvania).

Orthodontia (braces): Treatment is available if it is determined to be the only method capable of restoring your child’s oral structure to health and function, e.g. evidence of a severe handicapping malocclusion that interferes with your child's eating, breathing, or speaking. Orthodontia is not covered for cosmetic purposes. Services require prior authorization.
XVI. Vision / Eye care benefits

Untreated eye problems can result in learning and behavioral problems that negatively affect a child’s life. With proper attention to eye care, including regular check-ups, you can avoid many problems.

Who can my child see for vision care?
You can make an appointment with any participating Superior Vision optician, optometrist or ophthalmologist. You can find a list of vision providers on our website at aetnabetterhealth.com/pennsylvania. You can also call Superior Vision Member Services at 1-800-428-8789.

You don’t need to get a referral from your child’s PCP in order to make an eye appointment. Call Superior Vision Member Services at 1-800-428-8789 if you’re having trouble finding a participating vision provider or getting an appointment.

Can my child receive services from a non-participating vision provider?
Yes, but the non-participating provider may not consider the allowed amount for covered services as payment in full for the services rendered, or the equipment provided to your child. You’ll have to pay the difference between the non-participating provider’s charge and the allowance for covered services or equipment.

How much does vision care cost?
Aetna Better Health Kids participating providers will accept the allowance as payment in full for covered services. The participating provider will handle all of the paperwork for your child and payment will be made directly to them. When you use a participating provider, you won’t have any out of pocket costs or be responsible for any portion of the bill. If any vision service is provided under the medical benefit for a diagnosis of cataracts, keratoconus, or aphakia, a copayment may apply.

Some non-participating vision providers will expect payment for the services rendered in full at the time of the visit. In this case, it’ll be your responsibility to pay the bill. All you have to do is submit the bill to Aetna Better Health Kids and request reimbursement. We’ll send you a check for the allowed amount of the covered services your child received. This check may be less than the amount you paid the non-participating provider.

In a case involving a covered service in which the vision provider, the member, or the member’s parent selects a more expensive course of treatment or equipment than is usually provided, payment under this benefit will be based on the charge allowance for the lesser procedure or equipment. In this case, the vision provider may choose to balance bill you for the difference between the charge of the actual service rendered or equipment provided and the amount received from Aetna Better Health Kids.

What vision benefits are covered?
Aetna Better Health Kids covers emergency, preventive and routine vision care.
• Lenses
• Contact lenses are covered if medically necessary in lieu of a set of glasses
• Frames
Other vision services that are included, with no copayments, when medically necessary are:

- Coverage of glass or plastic lenses including: single, bifocal, trifocal, lenticular lens powers, fashion and gradient tinting, oversized glass-grey #3 prescription sunglass lenses, polycarbonate prescription lenses with scratch resistance coating and low vision items.
- Note: Polycarbonate lenses are covered in full for children, monocular patients and patients with prescriptions > +/- 6.00 diopters.
- Eye examination and refractive services - Includes up to one routine eye examination and refractive test per benefit year, unless a second eye examination and refractive test is medically necessary. This includes dilation if professionally indicated. No Cost to member in network. Out-of-network - no coverage.
- Lenses: In Network - One pair covered in full every calendar year. Out-of-Network\(^1\) - no coverage.
- Frames: In Network - No cost to member. Expenses in excess of $130 allowance payable by member. Additionally, a 20% discount applies to any amount over $130\(^2\). Out-of-Network - no coverage.
- Contact Lenses: One prescription every year - in lieu of eyeglasses, or when medically necessary for vision correction.
  - Expenses in excess of $600 for medically necessary contact lenses, with pre-approval. These conditions include:
    - Aphakia, pseudophakia or keratoconus, if the patient has had cataract surgery or implant, or corneal transplant surgery, or if visual activity is not correctable to 20/40 in the worse eye by use of spectacle lenses in a frame but can be improved to 20/40 in the worse eye by use of contact lenses.
  - Frequency of lens and frame replacement: One pair of eyeglasses every 12 months, when medically necessary for vision correction. One replacement of medically necessary broken, lost or scratched corrective lenses, frames and contact lenses (one original and one replacement, not to exceed two per benefit year).

There may be copayments for optional lens types and treatments:

- Ultraviolet Protective Coating........................................................................... No Copay
- Polycarbonate Lenses (if not child, monocular or prescription > +/-6.00 diopters)....$30
- Blended Segment Lenses .................................................................................. $20
- Intermediate Vision Lenses ............................................................................. $30
- Standard Progressives ..................................................................................... $50
- Premium Progressives (Varilux\(^\circledast\), etc.)..................................................... $90
- Photochromic Glass Lenses ............................................................................ $20
- Plastic Photosensitive Lenses (Transitions\(^\circledast\))............................................. $65
- Polarized Lenses............................................................................................. $75
- Standard Anti-Reflective (AR) Coating ............................................................. $35
- Premium AR Coating ..................................................................................... $48
- Ultra AR Coating ........................................................................................... $60
- Hi-Index Lenses ............................................................................................. $55

Contact Lenses: Expenses in excess of a $130 allowance (may be applied toward the cost of evaluation, materials, fitting and follow-up care). Additionally, a 15% discount applies to any amount over $130.

\(^1\) Out-of-network exclusion only applies if child is in their coverage area at time of eyeglass/contact replacement. If child is unexpectedly out of area, e.g. vacation, and they need replacement contacts or eyeglasses, their expenses can be sent to the plan for reimbursement.

\(^2\) Additional discounts may be available from participating providers.
Note: In some instances, participating providers charge separately for the evaluation, fitting, or follow-up care relating to contact lenses. Should this occur and the value of the Contact Lenses received is less than the allowance, you may submit a claim for the remaining balance (the combined reimbursement will not exceed the total allowance).

