Code Load – Claim Denials of Explanation Code ‘cL’

IlliniCare Health’s configuration team experienced a delay in the code loads for the new codes the Department of Health and Family Services (HFS) released in March 2018. The code load was completed mid-May and projects are now underway to reprocess claims denied EXcL that are now on the HFS Practitioner Fee schedule effective January 1, 2018. The project will encompass the codes listed below and will retro back to January 1, 2018.