- **Low Vision:** One comprehensive low vision evaluation every 5 years, with a maximum charge of $300; maximum low vision aid allowance of $600 with a lifetime maximum of $1,200 for items such as high-power spectacles, magnifiers and telescopes; and follow-up care-four visits in any five-year period, with a maximum charge of $100 per visit. Providers will obtain the necessary pre-authorization for these services.

**What vision benefits are not covered?**
- Refractive surgery

**XVII. CHIP exclusions**

CHIP doesn’t cover all services, supplies or charges. Unless listed specifically in the summary of CHIP benefits or identified as an enhanced Aetna Better Health Kids benefit in this handbook, no benefits will be provided for the following services, supplies and charges, including, but not limited to:
- Alternative medicine: Including, but not limited to: acupuncture, acupressure, aromatherapy, aversion therapy, Ayurvedic medicine, bioenergetic therapy, carbon dioxide therapy, confrontation therapy, crystal healing therapy, cult deprogramming, dolphin therapy, electric aversion therapy for alcoholism, equestrian therapy, guided imagery, herbal medicine, homeopathy, narcotherapy, naturopathy, orthomolecular therapy, primal therapy, relaxation therapy, transcendental meditation, and yoga.
- Assisted fertilization
- Behavioral health services for the following reasons:
  - Any service related to disorders not defined as treatable mental disorders according to the Diagnostic and Statistical Manual of Mental Disorders (DSM)
  - Services not expected to result in demonstrable improvement in the member’s condition and/or level of functions, and chronic maintenance therapy, except in the case of serious mental illness/disorders
  - Inpatient or outpatient treatments related to mental retardation
  - Methadone maintenance for the treatment of chemical dependency
- Comfort & convenience items
- Corrective appliances: Primarily intended for athletic purposes or those related to a sports medicine treatment plan
- Cosmetic surgery or other procedures: Cosmetic surgery or other procedures to repair or reshape a body structure for the improvement of the person’s appearance or for psychological or emotional reasons, and from which no improvement in physiological function can be expected, except for surgery or services which are required by law or as specified in the covered benefits section above
- Court ordered: Court ordered services when not medically necessary for the member’s medical or behavioral health condition as determined by the member’s physician
- Custodial care
- Dental specific exclusions:
  - Bridges unless required as a result of an accident or an injury
  - Claims involving covered services in which the dentist and the member select a more expensive course of treatment than is usually provided by the dental profession and consistent with sound professional standards of dental practice for the dental condition concerned
  - Dentures and other prosthodontics, unless medically necessary as a result of surgery for trauma
or a disease process that renders the dental condition untreatable by a less intensive restorative procedure
– Duplicate and temporary devices, appliances and services
– Gold foil restorations and restorations or prosthodontics using high noble or noble metals unless the use of such materials is determined to be medically necessary
– Labial veneers
– Laminates done for cosmetic purposes
– Local anesthesia when billed for separately by a dentist
– Oral surgery that is covered under the medical portion of the benefits
– Plaque control programs, oral hygiene education and dietary instruction
– Retainer replacement
- Drugs:
  – Drug efficacy study implementation (DESI) drugs
  – Experimental drugs
  – Weight loss drugs
  – Infertility agents
  – Drugs used for cosmetic purposes
  – Drugs labeled for investigational use
  – Drugs used for hair growth
  – Impotency drugs
- Durable medical equipment: Medical equipment/ supplies that are:
  – Of an expendable nature
  – Dressings unless the level of care requires skilled nursing care in the home
  – Primarily used for non-medical purposes, e.g. air conditioners, humidifiers, or electric air cleaners
  – Basic comfort or convenience items or items primarily for the convenience of a person caring for a member
- Examinations: Physical examination or evaluation or any mental health or chemical dependency evaluation given primarily at the request of, for the protection or convenience of, or to meet a requirement of a third party, including, but not limited to, attorneys, employers, insurers, schools, camps, and driver’s license bureaus
- Forms: Charges for completion of any specialized report, form, insurance form or copying of medical records
- No coverage is provided for dietary services, homemaker services, maintenance therapy, custodial care and food or home-delivered meals.
- Immunizations and drugs: Immunizations and drugs used for prevention of disease when required solely for employment or traveling outside of the United States
- Long-term care
- Medically unnecessary services or supplies
- Mental retardation: Services for treatment of mental retardation except as otherwise provided herein
- Military service: Care for military service related disabilities and conditions for which the member is legally entitled to receive services under other coverage
- Motor vehicle accident/Workers’ compensation:
  – The cost of hospital, medical or other health services resulting from accidental bodily injuries arising out of a motor vehicle accident, to the extent such benefits are payable under any medical expense payment provision (by whatever terminology used - including such benefits mandated by law) of any automobile insurance policy unless otherwise prohibited by applicable law. Service for which coverage is required by federal, state, or local law to be purchased or provided through
other arrangements, including, but not limited to, coverage required by workers’ compensation, no-fault automobile insurance, or similar legislation.

• Non-covered services:
  – Any service, supply, or treatment not specifically listed as a covered benefit, service, supply, or treatment under CHIP unless it is a basic health service. Any covered services related to or necessitated by an excluded item or non-covered service unless such services are considered basic health services.
  – Charges for co-payments, which are the member’s responsibility
  – Charges for telephone conversations or failure to keep a scheduled appointment
  – Services or supplies which are not provided or arranged by a CHIP participating provider and authorized for payment in accordance with CHIP medical management policies and procedures
  • Services provided by a non-licensed provider or provider not recognized by CHIP
  • Services incurred after the date of termination of the member’s coverage except as required by CHIP
  • Services provided before the member’s effective date of coverage
  • Services rendered by a provider who is a member of the member’s immediate family or household
  • Services for which the member would have no legal obligation to pay
  • Services performed by a professional provider enrolled in an education or training program when such services are related to the education or training program
  • Services related to purposes of obtaining or maintaining a license, employment, insurance, or for purposes related to judicial or administrative proceedings such as adjudication of marital, child support, or custody cases
  • Services requiring a prior authorization by CHIP for which the member or the treating provider did not obtain prior authorization
  • Services that are submitted by two different professional providers who provided the same services on the same date for the same member
  • Services which are primarily educational in nature, vocational rehabilitation, and recreational and educational therapy, except as required by law and when determined to be medically necessary
  • Treatment of sexual dysfunction not directly related to organic disease or injury
  • Non-medical items
    – Nutritional supplements:
      – Any formula, when used for the convenience of the member or the member’s household
      – Blenderized food, baby food, thickeners or regular shelf food when used with an enteral system
      – Milk or soy-based infant formula with intact proteins
      – Normal food products used in dietary management of rare hereditary genetic metabolic disorders
    – Nutritional supplements or any other substance utilized for the sole purpose of weight loss or gain, or for caloric supplementation, limitation or maintenance
    – Regular food products or shelf products including oral nutritional supplements that are available over-the-counter
      – Food supplements, lactose-free foods, vitamins and/or minerals used to replace intolerable foods or certain infant formulas to supplement a deficient diet or to provide alternative nutrition
      – Vitamins and/or minerals taken orally unless covered by the pharmacy benefit
      – Enteral products and related supplies that are administered orally
– Oral surgery: Services relating to the treatment of temporomandibular joint syndrome or temporomandibular joint disorders, with the exception of surgery for temporomandibular joint disease as noted in the covered benefits section.
– Routine foot care: Routine foot care (such as nail trimming) is not covered. Other foot-related services, such as treatment of ingrown nails and services for the treatment of diabetes or medically necessary due to severe peripheral vascular disease are covered.

- Pregnancy termination services: Except those provided for under the Commonwealth of Pennsylvania laws.
- Public facility/government: Care for conditions that federal, state or local law requires to be treated in a public facility or services furnished by any level of government, unless coverage is legally required.
- Rehabilitative therapy for psychoneurotic or personality disorders.
- Reversal of voluntary sterilization procedures.
- Services provided without the required prior authorization.
- Surrogate motherhood: All services and supplies associated with surrogate motherhood, including, but not limited to, all services and supplies relating to the conception and prenatal through postnatal care of a member acting as a surrogate mother.
- Transplants/organ donation.
- Experimental or investigative transplants.
- Services required by a member related to organ donation when the member serves as the organ donor unless the recipient is covered by CHIP.
- Services required by a donor when benefits are available to the donor from any other source. This includes, but is not limited to, other insurance coverage or any government program. Benefits not available from another source, and provided to the donor, will be charged against the member’s coverage.
- No payment will be made for human organs that are sold rather than donated.
- Transportation for routine or non-emergent purposes.
- Vision specific exclusions:
  – Coverage for medical or surgical treatment, drugs or medications, non-prescription lenses, examinations, training procedures, or materials not listed as a CHIP benefit.
  – Procedures that are special or unusual, such as, but not limited to: orthoptics, vision training, subnormal vision aids, and tonography.
  – Replacement of lost, stolen, broken or damaged lenses, contact lenses or frames, except at intervals specified in the CHIP Summary of Benefits.
  – Services or materials provided by federal, state, or local government or workers’ compensation.
  – Surgery to correct myopia, hyperopia, astigmatism and radial keratotomy.
- Weight reduction: Bariatric surgery, anti-obesity medication, including, but not limited to, appetite suppressants and lipase inhibitors.

**XVIII. Case management**

Some members have special health care needs and medical conditions. Aetna Better Health Kids Case Management includes nurses and social workers who work with many health care providers, agencies and organizations to get the services and the care that you need.

Our Case Management team can help you learn more about your condition. They can help you and your provider make a care plan that is right for you. They can also connect you to support services for tobacco cessation and weight management issues related to obesity.
We want to help! Call Member Services and ask to speak to someone on our Case Management team.

Your membership in the Case Management program is voluntary. You can opt in or opt out at any time. Just call us at 1-800-822-2447.

**XIX. Disease management**

Disease management programs provide specific information to members with certain health conditions. They provide specialized support and education to members diagnosed with certain conditions that require specific self-care efforts. Disease management helps improve a member’s quality of life by preventing or minimizing the effects of a disease or condition. It also helps to reduce health care costs. Disease management programs are at no cost to CHIP members who are eligible. You can opt in or opt out of any of our Disease Management programs at any time.

**What disease management programs are available?**

CHIP members are eligible to participate in any of the following disease management programs:

- Asthma
- Diabetes

Call Member Services at 1-800-822-2447 to find out more about the disease management programs available to your child.

**How can I enroll my child in a disease management program?**

We may automatically enroll your child in a disease management program if your child has certain diagnoses. Your child's PCP can also enroll your child in one of Aetna Better Health Kids' disease management programs.

If your child isn't currently enrolled in a program and you think that he or she would benefit from disease management services, call Member Services at 1-800-822-2447.

Your membership in any Disease Management Program is voluntary. If at any time you wish to stop participating in the program, just call us at 1-800-822-2447.

**XX. Utilization management**

Utilization management is a process that we use to manage the use of medical services. This process allows us to ensure that your child receives necessary, appropriate and high quality care in a cost-effective manner.

You can get more information about the utilization process by calling us at 1-800-822-2447. You can also call us to discuss the decision and see the criteria used to make that decision. Aetna Better Health Kids bases its utilization management decisions on the appropriateness of care and services and existence of coverage.

We don't reward practitioners or other individuals for issuing denials of coverage. We also don't offer financial incentives to people who make utilization or care decisions that could result in underutilization.
Also, we don’t use incentives to encourage barriers to care and service. Aetna Better Health Kids prohibits from making decisions regarding hiring, promoting or terminating its practitioners or other individuals based upon the likelihood or perceived likelihood that the individual will support or tend to support the denial of benefits.

As policies are revised and as changes occur, we will notify you via mailings, newsletters, etc.; or you can stay up to date by visiting our website at aetnabetterhealth.com/pennsylvania for more information on policies and procedures.

XXI. Evaluation of new treatments and technology

Member access to safe and effective care is important to us. We routinely evaluate new health care services, procedures, devices and drug treatments to determine if they should be included as a CHIP benefit for our members. To be considered for coverage, the new treatment or technology must:

• Have final approval from the appropriate government regulatory bodies such as the Food and Drug Administration (FDA)
• Be supported by published scientific evidence that the treatment or technology has therapeutic value
• Have helpful effects on health outcomes or health risks
• Provide a benefit that is the same as or greater than any current alternative

We’re committed to evaluating all new treatments and technologies that are requested by your child’s doctor for your child’s care. Our medical directors consider new medical and scientific information as well as any applicable government requirements when reviewing these requests. Both you and your child’s doctor will be notified of Aetna Better Health Kids’ decision.

XXII. Quality improvement program

We have a program in place to monitor and improve the care your child receives as a CHIP member. This includes care your child receives from participating providers as well as services and other programs made available to you and your child.

We work with participating providers to follow the guidelines, standards and regulations of regulatory agencies and accrediting bodies including the Pennsylvania Departments of Health, Insurance, and Human Services; the federal Centers for Medicare and Medicaid Services; and the National Committee for Quality Assurance.

Some of the areas we monitor as part of our quality improvement program include:

• Credentialing and re-credentialing of doctors and other providers
• Preventive health care and opportunities to improve member wellness
• Access to and satisfaction with care
• Utilization management

If you want more information about the Aetna Better Health Kids quality improvement program, you can call Member Services at 1-800-822-2447. We can send you a description of the program and an update on how we’re doing in meeting any established goals.

You may also visit www.chipcoverspakids.com to view CHIP annual performance reports.
XXIII. Privacy and confidentiality

You’ll get a copy of the Aetna Better Health Kids Privacy Notice in your welcome packet. The notice is also posted on the Aetna Better Health Kids website. It tells you how we may use your information for health plan activities. It also explains how you can look at your records, get a copy of them or change them. Your health information will be kept private and confidential. It will be given out only if the law allows or if you tell us to give it out.

XXIV. Fraud and abuse

We have a hotline number that may be used to report a medical provider, facility or business for suspected fraud or abuse. The hotline number is 1-800-333-0119. Some common examples of fraud and abuse are:

• Billing or charging you for services that were not provided to your child
• Offering you gifts or money to receive treatment or services
• Offering you free services, equipment or supplies in exchange for your ID card number
• Providing services that your child doesn’t really need
• Physical, mental or sexual abuse by medical staff

XXV. Complaints and grievances

Your comments are important to us. We continually work to improve the quality of the care and service that your child receives. If at any point you’re not satisfied with responses from Aetna Better Health Kids or the services that your child received, you may ask to file a complaint or grievance. Your child's CHIP coverage will not be canceled because you filed a complaint or grievance.

Each process has two levels of internal review and the opportunity to appeal the decision to state agencies through an external review process. There is also an “expedited” or faster grievance review for situations where a decision needs to be made quickly due to your child's medical condition.

At any time during the complaint or grievance process, you have the right to choose someone to help you by acting on your behalf. This person is called your “member representative.” If you want to appoint someone to be your member representative, you must notify us in writing. You’ll be sent a form to complete and return to us so that we can formalize your request. You can request that someone stop being your member representative, or change your member representative in a complaint or grievance at any time, by notifying Aetna Better Health Kids in writing.

If your problem relates to a grievance, your child’s health care provider can, with your written consent, file the grievance for you. At any time during the complaint or grievance process, you have a right to request an Aetna Better Health Kids employee be appointed to help you, or your member representative, in preparing the complaint or grievance. This will not cost you anything. The employee that will be appointed will not have been involved in any decisions, which are the subject of your complaint or grievance, and they will be committed to act fairly on your behalf.

When you file your complaint or grievance, you have the right to send Aetna Better Health Kids any written comments, records, documents, or other information you have regarding your complaint or grievance. Aetna Better Health Kids is committed to fully and fairly consider any material they receive from you.
If, at any time during the complaint or grievance process, you believe that Aetna Better Health Kids has misclassified a complaint or grievance, you may contact the Pennsylvania Department of Health for their opinion as to whether your issue is a complaint or grievance. Aetna Better Health Kids will follow their decision and use whichever process the Department of Health indicates is most appropriate.

If, at any time, you feel that Aetna Better Health Kids is using administrative requirements, time frames, or other tactics to directly or indirectly discourage you or your member representative from using the complaint or grievance process, you may contact the Pennsylvania Department of Health to investigate your concerns. The investigation of such allegations will not delay the processing of your complaint or grievance.

The contact information for these departments is as follows:
Bureau of Managed Care Pennsylvania
Department of Health/Health & Welfare Building,
Room 912
625 Forster Street
Harrisburg, PA 17120
Telephone Number: 717-787-5193 or 1-888-466-2787
AT&T Relay Service: 1-800-654-5984
(TT) Fax Number: 717-705-0947

You can contact Member Services at the following toll-free telephone number for more information regarding the filing and status of a complaint or grievance: 1-800-822-2447.

Call 1-800-628-3323 if you're hearing impaired, and are calling from a TTY phone.

**What is a complaint?**
A complaint is when you're unhappy with the care or services provided to your child by a participating provider, benefit issues including exclusions, limitations, and non-covered benefits, or the operations and management policies of Aetna Better Health Kids. A complaint does not include decisions based on medical necessity or the appropriateness of a health care service for your child. Member Services can help you decide if your problem is a complaint or a grievance if you're unsure.

**What do I need to know about filing a first level complaint?**
You or your member representative can file a first level complaint by calling Member Services at 1-800-822-2447 or 1-800-628-3323 if you’re hearing impaired and are calling from a TTY phone, or by sending a letter to:

Aetna Better Health Kids (CHIP)
ATTN: Complaints and Grievances Department
2000 Market Street, Suite 850
Philadelphia, PA 19103

You or your member representative must file your complaint within 45 days of the event or from the date of your receipt of notice of Aetna Better Health Kids’ decision. Aetna Better Health Kids will provide written notice to you or your member representative confirming the receipt of your complaint.
A first level complaint initial review committee will review and investigate your complaint. No one who was involved in making the decision related to the issue will be involved.

- You and your member representative are entitled to access all information relating to the matter being complained of. Aetna Better Health Kids may charge a reasonable fee for reproduction of documents.
- You and your member representative have a right to provide written data or other material in support of your complaint.
- Aetna Better Health Kids will complete its review and investigation of the complaint and will arrive at its decision within 30 days of receipt of the complaint.
- Aetna Better Health Kids will notify you or your member representative in writing of the decision of the initial review committee within 5 business days of the committee's decision. The letter will include what decision was made and why, and how to request a second level review if you’re dissatisfied with the decision rendered.

**What do I need to know about filing a second level complaint?**

To file a second level complaint, your complaint must have gone through the first level complaint process first.

You or your member representative can file a second level complaint by calling Member Services at **1-800-822-2447** or if you’re hearing impaired and are calling from a TTY phone, call or **1-800-628-3323**.

You can also send a letter to:
Aetna Better Health Kids (CHIP)
ATTN: Complaints and Grievances Department
2000 Market Street, Suite 850
Philadelphia, PA 19103

You or your member representative must file your second level complaint within 45 days from the date of your receipt of notice of the Aetna Better Health Kids’ first level complaint decision.

You and your member representative have the right to appear before the second level review committee. The date and time of the review will be provided to you and your representative in writing at least 7 days in advance of the scheduled date. Efforts will be made to be reasonably flexible in terms of time and travel distance in order to allow you to attend. If you cannot attend in person, you have the right to request that you be allowed to participate by conference call, telephone, or other appropriate means.

- Aetna Better Health Kids will complete the second level review and arrive at a decision within 45 days of their receipt of the request for a second level review.
- Aetna Better Health Kids will notify you, or your member representative, of the decision of the second level review committee in writing within 5 business days after the committee’s decision. The letter will tell you what decision was made and why, and how to file an appeal with the Department of Health or the Insurance Department if you’re dissatisfied with the decision rendered.

**What do I need to know about filing a complaint with the Department of Health?**

To file a complaint with the Department of Health, your complaint must have gone through both the Aetna Better Health Kids first and second level complaint processes first.
You or your representative can file a complaint by sending a letter to one of the addresses below. If you wish, you can request to file the complaint in an alternative format. Staff will be made available to transcribe an oral complaint.

Bureau of Managed Care Pennsylvania Department of Health
Health & Welfare Building, Room 912
625 Forster Street
Harrisburg, PA 17120
Telephone Number: **717-787-5193** or **1-888-466-2787**
AT&T Relay Service: **1-800-654-5984**
(TT) Fax Number: **717-705-0947**

Your complaint must include the following information:
- Your name, address, and telephone number
- Aetna Better Health Kids’ name and your child’s name and member ID number
- A brief description of the issue
- A copy of the second level denial letter

If you do not want to be present, you have the right to request a copy of their report. Aetna Better Health Kids will provide the physician’s or psychologist’s report to you at least 7 days prior to the review date.

**What is a grievance?**
A grievance is different from a complaint. A grievance is filed when you disagree with a decision that concerns the medical necessity and appropriateness of a health care service.

You, your member representative, or a health care provider involved in your child’s care can file the grievance. If your child’s health care provider chooses not to pursue a grievance they have been assisting you with, they have 10 days from the receipt of any denials or decision letters to notify you, or your representative, of their decision.

First and second level grievances are always reviewed by a licensed physician or licensed psychologist that practices in the same or a similar specialty as the area of medicine that your grievance pertains to. You will be notified if the physician or psychologist will not be present or included by telephone or videoconference at the actual review.

**What do I need to know about filing a first level grievance?**
You, or your member representative, must file your grievance within **45 days** from the date of your receipt of notice of the Aetna Better Health Kids’ decision.

You, or your member representative, may provide additional information for review and consideration relating to your case. Aetna Better Health Kids You can file a first level grievance by sending a letter to:

Aetna Better Health Kids (CHIP)
ATTN: Complaints and Grievances Department
2000 Market Street, Suite 850
Philadelphia, PA 19103
A grievance should be filed in written form unless you’re unable to do so because of a disability or language barrier. If this is the case, you can request that a staff member record your verbal grievance by calling Member Services at 1-800-822-2447 or 1-800-628-3323 if you’re hearing impaired and are calling from a TTY phone. You, your member representative, or your child’s health care provider must file your grievance within 45 days of the date of your receipt of notice of the Aetna Better Health Kids’ decision.

Aetna Better Health Kids will provide written notice to you, your member representative, or your child’s health care provider, confirming the receipt of your grievance.

A first level grievance review committee will review and investigate your grievance. No one who was involved in making the decision related to the issue will be involved.

You, your member representative, and your child’s health care provider, if they were involved with filing the grievance, are entitled to access all information relating to the matter being grieved.

You, your member representative, and your child’s health care provider have a right to provide written data or other material in support of your grievance.

Aetna Better Health Kids will complete its review and investigation of the grievance and will arrive at its decision within 30 days of receipt of the grievance.

Aetna Better Health Kids will notify you, your member representative, or your child’s health care provider in writing of the decision of the review committee within 5 business days of the committee’s decision. The letter will include what decision was made and why, and how to request a second level review if you’re dissatisfied with the decision rendered.

**What do I need to know about filing a second level grievance?**

To file a second level grievance, your grievance must have gone through the first level grievance process first. You can file a second level grievance by sending a letter to:

Aetna Better Health Kids (CHIP)  
ATTN: Complaints and Grievances Department  
2000 Market Street, Suite 850  
Philadelphia, PA 19103

A request for a second level grievance should be filed in written form unless you’re unable to do so because of a disability or language barrier. If this is the case, you can request that a staff member record your verbal request for a second level grievance to be filed by calling Member Services at 1-800-822-2447 or 1-800-628-3323 if you’re hearing impaired and are calling from a TTY phone. You, your member representative, or your child’s health care provider must file your grievance within 45 days of the date of your receipt of notice of the Aetna Better Health Kids’ decision.

You, your member representative, and your child’s health care provider, if they were involved with filing the grievance, have the right to appear before the second level review committee. The date and time of the review will be provided to you, your member representative, or your child’s health care provider in writing at least 7 days in advance of the scheduled date. Efforts will be made to be reasonably flexible in terms of time and travel distance in order to facilitate your attendance. If you cannot attend in person, you have the right to request that you be allowed to participate by conference call, telephone, or other appropriate means.
Aetna Better Health Kids will complete the second level review and arrive at a decision within 45 days of the receipt of the request for a second level review.

Aetna Better Health Kids will notify you, your member representative, or your child's health care provider of the decision of the second level review committee in writing within 5 business days after the committee's decision. The letter will include what decision was made and why, and how to file an external grievance with the Department of Health if you're dissatisfied with the decision rendered.

What do I need to know about filing an external grievance with the Department of Health?

To file a request for an external grievance, your grievance must have gone through both the Aetna Better Health Kids first and second level grievance processes first. You can file an external grievance by sending a letter to:
Aetna Better Health Kids (CHIP)
ATTN: Complaints and Grievances Department
2000 Market Street, Suite 850
Philadelphia, PA 19103

A request for an external grievance should be filed in written form unless you’re unable to do so because of a disability or language barrier.

If this is the case, you can request that a staff member record your verbal request for an external grievance to be filed by calling Member Services at 1-800-822-2447 or 1-800-628-3323 if you're hearing impaired and are calling from a TTY phone. Your request for an external grievance must include the following information:
• Your name, address, and telephone number.
• Aetna Better Health Kids' name and your child's name and member ID number.
• A brief description of the issue being grieved.
• A copy of the second level denial letter.

You, your member representative, or your child's health care provider must file your external grievance within 15 days from the date of your receipt of notice of the Aetna Better Health Kids' second level grievance decision.

Within 5 business days of receiving your request for an external grievance review, Aetna Better Health Kids will notify the Department of Health of your request for an external grievance and request that a Certified Utilization Review Entity (CRE) be assigned to conduct a review.

Within 2 business days of receiving a request for an external grievance review, the Department of Health will assign a CRE to review your grievance. You, your member representative, or your child's health care provider will be notified of the CRE that has been assigned to review your grievance. You have the right to request information about your assigned CRE's accreditation from the Department of Health. If the Department of Health fails to select a CRE within 2 business days of receipt of a request for an external grievance review, Aetna Better Health Kids may designate a CRE to conduct the review from a list of CREs already approved by the Department of Health.

You have 7 days from the date on the notice of the assignment of the CRE to object either orally or in writing to the Department of Health about the CRE assigned if you feel there is a conflict of interest between the CRE and Aetna Better Health Kids. A conflict of interest exists if the CRE has or is entering into a contract with Aetna Better Health Kids.
Within 15 days of receipt of the request for an external grievance review, Aetna Better Health Kids shall forward the grievance file and all material considered as part of the first two reviews. Within this same 15 day period, you, your member representative, or your child’s health care provider will be provided with the list of documents being forwarded to the CRE for external grievance review.

You, your member representative, or your child’s health care provider will have 15 days from receipt of notice that the request for an external review was officially filed, may supply additional information to the CRE for consideration in the external review. You, your member representative, or your child’s health care provider will have to also provide copies of this same information to Aetna Better Health Kids at this time.

The assigned CRE will review and issue a written decision to you, your member representative, or your child's health care provider within 60 days of the filing of the request for an external grievance review. If the CRE initially assigned was objected to, the 60 days will begin from when the reviewing CRE body was agreed upon. The letter will include what decision was made and why, and inform you that you, your member representative, or your child's health care provider have 60 days from the receipt of the decision to appeal to a court of competent jurisdiction if you are dissatisfied with the decision rendered.

**What is an expedited grievance review?**
An expedited review is a procedure that is available to you if your child's life, health, or ability to regain maximum function, would be placed in jeopardy by any delay that might be caused by following the normal review process. You, your member representative, or your child's health care provider can request an expedited grievance review at any stage in the grievance review process if you feel your child's situation meets the criteria necessary for an expedited grievance review.

**What do I need to know about requesting an internal expedited grievance review?**
A request for an internal expedited grievance review can be filed by calling Member Services at 1-800-822-2447 or 1-800-628-3323 if you’re hearing impaired and are calling from a TTY phone.

You can also file a request for an internal expedited grievance review by sending a letter to:

Aetna Better Health Kids (CHIP)
ATTN: Complaints and Grievances Department
2000 Market Street, Suite 850
Philadelphia, PA 19103

In order to obtain an internal expedited grievance review, you will need to provide Aetna Better Health Kids with a certification, in writing, from your child’s physician that your child’s life, health, or ability to regain maximum function would be placed in jeopardy by any delay that might be caused by following the normal review process. The certification needs to include the clinical reasoning and facts to support the physician's opinion. The certification can be mailed to:

Aetna Better Health Kids (CHIP)
ATTN: Complaints and Grievances Department
2000 Market Street, Suite 850
Philadelphia, PA 19103

You, your member representative, and your child’s health care provider, have the right to appear before the internal expedited grievance review committee.
Aetna Better Health Kids will attempt to provide the physician’s or psychologist’s reports relating to your grievance prior to the hearing if possible. If they cannot, the reports will be read into the record at the hearing and you will be provided with a copy of them at that time.

The hearing will take place within 48 hours of their receipt of the request for an internal expedited grievance review accompanied by a physician’s certification. Efforts will be made to be reasonably flexible in terms of time and travel distance in order to facilitate your attendance. If you cannot attend in person, Aetna Better Health Kids will hold the hearing telephonically and ensure that all information presented at the hearing is read into the record.

Aetna Better Health Kids will complete the internal expedited grievance review and arrive at a decision within 48 hours of their receipt of the request for an internal expedited grievance review accompanied by a physician’s certification.

Aetna Better Health Kids will notify you, your member representative, or your child’s health care provider of the decision of the internal expedited grievance review committee. The notification will include what decision was made and why, and the procedure for obtaining an external expedited grievance review if you are dissatisfied with the decision rendered.

**What do I need to know about requesting an external expedited grievance review?**

You, your member representative, or your child’s health care provider will have 2 business days from the receipt of the internal expedited grievance review decision to contact Aetna Better Health Kids to request an external expedited grievance review.

Within 24 hours of the receipt of your request for an external expedited grievance review, Aetna Better Health Kids will submit a request for an external expedited grievance review to the Department of Health.

The Department of Health will assign a CRE within 1 business day of receiving the request for the external expedited grievance review. Aetna Better Health Kids will transfer a copy of the case file to the assigned CRE on the next business day.

The CRE will have 2 business days to issue a decision to you, your member representative, or your child’s health care provider. The notification will include what decision was made and why, and inform you that you, your member representative, or your child’s health care provider have 60 days from the receipt of the decision to appeal to a court of competent jurisdiction if you are dissatisfied with the decision rendered.

**XXVI. Helpful definitions**

**Authorization**: An approval for a service.

**Benefit year**: The specified period of time during which charges for covered services must be incurred in order to be eligible for payment by Aetna Better Health Kids. A charge is considered incurred on the date the service or supply was provided to the member. Benefit limits may be calculated based on either a benefit year or a policy year, that is, the one year period that begins with your child’s enrollment in CHIP.

**Benefits**: Services, procedures, and medications Aetna Better Health Kids will cover.

**Calendar year**: A one year period that begins on January 1 and ends on December 31.

57
**Case management**: One-on-one help made available by Aetna Better Health Kids to provide education and coordination of benefits tailored to your child’s individual needs.

**Concurrent care**: Services rendered in an inpatient setting by a provider who is not in charge of the case but whose particular skills are required for the treatment of complicated conditions.

**Cosmetic procedure**: A medical or surgical procedure which is performed to improve the appearance of any portion of the body and from which no improvement in physiologic function may be expected.

**Covered service**: A service or supply specified in this handbook for which benefits will be provided.

**Custodial care**: Services to assist an individual in the activities of daily living such as walking, bathing, dressing, and feeding. It typically involves personal care that does not require the continuing attention of skilled, trained medical personnel.

**Disenrollment**: To stop your membership in Aetna Better Health Kids CHIP.

**Drug formulary**: A listing of preferred prescription drugs and supplies covered by Aetna Better Health Kids. The Aetna Better Health Kids drug formulary is available upon request.

**Effective date**: The date a member’s coverage begins as shown on the records of Aetna Better Health Kids.

**Fraud**: A dishonest, i.e., knowingly or intentionally false, misleading, or incomplete, statement or act.

**Home infusion therapy**: The administration of parenteral, enteral, and intravenous solutions, which are provided in the home setting.

**Informed consent**: Consent you give to allow medical treatment, made with complete knowledge of all relevant facts including any risks involved and any available alternatives.

**Limitations**: The maximum frequency, age restrictions or monetary caps associated with a covered service.

**Medical necessity**: A service or benefit is Medically Necessary if it is compensable under the CHIP Program and if it meets any one of the following standards:

- The service or benefit will, or is reasonably expected to, prevent the onset of an illness, condition or disability.
- The service or benefit will, or is reasonably expected to, reduce or improve the physical, mental or developmental effects of an illness, condition, injury or disability.
- The service or benefit will assist the member to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the member and those functional capacities that are appropriate for members of the same age.

**Member**: A child who meets eligibility requirements for CHIP and is enrolled in Aetna Better Health Kids.

**Non-participating provider**: A provider of covered services who has not entered into a contractual agreement with Aetna Better Health Kids. Except in the case of an emergency, prior authorization from Aetna Better Health Kids may be required before a member receives covered services from a non-participating provider regardless of the type of service rendered.
**Palliative care**: Any form of medical care or treatment that concentrates on reducing the severity of disease symptoms, rather than striving to halt, delay, or reverse progression of the disease itself or provide a cure. The goal is to prevent and relieve pain and suffering.

**Partial hospitalization**: The provision of medical, nursing, counseling, or therapeutic services on a planned and regularly scheduled basis in a hospital or non-hospital facility licensed as a mental health or alcohol and/or drug abuse treatment program by the Pennsylvania Department of Health, designed for a member who would benefit from more intensive services than are offered in outpatient treatment but does not require inpatient care.

**Participating provider**: A provider of covered services who has entered into a contractual agreement with Aetna Better Health Kids in order to provide care or supplies to members.

**PCP**: Primary Care Physician.

**Plan**: Aetna Better Health Kids.

**Primary care physician**: A physician who supervises, coordinates, and provides initial care and basic medical services as a general or family care practitioner, or in some cases, as an internist or a pediatrician to a member. Under certain circumstances, a specialist may act as member's PCP if the member child has significant special needs or certain diagnoses.

**Provider**: A medical professional such as a doctor, nurse, counselor, or physical therapist.

**Provider directory**: A list of providers who participate with Aetna Better Health Kids to help take care of members' healthcare needs.

**Prior authorization**: The process by which services are approved by Aetna Better Health Kids prior to the member receiving a covered service or treatment by certain specialists or non-participating providers.

If prior authorization is required, typically, except in the case of a medical or dental emergency, claims for these services will not be paid for unless the prior authorization is obtained before the date of service.

**Reconstructive procedure/surgery**: Procedures, including surgical procedures performed on a structure of the body to restore or establish satisfactory bodily function or correct a functionally significant deformity resulting from disease, trauma, or a previous therapeutic process.

**Referral**: A special form of prior authorization used to allow the member to seek services from a specialist. Aetna Better Health Kids does not require referrals to see any specialists who participate in the network. We encourage you to always coordinate care with your PCP.

**Respite care**: Palliative care given in a setting outside the member’s home in order to provide a brief interval of relief for the member's primary care giver, which is usually a family member.

**Self-referred services**: Services not provided by a member's PCP, but that do not require prior authorization or a referral in order to receive them.

**Specialist**: A doctor or other health care provider that has specific, detailed training in a specialized medical field.

**Service area**: The geographic region that a member must live in.
**Substance use disorder**: Any use of alcohol or other drugs which produces a pattern of pathological use causing impairment in social or occupational functioning or which produces physiological dependency as evidenced by physical tolerance or withdrawal.

**Surgery**: The performance of generally accepted operative and cutting procedures including specialized instrumentations, endoscopic examinations, and other procedures.

**Terminally ill**: An incurable and irreversible medical condition in an advanced state that will, in the opinion of a physician, ultimately result in a member’s death regardless of any medical treatments provided.

**Treatment**: The care a member receives from providers.
Appendix I

Clinical Trials Citation

A phase I, II, III, or IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other Life-Threatening Disease or Condition and is described in any of the following:

A. Federally funded trials: the study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
   1. The National Institutes of Health (NIH);
   2. The Centers for Disease Control and Prevention (CDC);
   3. The Agency for Healthcare Research and Quality (AHRQ);
   4. The Centers for Medicare and Medicaid Services (CMS);
   5. Cooperative group or center of any of the entities described in 1-4 above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA);
   6. Any of the following, if the Conditions for Departments are met:
      a. The Department of Veterans Affairs (VA);
      b. The Department of Defense (DOD); or
      c. The Department of Energy (DOE), if for a study or investigation conducted by a Department, are that the study or investigation has been reviewed and approved through a system of peer review that the Secretary determines to be (A) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and (B) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

B. The study or investigation is conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or

C. The study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The citation for reference is 42 U.S.C. 300gg-8. The statute requires the issuer to provide coverage for routine patient care costs for qualified individuals participating in approved clinical trials and issuer “may not deny the individual participation in the clinical trial.”

In the absence of meeting the criteria listed above, the clinical trial must be approved by the HMO/PPO as a Qualifying Clinical Trial.

Routine Patient Costs Associated With Qualifying Clinical Trials

Benefits are provided for routine patient costs associated with participation in a qualifying Clinical Trial. To ensure coverage and appropriate claims processing, Aetna Better Health must be notified in advance of the Member’s participation in a Qualifying Clinical Trial.

Benefits are payable if the Qualifying Clinical Trial is conducted by a Participating Professional Provider, and conducted in a Participating Facility Provider facility. If there is no comparable Qualifying Clinical Trial being performed by a Participating Professional Provider, and in a Participating Facility Provider facility, then Aetna Better Health will consider the services by a Non-Participating Provider, participating in the clinical trial, as covered, if the clinical trial is deemed a Qualifying Clinical Trial by Aetna Better Health.

Routine patient costs include all items and services consistent with the coverage provided under this Plan that is typically covered for a Qualified Individual who is not enrolled in a clinical trial.
**Nondiscrimination Notice**

Aetna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, creed, religious affiliation, ancestry, sex gender, gender identity or expression, or sexual orientation.

Aetna does not exclude people or treat them differently because of race, color, national origin, age, disability, creed, religious affiliation, ancestry, sex gender, gender identity or expression, or sexual orientation.

Aetna provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, other formats)

Aetna provides free language services to people whose primary language is not English, such as:

- Qualified interpreters
- Information written in other languages

If you need these services, contact Aetna at **1-800-385-4104**.

If you believe that Aetna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, creed, religious affiliation, ancestry, sex gender, gender identity or expression, or sexual orientation, you can file a complaint with:
